“Working to Achieve Health Equity”

A Roadmap Booklet for Your Community

From Coverage to Care is an initiative to help people with new health care coverage understand their benefits and connect to primary care and the preventive services that are right for them, so they can live a long and healthy life.

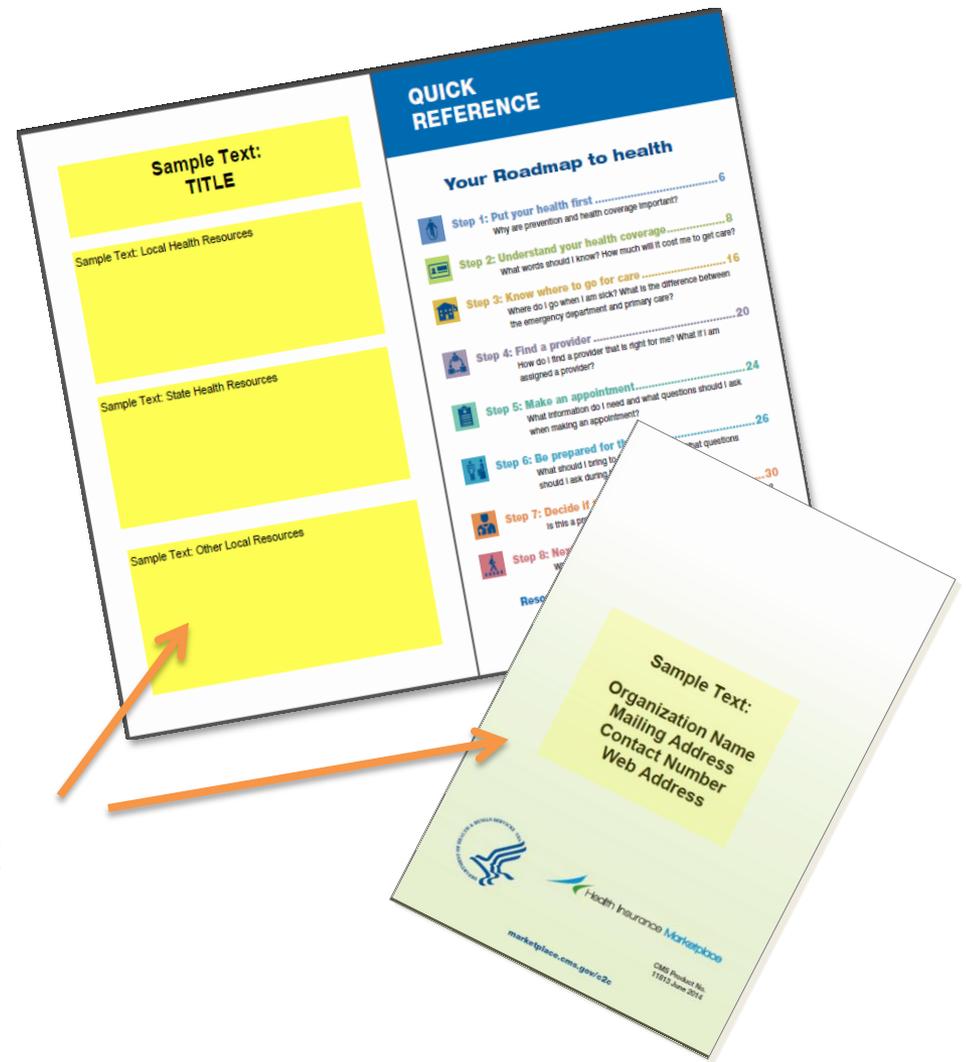

The “Roadmap to Better Care and a Healthier You” Booklet is a resource partners, assisters, and community organizations can use to help consumers understand and use their health coverage. You can talk consumers through the Roadmap step by step from the beginning, or ask them what they need help with and start there.

You can use the **Fillable Roadmap Booklet** and enter local resources and your contact information and print copies for consumers in your community.

Fillable Roadmap Instructions

The **Fillable Roadmap Booklet** includes fields on the front and back pages where you can add your own contact information, local organizations and partners, and community resources consumers might want as they learn about and use their coverage.

Enter your own text in the fields and you can print of custom versions of the Roadmap Booklet for your consumers in your area.

Download the Roadmap

The Fillable Roadmap Booklet and other *From Coverage to Care* materials are at:
