

# Technical Expert Panel Composition List

## Project Title:

Physician Cost Measures and Patient Relationship Codes (PCMP)

## Dates:

February 6-7, 2020

## Project Overview:

The Centers for Medicare & Medicaid Services (CMS) has contracted with Acumen, LLC to develop care episode and patient condition groups for use in risk-adjusted cost measures to meet the requirements of the *Medicare Access and CHIP Reauthorization Act of 2015 (MACRA)*. The contract name is “*Physician Cost Measures and Patient Relationship Codes (PCMP)*.” The contract number is 75FCMC18D0015, Task Order 75FCMC19F0004. This project is a continuation of the work performed under the previous “*MACRA Episode Groups and Resource Use Measures*” contract (contract number HHSM-500-2013-13002I and the Task Order HHSM-500-T0002).

As part of its measure development process, Acumen convenes groups of stakeholders and experts who contribute direction and thoughtful input during measure development and maintenance. Acumen also recruits patients, caregivers, and patient advocates to ensure that the patient and caregiver perspective informs measure prioritization and development. This composition list is separate from the composition list for Clinical Subcommittees, which Acumen convenes to gather input on measures in specific clinical areas.

These individuals were selected and have agreed to serve as the TEP for this project.

Name, Credentials, Professional Role	Organizational Affiliation, City, State	Consumer/ Patient/ Family/ Caregiver Perspective	Performance Measurement	Coding and Informatics	Clinical Content	Clinician or Hospital Payment Policy	Conflict of Interest Disclosure
