SUBJECT: New York FIDA-IDD-Specific Quality Withhold Technical Notes for
Demonstration Years 2 through 8

The purpose of this memorandum is to announce the release of the Demonstration Years (DY) 2 through 8 state-specific quality withhold technical notes for the New York Fully Integrated Duals Advantage for Individuals with Intellectual and Developmental Disabilities (FIDA-IDD) Demonstration, a capitated model demonstration under the Medicare-Medicaid Financial Alignment Initiative. The document provides additional details and benchmarks for the state-specific quality withhold measures that the New York FIDA-IDD Plan is responsible for under the demonstration. These state-specific measures directly supplement the [Medicare-Medicaid Capitated Financial Alignment Model CMS Core Quality Withhold Technical Notes for DY 2 through 12](#).

CMS and the state revised the New York FIDA-IDD quality withhold technical notes to cover the additional demonstration year. CMS and the state also revised the descriptive information to align with measure steward updates for measure IDW5 – Glycemic Status Assessment for Patients with Diabetes. In addition to these changes, the document was also revised to replace NQF measure ID numbers with CMS Measure Inventory Tool (CMIT) measure ID numbers.
