

## HPMS E-Mail

**Date:** October 29, 2020

**Subject:** COVID-19 Vaccine Toolkits

On October 28, 2020, the Centers for Medicare & Medicaid Services (CMS) issued an [Interim Final Rule \(IFC\) with Comment Period \(CMS-9912-IFC\)](#). The [press release](#) contains links to the IFC, the fact sheet, as well as frequently asked questions on billing for therapeutics.

In preparation for the release of the COVID-19 vaccine, CMS has developed [COVID-19 vaccine toolkits](#) for insurers, providers, and Medicare beneficiaries in order to convey critical information to all stakeholders in one central location. These toolkits will be updated periodically, as needed, as more information becomes available.
