

Assister Do's and Don'ts

October 2024

This information is intended only for the use of entities and individuals certified to serve as Navigators, certified application counselors, or non-Navigator assistance personnel in a Federally-facilitated Marketplace. The terms "Federally-facilitated Marketplace" and "FFM," as used in this document, include FFMs where the state performs plan management functions. Some information in this manual may also be of interest to individuals helping consumers in State-based Marketplaces and State-based Marketplaces using the Federal Platform. This material was produced and disseminated at U.S. tax filer expense.

Agenda

- Application and Enrollment Assistance
- Consumer Outreach and Education
- Avoiding Conflicts of Interest
- Culturally and Linguistically Appropriate Services
- Helping People with Disabilities
- Scenarios
- Resources

A Note About This Presentation

This presentation addresses specific requirements for Navigators, Certified Application Counselors (CACs), and Enrollment Assistance Personnel (EAPs) (collectively referred to as “assisters” or “you” in this presentation) in Federally-facilitated Marketplaces (FFMs).

Application and Enrollment Assistance

Do:

- Provide information in a fair, accurate, and impartial manner.
- Ensure financial integrity and high-quality assistance.
- Comply with applicable privacy and security standards.

Don't:

- Charge any applicant or enrollee, or request or receive any form of remuneration for application or other assistance related to assister duties.
- Provide to an applicant or potential enrollee gifts of any value as an inducement for enrollment.

Provide Information in a Fair, Accurate, and Impartial Manner

To provide fair, accurate, and impartial information, you must:

- Provide information on all qualified health plans (QHPs), and help consumers submit a Marketplace eligibility application for coverage and financial assistance.
- Provide comprehensive information about the substantive benefits and features of each plan, including any specific consumer needs, such as the availability of and distance to a preferred provider, prescription drug coverage, proximity to an in-network hospital, etc.
- Help consumers find plans with cost-sharing reductions or other federal financial assistance, if they are eligible.
- Clarify distinctions among coverage types, including QHPs, Medicaid, and the Children's Health Insurance Program (CHIP).

Providing Information in a Fair, Accurate, and Impartial Manner

The Do's

- Do make sure consumers make their own informed choices about which coverage option best meets their needs and budget.
 - Do make sure consumers perform the acts of selecting, applying for, and enrolling in a plan.
 - If a consumer requests to work with an agent or broker, then do refer the consumer to a list of all licensed agents and brokers in their area or to Find Local Help.
-

Providing Information in a Fair, Accurate, and Impartial Manner (Cont.)

The Don'ts

- Don't log into the consumer's online Marketplace account, fill out the Marketplace application, or select a plan for the consumer.
- Don't recommend that a consumer selects a specific plan or set of plans.
- Don't refer a consumer to a specific agent or broker if a consumer asks to work with one.

Ensuring Financial Integrity and High-Quality Assistance

Assisters **must not**:

- Charge consumers or receive any compensation from consumers for your assistance.
- Receive compensation from your organization on a per-application, per-individual-assisted, or per-enrollment basis.
- Receive consideration directly or indirectly from a health insurance issuer (or issuer of stop loss insurance) in connection with enrolling a consumer in a QHP or non-QHP.

Comply with Applicable Privacy and Security Standards

Note: There is a separate webinar on this topic. However, it is vital that assisters comply with these standards whenever assisting consumers for any reason.

- For Navigators, these standards are a part of their grant terms and conditions.
- For CACs, they are outlined in the CDO-CMS agreement.
- For EAPs, they are outlined in the contracted assistance model.

Consumer Outreach and Education

When conducting outreach and education, keep in mind that as assisters, there are things you can and cannot do (more specifics on upcoming slides):

- Assisters may conduct outreach and education activities as well as enrollment and application assistance activities by going door-to-door or through other unsolicited means of direct contact, such as direct phone calls to consumers' homes. Direct contact outreach and education activities may include things like providing brochures and informational materials about the Marketplace and informing consumers about the application and enrollment assistance provided by your organization.
- Providing gifts, gift cards, and promotional items – only of nominal value and not with Marketplace (grant or other federal) funds.

Consumer Outreach and Education (Cont.)

When conducting outreach and education, keep in mind that as assisters, there are things you can and cannot do (more specifics on upcoming slides)(cont.):

- Robo-calls –You must not call consumers using an automatic telephone dialing system or an artificial or prerecorded voice (frequently referred to as robo-calls), unless the consumer has an existing relationship with you or your organization, the consumer gave prior consent to receive these types of calls, and other applicable state and federal laws are otherwise complied with.
- You may provide food and beverages at an outreach, education, and/or enrollment event **as long as** they are donated, or you use non-federal funds.

Gifts

- “Gifts” are defined in 45 C.F.R. § 155.210(d)(6) as:
 - Gift items, gift cards, cash cards, or cash.
 - Promotional items that market or promote the products or services of a third party.
- **Gifts do not include the reimbursement of legitimate expenses incurred by a consumer to receive Exchange application assistance, such as travel or postage expenses.**

Allowed Uses of Gifts

- It is permissible to use grant funds for Promotional items/Gifts/Gift Cards as long as:
 - Promotional items/Gifts/Gift Cards costs are under \$15 per consumer and in the aggregate (that is, multiple promotional items are ok as long as they total less than \$15);
 - They cannot be used to induce QHP or non-QHP enrollment (by induce enrollment, we mean conditioning receipt of the gift(s) on a consumer actually enrolling in coverage);
- AND**
- They don't market or promote a third party.

Allowed Uses of Gifts (Cont.)

- You **may** reimburse with grant funds legitimate expenses incurred by a consumer in an effort to receive Exchange application assistance, such as reasonable travel or postage expenses. These types of expenses are not considered gifts. (Navigators must ensure that these expenses were **prior-approved by CMS** as part of its grant budget – check with your grantee Project Director.)
- Although you can't use grant funds, you **may** provide food and beverages at an outreach, education, and/or enrollment event as long as they are donated, or you use non-federal funds.

Door-to-Door and Other Direct-Contact Activities

- You **may** conduct outreach and education activities by going door to door or through other unsolicited means of direct contact, such as a direct phone call to consumers' homes.
- If, while you are conducting outreach and education, a consumer requests help with application and enrollment assistance, you **may** provide it.
- Effective June 18, 2023, a regulation change at 45 CFR § 155.210(d)(8) allows assisters to go door to door or use other unsolicited means of direct contact to provide enrollment assistance to consumers. This change in regulation eliminates barriers to coverage access by maximizing pathways to enrollment. (Refer to the [Final Notice of Benefit and Payment Parameters for 2024](#).)

Robo-calls

- You **must not** call consumers using an automatic telephone dialing system or an artificial or prerecorded voice (frequently referred to as robo-calls) unless the consumer already has a relationship with you or your organization and other applicable State and Federal laws are otherwise complied with.

- If you or your organization already has a relationship with a consumer *and they gave consent to be contacted after enrollment assistance was provided*, you **may** use this type of tool to reach out to those consumers for things like reminding these consumers of upcoming events, so long as other applicable State and Federal laws are otherwise complied with.

Avoiding Conflicts of Interest

- Navigators
- CACs
- EAPs

Avoiding Conflicts of Interest: Navigators

Navigator organizations and individual Navigators **cannot**:

- Be a health insurance issuer or issuer of stop loss insurance;
- Be a subsidiary of a health insurance issuer or issuer of stop loss insurance;
- Be an association that includes members of, or lobbies on behalf of, the insurance industry; or
- Receive any consideration directly or indirectly from any health insurance issuer or issuer of stop loss insurance in connection with enrolling a consumer in a QHP or non-QHP.

Avoiding Conflicts of Interest: Navigators (Cont.)

Navigators **must** disclose to the Marketplace and, in plain language, to each consumer they assist:

- Any non-prohibited lines of insurance business (typically non-health-related insurance such as auto, life, and homeowners' policies) that the Navigator or their organization intends to sell while serving as a Navigator;
- Any existing employment relationships or any former employment relationships within the last five years with any health insurance issuers or issuers of stop loss insurance, or subsidiaries of health insurance issuers or issuers of stop loss insurance, including any existing employment relationships between a spouse or domestic partner and any health insurance issuers or issuers of stop loss insurance, or subsidiaries of health insurance issuers or issuers of stop loss insurance; and
- Any existing or anticipated financial, business, or contractual relationships with one or more health insurance issuers or stop loss insurance issuers or their subsidiaries.

Avoiding Conflicts of Interest: CACs and EAPs

- CACs and EAPs **cannot** receive any consideration directly or indirectly from any health insurance issuer or issuer of stop loss insurance in connection with the enrollment of any individuals in a QHP or a non-QHP.
- CACs and EAPs **must** disclose any relationships the CAC, EAP, or sponsoring agency has with QHPs, insurance affordability programs, or other potential conflicts of interest to the certified application counselor designated organization (CDO), the enrollment assistance program, or the Marketplace if directly certified by a Marketplace, and every consumer the CAC or EAP assists.

Providing Culturally and Linguistically Appropriate Services (CLAS)

Nondiscrimination:

- All assisters are prohibited from discriminating based on:
 - Race
 - Color
 - Religion
 - National origin
 - Disability
 - Age
 - Sex
 - Gender identity
 - Sexual orientation
- All assisters must also comply with any other applicable State or Federal nondiscrimination laws.

Providing CLAS

To provide services that are culturally and linguistically appropriate to the consumers they are helping, including consumers with Limited English Proficiency (LEP), Navigators **must:**

- Develop and maintain general knowledge of the racial, ethnic, and cultural groups in their service area.
- Collect and maintain updated information to help understand the composition of the communities in the service area, including the primary languages spoken.
- Provide oral and written notice in a consumer's preferred language of their right to receive translation or other language assistance services and guidance on how to obtain these services.

Providing CLAS (Cont.)

To provide services that are culturally and linguistically appropriate to the consumers they are helping, including consumers with LEP, Navigators **must** (cont.):

- Provide consumers with information and assistance in their preferred language at no cost to the consumer and provide oral interpretation services and translation of written documents if necessary.
 - This could also mean assisting the consumer with contacting the Marketplace Call Center for an interpreter.
 - A consumer's family or friends may provide oral interpretation for the consumer only if the consumer requests such family member or friend to interpret in lieu of oral interpretation services offered by the Navigator.
- Receive ongoing education and training on how to provide culturally and linguistically appropriate services.
- Take steps to recruit, support, and promote a staff that is representative of the demographic characteristics—including primary languages spoken—of the communities you are approved to serve.

Helping Consumers with Disabilities: Navigators

Navigators must take appropriate steps to provide effective communication to consumers with disabilities, which may include:

- Making reasonable modifications where necessary to avoid discrimination based on disability.
- Ensuring that consumer education materials, websites, and other consumer assistance tools are accessible.
- Providing appropriate auxiliary aids and services for consumers with disabilities, if necessary or requested, at no cost to the consumer in order to afford an equal opportunity to participate in or benefit from a program or activity.
- Providing assistance in a location and manner that is physically and otherwise accessible to consumers with disabilities.

Helping Consumers with Disabilities: Navigators (Cont.)

Navigators must take appropriate steps to provide effective communication to consumers with disabilities, which may include (cont.):

- Allowing authorized representatives to help consumers with disabilities make informed decisions.
- Knowing enough about local, state, and federal long-term services and support programs so that you can refer consumers to these programs when appropriate.
- Being able to work with all individuals regardless of age, disability, or culture.
- Seeking advice or experts when needed.
- For information on your specific legal obligations for serving qualified individuals with disabilities, including providing program access, reasonable modifications, and taking appropriate steps to provide effective communication, refer to [Discrimination on the Basis of Disability](#).

Helping Consumers With Disabilities and Language Access: CACs and EAPs

- CACs and EAPs **are required** to provide assistance that is accessible to individuals with disabilities. CACs and EAPs can meet this requirement through appropriate referrals to Navigators or the Marketplace Call Center.
- CACs and EAPs **are not required**, but are encouraged, to provide translation and other language access services to the extent that not providing language access services might operate as an artificial barrier to full and meaningful participation in the program or activity by LEP individuals.
- Many organizations are required by federal, state, or local laws to provide accessible and appropriate services to the consumers they serve. Check with your organization if you are unsure of your responsibilities.

Scenario #1: Question

Imagine your assister organization is participating in an outreach or enrollment event. The organizers want to:

- Create a sign-up sheet so that consumers can leave their names and contact information if they want to receive a follow-up contact from one of the assister organizations, and
- Provide consumers a gift card worth \$20.

Is this permissible?

Scenario #1: Answer

- Although it is permissible to have a sign-up sheet for consumers to voluntarily provide their contact information for a follow-up by an assister, it is **not permissible** to provide a gift card over \$15.
- Assisters can provide items like coffee shop gift cards, pens, magnets, or key chains worth \$15 or less each and in the aggregate (that is, multiple gifts and promotional items are okay as long as they total less than \$15), **as long as** they aren't used to induce enrollment and don't market or promote a third party.

Scenario #1: Answer (Cont.)

- FFM Navigators cannot use HHS Navigator grant funds to purchase promotional t-shirts, sweatshirts, or other clothing for their staff or consumers.
- Assisters can reimburse legitimate expenses incurred by a consumer in an effort to receive Exchange application assistance, such as reasonable travel or postage expenses. These types of expenses are not considered gifts. (Navigators must ensure that these costs are budgeted and pre-approved by CMS in its grant.)

Scenario #2: Question

Consider a scenario related to assisters working with consumers:

- Imagine your assister organization is planning to host a large outreach and education event with a community hospital.
- The hospital's event organizers suggest inviting several local insurance brokers with whom they have worked in the past to provide additional education and enrollment assistance at the event.
- You're concerned that inviting these brokers to an event that your organization is co-hosting will imply that you endorse them.

Can you and your co-host invite these individuals to the event without violating the legal requirements that apply to you in your assister role?

Scenario #2: Answer

Yes, you can invite these individuals to an event you are hosting or co-hosting without violating the legal requirements that apply to you in your assister role as long as you take certain steps:

- You must extend invitations to all agents and brokers in that particular area. In addition, consider having all agents and brokers in a physically separate area of the event.
- If a select group of agents and brokers attends the event despite reaching out to all agents and brokers in that area, you should be careful not to express or imply—by words or actions—an endorsement of, or preference for, the services of the group of agents and brokers that attend or for a specific attendee.
- Do not substitute an agent or broker to perform any of the services required of you as an assister.

Scenario #2: Answer (Cont.)

- You should not help consumers complete an application and then refer the consumer to an agent or broker at the event to complete plan selection (unless the consumer specifically asks to be assisted by an agent or broker).
- Whether agents and brokers attend Navigator-hosted events does not affect a Navigator's ability to use grant funds for the event as long as the costs are allowable, reasonable, and approved in its grant. The Navigator's duty of impartiality and using grant funds appropriately are what matters most in this scenario.

Contact Information

- The examples discussed are not exhaustive.
- If you have specific questions, please contact:
 - Certified Application Counselors: CACQuestions@cms.hhs.gov
 - Enrollment Assistance Personnel (EAPs): EAPQuestions@cms.hhs.gov
 - Navigators:
 - Your Navigator grant's Project Director, who can then reach out to the CMS Project Officer, if needed.
 - NavigatorGrants@cms.hhs.gov
