You must file a tax return if the enclosed Form 1095-A shows that you got advance payments of the premium tax credit. See Part III, Column C on your form.

Use Form 1095-A to complete "IRS Form 8962, Premium Tax Credit" with your federal income tax return when you file. If you don't complete this step, you may have to pay back some or all of the advance premium tax credits you used last year.

Dear [Insert FNLNS of Tax filer or Responsible Adult]:

Because you and/or members of your household had Health Insurance Marketplace® coverage for all or some part of [insert applicable coverage year], we're required to provide you with the enclosed IRS Form 1095-A from the Marketplace. The form includes important information you'll need to correctly fill out your federal income tax return for that year. This information also has been given to the Internal Revenue Service (IRS). After using this information for tax filing, please keep this form for your records.

You must file a tax return

You must file a federal income tax return if you or another member of your household received any advance payments of the premium tax credit in [insert applicable coverage year] to lower premium costs, even if you don't normally file a return. If advance payments are made on behalf of you or an individual in your family and you don't file a tax return:

- You may have to pay back all or some of the advance payments of the premium tax credits you used.
- You won't be eligible for advance payments of the premium tax credit or cost-sharing reductions to help pay for your Marketplace health coverage in future years.

When you file your tax return electronically or by mail, you must complete and file "Form 8962, Premium Tax Credit." **Use the information on the included Form 1095-A to complete Form 8962.** The Form 1095-A also indicates which months of [insert applicable coverage year] you and other members of your household had health coverage. You'll need that information to complete your tax return. More information about Form 1095-A can be found in the "Instructions for Recipient" section on the back of the enclosed form. If you need Form 8962, visit [IRS.gov/aca](https://www.irs.gov/aca).

Many people who signed up for Marketplace coverage can get free assistance with filling out their taxes. This may include free access to tax software programs, or free in-person assistance. For more information, visit [IRS.gov/freefile](https://www.irs.gov/freefile) or [IRS.gov/VITA](https://www.irs.gov/VITA).

Why Form 1095-A is important

Form 1095-A includes:

- Information about you and any other members of your household who were enrolled in a Marketplace plan during [insert applicable coverage year].
- Information about your Marketplace plan premium and other information you may need to fill out your federal income tax return and claim the Premium Tax Credit.
- The amount of any advance payments of the premium tax credit that we paid in [insert applicable coverage year] to a health plan on your behalf or on behalf of other members of your household.

To learn more about using your form, visit [HealthCare.gov/tax-form-1095](https://www.healthcare.gov/tax-form-1095).

You may need more information to complete your tax return

Visit [HealthCare.gov/tax-tool](https://www.healthcare.gov/tax-tool) to get the additional information you need to figure out your premium tax credit if:

- You had changes in your household that you didn't report to the Marketplace – like having a baby, moving, getting married or divorced, or losing a dependent.
- Your Form 1095-A has zeroes printed in Part III, column B for the months you had coverage.

You can also visit [IRS.gov](https://www.irs.gov) to find more details in the Instructions for Form 8962.

Changes to your Form 1095-A information

If you think information on the attached Form 1095-A is incorrect, call the Marketplace Call Center at 1-800-318-2596 to find out how to get a corrected Form 1095-A. TTY users should call 1-855-889-4325.

It's important to note that you may receive more than one Form 1095-A. This may happen if different members of your household had different health plans, you updated your coverage information during [insert applicable coverage year], or you switched plans during [insert applicable coverage year]. Be sure to keep all Forms 1095-A with your important tax documents.

You also may get Form 1095-B or Form 1095-C

If you or members of your household had coverage in [insert applicable coverage year] through other programs or plans outside of the Marketplace, you may also get a "Form 1095-B, Health Coverage" or "Form 1095-C, Employer-Provided Health Insurance Offer and Coverage." It's important to follow the instructions on these forms, so you fill out your federal income tax return correctly.

NOTE: If you're enrolled in another type of health coverage that qualifies as minimum essential coverage (for example, Medicare Part A) and received a Form 1095-B, you may no longer be eligible to receive financial assistance for your Marketplace plan. It's important to contact the Marketplace and report any changes in your coverage as soon as possible.
