-9080	Information	None	<p>COMPLETION OF FOLLOW-UP ASSESSMENTS</p> <p>The allowable completion dates for the first and any subsequent follow-up assessments will be calculated relative to the start of care date. Follow-up assessments must be completed every 60 days that a patient is under care. Each time a follow-up assessment is due, it should be completed on or after the 56th day and on or before the 60th day of the period.</p> <p>More formally, the rules can be stated as follows:</p> <p>-Let j be the follow-up period number (i.e., 1=first follow-up period, 2=second follow-up period, etc.).</p> <p>-Let SOC be the start of care date (M0030_START_CARE_DT).</p> <p>-Let FCD be the completion date (M0090_INFO_COMPLETED_DT) of a follow-up assessment.</p> <p>Given these symbols, the rule for completion of follow-up assessments is as follows:</p> $SOC + (60*j) - 5 \leq FCD \leq SOC + (60*j) - 1$ <p>Where j=1, 2, 3, etc.</p> <p>If a patient is under care by a home health agency during one of the follow-up windows defined above, a follow-up assessment must be submitted. An exception to this rule can occur if a patient resumes care following an inpatient stay and if the resumption of care date (M0032_ROC_DT) falls within one of the follow-up windows. In this case, the home health agency should submit an RFA 03 resumption of care (after inpatient stay) (M0100_ASSMT_REASON=[03]) instead of the normal follow-up assessment. Submission of such a resumption of care assessment fulfills the requirement for the follow-up assessment because it includes all of the data items contained in the normal follow-up</p> <table><tr><td>Items:</td><td>M0030_START_CARE_DT</td><td>Start of care date</td></tr><tr><td></td><td>M0032_ROC_DT</td><td>Resumption of care date</td></tr><tr><td></td><td>M0090_INFO_COMPLETED_DT</td><td>Date assessment completed</td></tr></table>	Items:	M0030_START_CARE_DT	Start of care date		M0032_ROC_DT	Resumption of care date		M0090_INFO_COMPLETED_DT	Date assessment completed

			Items: M0100_ASSMT_REASON Reason for assessment
-9090	Information	None	<p>This is an optional item that can be used by agency for unique identification of record and tracking of records submitted to the system.</p> <p>Items: ACY_DOC_CD Document ID code (agency use)</p>
-9100	Information	None	<p>If a non-blank value for National Provider ID (NPI) in NATL_PRVDR_ID is submitted, it should represent the NPI of the parent agency, not of any branches if they have separate NPIs. The NPI that is submitted should be the one that is used on the agency's HIPAA billing transactions with CMS.</p> <p>Items: NATL_PRVDR_ID Agency National Provider ID (NPI)</p>
-9110	Information	None	<p>If state law prohibits transmission of certain ICD codes (e.g., HIV or STD diagnoses), these codes will be removed by iQIES if found on records submitted by HHAs within that state. If any item within an ICD list contains such a code on a submitted record, it will be removed from the list. If any of these items is removed, but a valid code remains in a subsequent item on the list, the subsequent codes will be "moved up" so that no missing codes remain.</p> <p>Therefore, if a non-blank value is required in an ICD code list and all of the submitted items in that list contain blank and/or prohibited codes, a fatal error will result and the record will be rejected. As long as at least one item in such a list contains a non-blank, correctly-formatted, allowable code, a fatal error will not occur.</p> <p>Items: M1021_PRIMARY_DIAG_ICD Primary diagnosis ICD code M1023_OTH_DIAG1_ICD Other diagnosis 1: ICD code M1023_OTH_DIAG2_ICD Other diagnosis 2: ICD code M1023_OTH_DIAG3_ICD Other diagnosis 3: ICD code M1023_OTH_DIAG4_ICD Other diagnosis 4: ICD code M1023_OTH_DIAG5_ICD Other diagnosis 5: ICD code</p>
