RE: Warning Letter for Online Enrollment

Dear Triet Tran:

The Centers for Medicare & Medicaid Services (CMS) is issuing this warning letter to GOLD KIDNEY OF FLORIDA INC, which operates Medicare Advantage Prescription Drug Plan (MA-PD) H1526, regarding the failure to download enrollment requests via the Medicare Online Enrollment Center (OEC) within the CMS-required timeframe.

Pursuant to 42 C.F.R. §422.66(a) & §423.32(c), Part C and Part D sponsors relying on the online enrollment center are expected to process enrollment applications within seven days of the receipt date. The time stamp on the OEC enrollment file marks the start of the seven-day timeframe for processing the enrollment request, as it is at this time that the enrollment request is considered by CMS to be received by the organization. As we reminded sponsors in the *Contract Year (CY) 2025 Online Enrollment Center (OEC) Timeline and Requirements* memo, MA organizations failing to promptly download enrollments are subject to compliance actions including, but not limited to, a request for a corrective action plan.

On May 29, CMS issued a notice of non-compliance to your organization regarding two (2) delinquent OEC downloads on May 29 for Contract Year 2025. The OEC records maintained by CMS currently indicate that your organization has two delinquent OEC downloads on August 28, the oldest being nine days. Therefore, we are now issuing a warning letter because of your organization's continued failure to download enrollment requests within the specified processing period of seven days.

If you have not already done so, please log into the OEC Administrative Console on HPMS and download the enrollments immediately.

In the future, please ensure that your organization has enrollment processes in place to accept enrollments

through the OEC as completed requests and to process the enrollment requests in a timely fashion. If you need additional assistance with the HPMS OEC Management module, please contact the HPMS Helpdesk via email at hpms@cms.hhs.gov or by phone at 1-888-220-2028.

Should your organization continue to fail to download enrollments from the OEC, CMS may consider taking additional compliance actions, including a formal request for a corrective action plan (CAP), or taking enforcement actions in the form of the imposition of intermediate sanctions (e.g., the suspension of marketing and enrollment activities) or civil money penalties. Additionally, in the event CMS issues another compliance action due to your organization's continued failure to download OEC enrollments, we will suspend your organization from participating in the OEC for two consecutive weeks.

Please be aware that this letter will be included in the record of your organization's past Medicare contract performance, which CMS will consider as part of our review of any application for new or expanded Medicare contracts your organization may submit. CMS deems this instance of non-compliance a Part C and D issue. CMS notes that we are issuing this compliance notice based exclusively on information that we obtained from sources other than your organization's self-disclosure.

If you have any questions about this notice, please contact Nick Antlitz at nick.antlitz@cms.hhs.gov and copy your account manager.

Sincerely,

A handwritten signature in cursive script, appearing to read "Linda Anders".
