## SOP 10—Request a Marketplace Eligibility Appeal

### A. Introduction

If consumers believe there was a mistake or disagree with certain eligibility determinations made by a Marketplace, they have a right to request an appeal.<sup>1</sup> Consumers have the ability to appeal the following Marketplace determinations:

- Eligibility to purchase a Marketplace qualified health plan (QHP), including a Catastrophic plan.
- The Marketplace did not provide timely notice of an eligibility determination.
- Eligibility for a Special Enrollment Period (SEP) to enroll in a Marketplace QHP outside of the regular Open Enrollment Period.
- Eligibility or redetermination of eligibility for advance payments of the premium tax credit (APTC) or cost-sharing reductions (CSRs), including the amount of APTC and CSRs for which the consumer was determined or re-determined eligible. Note that consumers who have outstanding data matching issues (DMIs) will need to resolve those issues or wait for them to expire before they will be able to file an appeal regarding the eligibility determination for which there is a DMI. Consumers cannot appeal eligibility determinations that still have open DMIs.<sup>2</sup>
- A determination of eligibility for an exemption from the requirement to have health insurance.<sup>3</sup>
- Eligibility for Medicaid or the Children's Health Insurance Program (CHIP).<sup>4</sup>
- Any State-based Marketplace's (SBM) eligibility appeal decision or its decision denying the consumer's request to vacate the dismissal of their eligibility appeal (that is, to reinstate the appeal).

A consumer's eligibility determination notice will describe their appeal rights. Consumers may file an appeal with the Marketplace Appeals Center online or by mail or fax. The Marketplace Appeals Center will determine if an appeal is valid based on whether:

---

<sup>1</sup> Small employers can appeal a Small Business Health Options Program (SHOP) eligibility decision or SHOP Marketplace failure to make an eligibility determination or to provide notice of an eligibility determination in a timely manner. For more information on filing a SHOP eligibility appeal, consumers can call 1-800-706-7893 (TTY: 711) or use this [appeals form](#).

<sup>2</sup> For more information, please see [What to Do if Your Marketplace Appeal is "Invalid"](#).

<sup>3</sup> Beginning in 2019, the individual shared responsibility payment is reduced to \$0. Consumers don't need an exemption for 2019 or beyond to avoid paying the individual shared responsibility payment. However, consumers age 30 or older may be eligible to purchase a Catastrophic plan if they qualify for a hardship or affordability exemption.

<sup>4</sup> For consumers who live in states that have delegated to the Marketplace Appeals Center appeals of certain types of Medicaid determinations made by the Federally-facilitated Marketplace. These states include Alabama, Alaska, Louisiana, Montana, Virginia, West Virginia, and Wyoming. For all other states and the District of Columbia, consumers should contact their state Medicaid agency. Contact information for each state can be found in [Appendix B: State Medicaid & CHIP Program Information](#) and at [HealthCare.gov](#). More information on Medicare appeals is available at [Medicare.gov](#).

This information is intended only for the use of entities and individuals certified to serve as Navigators or certified application counselors in a Federally-facilitated Marketplace. The terms "Federally-facilitated Marketplace" and "FFM," as used in this document, include FFMs where the state performs plan management functions. Some information in this manual may also be of interest to individuals helping consumers in State-based Marketplaces and State-based Marketplaces using the Federal Platform.

**SOP 10—Request a Marketplace Eligibility Appeal**

- The appeal request was timely:
  - Received within 90 days of the contested Marketplace eligibility determination unless there were exceptional circumstances that precluded timely filing of the appeal request, as explained below;
  - Within 30 days of the date of an SBM notice of appeal decision;
  - Within 30 days of notice from an SBM declining to reopen the appeal after it was dismissed by the SBM.
- The request is about a matter that's appealable (as noted in the beginning of Section A); and
- The appeal is requested by a consumer or an authorized representative appointed in writing by the consumer.

If the appeal request doesn't meet these requirements, the consumer will receive a letter from the Marketplace explaining why the request is invalid and how to fix the problem and resubmit the appeal. If the appeal is valid, the consumer will receive a letter from the Marketplace that:

- Acknowledges receipt of their appeal;
- Includes their appeal number, which uniquely identifies their case. Consumers should write their appeal number on any documents they submit to the Marketplace Appeals Center;
- Provides a description of the appeals process; and
- Includes instructions for submitting additional material for consideration, if necessary.

If a consumer misses the 90-day timeframe to file an appeal, they may be able to get a "good cause" extension. They should explain the reason why they missed the deadline in the [Appeals Form](#) or in their appeal request letter. The Marketplace Appeals Center may accept an untimely appeal if the consumer sufficiently demonstrates within a reasonable timeframe that failure to submit the appeal request timely was due to exceptional circumstances that should not preclude the appeal.

In many cases, the Marketplace Appeals Center will work with the consumer to resolve the appeal informally. It is important to note that, once an appeal request is submitted, a consumer becomes an appellant. This language may appear on communications a consumer receives related to their appeal. If the consumer accepts the results of the informal resolution, the decision is binding, and the Marketplace Appeals Center will send a decision in the mail. In some cases, an appeal may proceed directly to a hearing. If the consumer does not accept the results of the informal resolution process, the consumer can request a hearing conducted by telephone before a Federal Hearing Officer. After the hearing, the consumer will receive a final appeal decision in the mail. If the

**SOP 10—Request a Marketplace Eligibility Appeal**

appeal decision states that the contested eligibility determination was incorrect<sup>5</sup>, the consumer will be able to choose whether the appeal decision will be effective in the future or retroactively to the coverage effective date associated with the incorrect eligibility determination. The outcome of an appeal could change the eligibility of other members of the consumer's household.

Consumers are afforded certain rights as part of the appeals process. They can:

- Ask for an expedited appeal review if they believe that they have an immediate need for health services and a delay could seriously jeopardize their health.
- Appoint an authorized representative, including a family member, friend, advocate, or attorney, to act on their behalf for their appeal. Consumers who choose to have an authorized representative for their appeal will need to send a [form](#) or [letter](#) to the Marketplace Appeals Center, including as part of their appeal on the Appeal Request Form. For more information on appointing an authorized representative for an appeal, visit [Getting Help with Your Appeal](#) at HealthCare.gov.
- Request to continue their current eligibility for Marketplace coverage and any APTC and CSRs while their appeal is being decided.
  - If consumers don't stay enrolled during their appeal, they may not be able to re-enroll in Marketplace coverage right away, even if their appeal decision changes their Marketplace eligibility.
  - If consumers choose to continue their benefits during their appeal, they may be responsible for the cost of their coverage. For example, if their appeal decision finds that they aren't eligible for all of the APTC they got during their appeal, they may be required to pay back some or all of that APTC when they file their federal income tax return.
- Ask the Marketplace Appeals Center to provide them a copy of their appeal record free of charge using the [Request for Appeal Record form](#).
- Bring witnesses to testify during a hearing.
- Request an auxiliary aid or service and language assistance services to make the appeals process accessible to them.

---

<sup>5</sup> There are situations where the eligibility determination was correct at the time it was made, but due to new or changed information, the appellant's eligibility has since changed. These 'modified' decisions may award a coverage effective date later than the one associated with the contested eligibility determination notice. For example, an appellant who files a federal income tax return and reconciles APTC after the Failure to File and Reconcile (FTR) recheck process and is seeking retroactive APTC to the time it was removed. The appeal decision would reflect that the contested eligibility determination notice was correct at the time it was made, but the appellant's eligibility has since changed, and they are eligible for retroactive APTC to the effective date associated with their filing and reconciliation.

This information is intended only for the use of entities and individuals that are certified to serve as Navigators, certified application counselors, or non-Navigator assistance personnel in a Federally-facilitated Marketplace. The terms "Federally-facilitated Marketplace" and "FFM," as used in this document, include FFMs where the state performs plan management functions and State Partnership Marketplaces. Some information contained in this manual may also be of interest to individuals helping consumers in State-based Marketplaces and Federally-supported State-based Marketplaces.

Navigators and certified application counselors (CACs), collectively, “assisters,” may, but are not required to, help consumers through the entire eligibility appeals process in their role as an assister. Assisters however must not act as tax advisers or attorneys when providing assistance as assisters. This Standard Operating Procedure (SOP) provides guidance on how to assist consumers with requesting an appeal.

## B. Procedures

All consumer eligibility determination notices include instructions on how consumers may request an appeal. Consumers can submit their appeal request online or they can mail or fax their appeal requests to the Marketplace Appeals Center. The written appeal request may be in the form of a letter, or consumers may send in a completed and signed appeal request form. Depending on the consumer’s preferred method for requesting an appeal, refer to the corresponding section below.

### 1. Submit an Appeal Request Online

If consumers choose to complete an online appeal request form, complete the following steps.

- Step 1.** Direct consumers to the [Marketplace Eligibility Appeal Request form](#) to find the correct appeal request form for their state.
- Step 2.** Instruct consumers to complete their state’s appeal request form, have all tax filers on their application sign the form, and then submit their completed form online.
- Step 3.** Explain to consumers that the Marketplace Appeals Center may request documents to support their appeal. If they choose not to submit documents with the appeal request, the Marketplace Appeals Center will request any necessary information or documents relevant to the issue on appeal. Remind consumers to include their appeal number on all copies (not originals) of documents they mail to the Marketplace Appeals Center.

- FAQ 2. How long will it take to receive a decision on my appeal?
- Answer: Decisions are mailed within 90 days of receipt of the appeals request, as administratively feasible. The time required to make a decision on your appeal will vary based on certain factors, including the reason for your appeal and whether you need to submit additional documents to support your appeal.
- FAQ 3. What if I don't agree with the Marketplace Appeals Center's informal resolution?
- Answer: You can request a hearing conducted over the phone. The Notice of Informal Resolution will include instructions on how to request a hearing.

If you do not request a rescheduled hearing and fail to appear at your hearing, your appeal will be dismissed.
- FAQ 5. What do I do after I receive the final appeal decision?
- Answer: Your Notice of Final Appeal Decision or Hearing Decision will include instructions on your next steps, including those on enrollment or re-enrollment, and if applicable, choosing to implement the appeal decision on a retroactive or future date.

## Appendix B: State Medicaid & CHIP Program Information

The Patient Protection and Affordable Care Act (PPACA) coordinates state Medicaid and CHIP programs with the Health Insurance Marketplace®. Each state must have a single state agency to administer or supervise the administration of the Medicaid program. As an assister, consumers may ask you questions on specific Medicaid or CHIP eligibility requirements in their states. You may also encounter consumers who have been determined eligible for Medicaid or CHIP by the Marketplace and require assistance with enrollment. In these cases, you may reference Exhibit 2 for links to state Medicaid and CHIP programs. Please refer consumers to these websites and agencies to help them find the information and assistance they need.
