

# Understanding the Summary of Benefits and Coverage (SBC)

This job aid provides information and guidance that Navigators and certified application counselors (collectively, assisters) need to know in order to interpret the Summary of Benefits and Coverage (SBC) for health plans and assist consumers with using the SBC to compare health plan benefits.

## SBC Overview

The Patient Protection and Affordable Care Act (PPACA) implementing section 2715 of the Public Health Service Act (PHS Act) generally requires all group health plans and health insurance companies offering group or individual health insurance to provide applicants, enrollees, and policyholders an SBC that accurately describes the benefits and coverage under the plan to help consumers compare the different features of health benefits and coverage. The specified rules governing SBC requirements are described in section 45 CFR 147.200 of the SBC regulation. The SBC is a consumer shopping tool that provides a snapshot of a health plan's costs, benefits, covered health care services, limitations and exceptions, and other features that may be important to consumers. The SBC also explains health plans' unique features, like cost-sharing rules, and includes descriptions of significant limits and exceptions to coverage in easy-to-understand terms. You can find a sample completed SBC at [CMS.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Sample-Completed-SBC-Accessible-Format-01-2020.pdf](https://www.cms.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Sample-Completed-SBC-Accessible-Format-01-2020.pdf).

Group health plans and health insurance companies offering group or individual health insurance must also provide a Uniform Glossary to explain common medical and insurance-related terms. You can find the latest Uniform Glossary at [CMS.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Uniform-Glossary-01-2020.pdf](https://www.cms.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Uniform-Glossary-01-2020.pdf).

The sample SBC used below is for illustrative purposes only and is not intended to reflect an actual Marketplace plan option. As consumers compare qualified health plans (QHPs) offered

June 2021. The information provided in this document is not intended to take the place of the statutes, regulations, and formal policy guidance that it is based upon. Links to certain source documents have been provided for your reference. We encourage all assisters to refer to the applicable statutes, regulations, and other interpretive materials for complete and current information. This communication was printed, published, or produced and disseminated at U.S. taxpayer expense. The contents of this document do not have the force and effect of law and are not meant to bind the public in any way, unless specifically incorporated into a contract. This document is intended only to provide clarity to the public regarding existing requirements under the law.

through the Marketplaces, you can help them understand some of the benefits offered in each plan by guiding them through the SBC.

## Assisting Consumers with Locating the SBC

Consumers may access the SBC within each health plan's detailed view at HealthCare.gov when they preview plans and prices before logging in as well as when they've completed their application and are comparing plans. The Plan Details page allows consumers to learn more about a health plan's benefits before they select and enroll in a plan. Refer to Exhibit 1 for an example of a health plan's detailed view.

Exhibit 1: HealthCare.gov Plan Details Screenshot

The screenshot shows the HealthCare.gov interface for a plan named 'Balanced Care 2020' by Better Health Insurance Co. The page includes a navigation bar with the user's name 'Ella' and a 'Menu' button. A 'Back to plans' link and a 'Print' button are visible. The plan name 'Balanced Care 2020' is prominently displayed with an 'Enroll' button. Below this, the plan type is listed as 'Silver | HMO | Plan ID: 70893GA0010018'. A 'Highlights' section contains a table of key financial details:

Monthly premium	\$302.52 Including a \$150.00 tax credit
Deductible	\$3,900 Individual total
Out-of-pocket maximum	\$5,200 Individual total
Estimated total yearly costs	<input type="button" value="Add"/>
Medical Providers In-network	<input type="button" value="Add Your Medical Providers"/>
Drugs covered/Not covered	<input type="button" value="Add Your Prescription Drugs"/>

Below the highlights are sections for 'Star rating' and 'Plan documents'. A red arrow points to the 'Summary of Benefits' link in the 'Plan documents' section.

- [Summary of Benefits](#)
- [Plan brochure](#)
- [Provider directory](#)
- [List of covered drugs](#)

Consumers can also ask for a copy of a plan's SBC from their insurance company or group health plan any time. All health plans must provide the SBC at important points in the enrollment

process, like when a consumer applies for or renews their policy. The consumer may be able to get the SBC and Uniform Glossary in a language other than English upon request. They can search for a statement on the SBC in their preferred language to check if it's available. It will include a phone number they can call to request the translated version from their insurance company.

They can also ask for a copy of the Uniform Glossary to help them understand words used in health coverage and medical care. The Uniform Glossary is also available upon request and through the [CMS SBC website](#) in English, Chinese, Navajo, Spanish, and Tagalog.

## Assisting Consumers with Reviewing the SBC

Assisters should help consumers understand that all SBCs contain the following basic parts:

- **Important Questions:** Consumers can use this section to understand some of the health plan's costs, including deductible amounts and out-of-pocket limits. This section also contains information on coverage for in-network and out-of-network providers.
- **Common Medical Events:** This section provides cost-sharing information, such as copayments and coinsurance amounts, and significant limitations or exclusions for certain common medical events, including a visit to a provider's office, an MRI or CT scan, a hospital stay, and prescription drug information.
- **Excluded Services and Other Covered Services:** Consumers can use this section to learn about certain services that are not covered by their health plan as well as some additional services the plan does cover.
- **Coverage Examples:** Consumers can use this section to see what the plan would cover in three common medical situations: a simple fracture, diabetes care, and having a baby. These standardized, hypothetical coverage examples help facilitate apples-to-apples comparisons between plans and to get an idea of how much financial protection the plan is generally expected to provide for common health conditions. Consumers should not use these coverage examples to estimate their actual costs under a plan because actual services and costs depend on consumers' individual medical needs when they consult with a provider.
- **Uniform Glossary:** Each SBC contains a link to a glossary with consumer-friendly explanations of common medical and insurance terms such as "deductibles" and "premiums." All health insurance issuers use the same glossary. You can find the Uniform Glossary online at [CMS.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Uniform-Glossary-01-2020.pdf](https://www.cms.gov/CCIIO/Resources/Forms-Reports-and-Other-Resources/Downloads/Uniform-Glossary-01-2020.pdf).
- **Disclosures:** Consumers can use this section to find out about continuing coverage, grievance and appeals rights, if the plan provides minimum essential coverage, if it meets minimum value standards, and available language access services.

Minimum essential coverage (MEC) generally includes group health plans, health insurance available through the Marketplace or other individual market policies, Medicare, Medicaid, the Children's Health Insurance Program (CHIP), TRICARE, and certain other coverage. A consumer may not qualify for premium tax credits and cost-sharing reductions to buy a plan from the Marketplace if they are eligible for other MEC. This includes if they can enroll in an employer plan that is considered affordable and that provides minimum value or if they do enroll in an employer plan that offers minimum value. A plan offers minimum value if the percentage of the total allowed costs of benefits provided under the plan is at least 60 percent, and the benefits under the plan include substantial coverage of inpatient hospital services and physician services.

You should remind consumers that they can use the SBC to answer their general questions about a health plan before selecting and enrolling in a plan. Consumers can contact the insurance company offering a plan for information about how it can help them pay for specific health services, and they should review the insurance policy closely. You should also remind consumers that their benefits and coverage under a health plan may change during the benefit year or when a new benefit year begins, which is very common.

If information on a plan's SBC changes in the middle of a benefit year and that change is one that most consumers would consider important in their decision-making on which plan to choose, the health insurance company offering that plan must notify consumers of any changes at least 60 days before they go into effect. Before a new benefit year begins, consumers should expect a new SBC to be available from their health insurance company that reflects any changes to their plan that will be in effect during the new benefit year.

## **Scenario: Assisting a Consumer with Choosing a Health Plan Using the SBC**

Ella is 28 years old and wants to enroll in a health plan for herself and her husband for the first time. Ella has chronic back pain, and her husband suffers from asthma. You help Ella submit a Marketplace application, and she is determined eligible to purchase a QHP through the Marketplace. She has identified a QHP that she believes will provide good coverage for her and her husband's conditions. However, Ella might need back surgery this year and is concerned about the plan's prescription drug costs and any costs she may be responsible for if she visits a specialist outside the plan's network. Ella asks you the following questions, and you answer her questions by helping her to review the SBC to learn more about this plan.

- 1. My last doctor said I might need to have in-patient back surgery in the next year. Do I need to get a referral to see a back specialist?*

Direct Ella to the Important Questions chart on the SBC. The last important question and answer on this chart indicates whether Ella would need a referral before she visits a specialist. A sample Important Questions chart is displayed below in Exhibit 2.

### Exhibit 2: Sample Important Questions Chart

Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services  
Insurance Company 1: Plan Option 1

Coverage Period: 01/01/2022-12/31/2022  
Coverage for: Family | Plan Type: PPO

 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other [underlined terms](#), see the Glossary. You can view the Glossary at [www.\[insert\].com](#) or call 1-800-[insert] to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall <a href="#">deductible</a> ?	\$500 / individual or \$1,000 / family	Generally, you must pay all of the costs from <a href="#">providers</a> up to the <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay. If you have other family members on the <a href="#">plan</a> , each family member must meet their own individual <a href="#">deductible</a> until the total amount of <a href="#">deductible</a> expenses paid by all family members meets the overall family <a href="#">deductible</a> .
Are there services covered before you meet your <a href="#">deductible</a> ?	Yes. <a href="#">Preventive care</a> and primary care services are covered before you meet your <a href="#">deductible</a> .	This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost sharing</a> and before you meet your <a href="#">deductible</a> . See a list of covered <a href="#">preventive services</a> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <a href="#">deductibles</a> for specific services?	Yes. \$300 for <a href="#">prescription drug coverage</a> and \$300 for occupational therapy services. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay for these services.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	For <a href="#">network providers</a> \$2,500 individual / \$5,000 family; for <a href="#">out-of-network providers</a> \$4,000 individual / \$8,000 family	The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this <a href="#">plan</a> , they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.
What is not included in the <a href="#">out-of-pocket limit</a> ?	<a href="#">Copayments</a> for certain services, <a href="#">premiums</a> , <a href="#">balance-billing</a> charges, and health care this <a href="#">plan</a> doesn't cover.	Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. See <a href="#">www.[insert].com</a> or call 1-800-[insert] for a list of <a href="#">network providers</a> .	This <a href="#">plan</a> uses a <a href="#">provider network</a> . You will pay less if you use a <a href="#">provider</a> in the <a href="#">plan's network</a> . You will pay the most if you use an <a href="#">out-of-network provider</a> , and you might receive a bill from a <a href="#">provider</a> for the difference between the <a href="#">provider's</a> charge and what your <a href="#">plan</a> pays ( <a href="#">balance billing</a> ). Be aware, your <a href="#">network provider</a> might use an <a href="#">out-of-network provider</a> for some services (such as lab work). Check with your <a href="#">provider</a> before you get services.
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	Yes.	This <a href="#">plan</a> will pay some or all of the costs to see a <a href="#">specialist</a> for covered services but only if you have a <a href="#">referral</a> before you see the <a href="#">specialist</a> .

#### 2. *If I do need surgery, how much will it cost me to have the surgery on this plan?*

You should inform Ella that the SBC cannot tell her the exact costs she will pay for a complicated episode of care like back surgery. Her actual services and costs would depend on her particular medical needs as determined in consultation with her provider. However, you can show Ella two sections of the SBC that will help her understand potential cost-sharing amounts for services she will receive if she gets back surgery.

First, direct Ella to the Important Questions chart of the SBC shown in Exhibit 2 above. Explain that Ella must meet the deductible amount in the first row before the insurance

company would begin to pay for most covered services. In this example, the plan has a \$500 per-person or \$1,000 per-family overall deductible and a \$300 specific deductible for prescription drug coverage, as shown in the third row.

Next, direct Ella to the Common Medical Events chart shown in Exhibit 3 below. This chart shows the potential cost-sharing amounts Ella might be responsible for if she receives various health care services after meeting the plan's deductible(s). For example, an office visit with a specialist in the plan's network has a \$50 copayment per visit, which means Ella would need to pay \$50 each time she visits an in-network specialist. If Ella went to an out-of-network provider, she would have to pay 40 percent coinsurance, or 40 percent of the allowed amount for the visit. For example, if the plan's allowed amount for an out-of-network specialist visit is \$200, her coinsurance payment of 40 percent would be \$80. This amount assumes that she has met her deductible. In addition, if the out-of-network specialist's charge is more than the plan's allowed amount, the provider may charge her for the difference between the provider's charge and the plan's allowed amount (sometimes called "balance billing"). For example, if the specialist's charge was \$250 in the example above, Ella could have to pay \$50 (\$250 specialist charge minus \$200 plan allowed amount) plus the \$80 coinsurance for a total cost of \$130. This is why it is often beneficial for enrollees to look for in-network providers, where out-of-pocket costs are typically lower.

Then, direct Ella to the "If you have a test" row of the Common Medical Events chart to determine the potential cost sharing for having an imaging test performed, like an MRI or CT/PET scan. Ella can find other services she may need in the Common Medical Events chart as well, including "If you have outpatient surgery" and "If you have a hospital stay." Either of these rows may apply, depending on whether her surgery would be performed in an outpatient or inpatient setting.

### Exhibit 3: Sample Common Medical Events Chart

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

Common Medical Event	Services You May Need	What You Will Pay		Limitations, Exceptions, & Other Important Information
		Network Provider (You will pay the least)	Out-of-Network Provider (You will pay the most)	
If you visit a health care <a href="#">provider's</a> office or clinic	Primary care visit to treat an injury or illness	\$35 <a href="#">copay</a> /office visit and 20% <a href="#">coinsurance</a> for other outpatient services; <a href="#">deductible</a> does not apply	40% <a href="#">coinsurance</a>	None
	<a href="#">Specialist</a> visit	\$50 <a href="#">copay</a> /visit	40% <a href="#">coinsurance</a>	<a href="#">Preauthorization</a> is required. If you don't get <a href="#">preauthorization</a> , benefits could be reduced by 50% of the total cost of the service.
	<a href="#">Preventive care/screening/immunization</a>	No charge	40% <a href="#">coinsurance</a>	You may have to pay for services that aren't preventive. Ask your <a href="#">provider</a> if the services needed are preventive. Then check what your <a href="#">plan</a> will pay for.
If you have a test	<a href="#">Diagnostic test</a> (x-ray, blood work)	\$10 <a href="#">copay</a> /test	40% <a href="#">coinsurance</a>	None
	Imaging (CT/PET scans, MRIs)	\$50 <a href="#">copay</a> /test	40% <a href="#">coinsurance</a>	
If you need drugs to treat your illness or condition More information about <a href="#">prescription drug coverage</a> is available at <a href="#">www.[insert].com</a>	Generic drugs (Tier 1)	\$10 <a href="#">copay</a> /prescription (retail & mail order)	40% <a href="#">coinsurance</a>	Covers up to a 30-day supply (retail subscription); 31-90 day supply (mail order prescription).
	Preferred brand drugs (Tier 2)	\$30 <a href="#">copay</a> /prescription (retail & mail order)	40% <a href="#">coinsurance</a>	
	Non-preferred brand drugs (Tier 3)	40% <a href="#">coinsurance</a>	60% <a href="#">coinsurance</a>	
	<a href="#">Specialty drugs</a> (Tier 4)	50% <a href="#">coinsurance</a>	70% <a href="#">coinsurance</a>	
If you have outpatient surgery	Facility fee (e.g., ambulatory surgery center)	\$100/day <a href="#">copay</a>	40% <a href="#">coinsurance</a>	<a href="#">Preauthorization</a> is required. If you don't get <a href="#">preauthorization</a> , benefits could be reduced by 50% of the total cost of the service.
	Physician/surgeon fees	20% <a href="#">coinsurance</a>	40% <a href="#">coinsurance</a>	50% <a href="#">coinsurance</a> for anesthesia.
If you need immediate medical attention	<a href="#">Emergency room care</a>	20% <a href="#">coinsurance</a>	20% <a href="#">coinsurance</a>	None
	<a href="#">Emergency medical transportation</a>	20% <a href="#">coinsurance</a>	20% <a href="#">coinsurance</a>	
	<a href="#">Urgent care</a>	\$30 <a href="#">copay</a> /visit	40% <a href="#">coinsurance</a>	
If you have a hospital stay	Facility fee (e.g., hospital room)	20% <a href="#">coinsurance</a>	40% <a href="#">coinsurance</a>	<a href="#">Preauthorization</a> is required. If you don't get <a href="#">preauthorization</a> , benefits could be reduced by 50% of the total cost of the service.

For the most accurate information about specific services Ella is interested in, she can use the contact information at the top of the SBC to contact the plan's issuer and request a copy of the actual plan or policy document. Refer to Exhibit 4 below.

## Exhibit 4: Sample Contact Information for More Details about Coverage

Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services  
Insurance Company 1: Plan Option 1

Coverage Period: 01/01/2022-12/31/2022  
Coverage for: Family | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at [www.\[insert\].com](#) or call 1-800-[insert] to request a copy.

3. *All these services and costs seem to be adding up quickly! Does this plan offer any protections for me if I have to pay a lot of out-of-pocket costs in one coverage year?*

To answer this question, direct Ella to return to page 1 of the SBC (shown in Exhibit 2) and find the row for “What is the out-of-pocket limit for this plan?” The out-of-pocket limit, as explained in the Uniform Glossary, is the most Ella could pay in cost sharing during a policy period (for individual market coverage, this is usually one calendar year or part of a calendar year ending December 31) before her health insurance company begins to pay 100 percent of the allowed amount for covered services. In this example, if Ella spends over \$2,500 for services from in-network providers, the health insurance company will begin to pay 100 percent of the allowed amount for covered services. The out-of-pocket limit never includes premiums, [balance-billed charges](#), or health care the health insurance company doesn’t cover. Additionally, some health insurance companies don’t count all copayments, deductibles, coinsurance payments, out-of-network payments, or other expenses toward this limit.

4. *Thanks! Now that I know how to interpret the cost-sharing features of a plan using the SBC, maybe I should look at another SBC to see how this plan matches up to another plan I was considering earlier.*

Tell Ella that using the SBC to make apples-to-apples comparisons easier is exactly one of the main purposes of the SBC. If she doesn’t have ready access to the other SBC, she can always request it from the insurance company, which must send it within seven business days.
