

## Documentation Worksheet

### Cataract Surgery in the Adult: *Visually Symptomatic Cataract*

Name: \_\_\_\_\_

Record No.: \_\_\_\_\_

Ophthalmologists, hospitals and Ambulatory Surgical Centers (ASCs) must maintain **notes or other medical records outlining an appropriate preoperative ophthalmologic evaluation and any related ancillary testing** as appropriate. This information should be made available upon request. **It is strongly recommended copies of this sheet or its equivalent (if used) and any related notes or ancillary test results be provided to the surgical facility to ensure it can meet its documentation requirements.**

**Describe specific activity limitations and/or participation restrictions. (Use the patient's own words where possible, e.g. "I can't see street signs when I drive"):**

#### Best Corrected Visual Acuity:

At distance: Right Eye \_\_\_\_\_ Left Eye \_\_\_\_\_

At near (IF complaint is at near): Right Eye \_\_\_\_\_ Left Eye \_\_\_\_\_

**Please certify that your medical chart supports these statements by initialling each of the following:**

- \_\_\_\_\_ 1. The patient's impairment of visual function is believed **not to be correctable** with a tolerable change in glasses or contact lenses.
- \_\_\_\_\_ 2. Cataract (in the operative eye) is believed to be **significantly contributing** to the patient's visual impairment.
- \_\_\_\_\_ 3. The patient desires surgical correction; the risks, benefits, and alternatives have been explained; and a **reasonable expectation exists that lens surgery will significantly improve both the visual and functional status of the patient.**

#### ATTESTATION

I certify the statements on this sheet are true to the best of my knowledge.

Physician Signature: \_\_\_\_\_

Print Physician Name: \_\_\_\_\_

### Going Beyond DIAGNOSIS<sup>®</sup>

#### ICF Correlation (Optional)

#### BODY STRUCTURE

s2204 - Lens of Eyeball

#### BODY FUNCTION

(Check **at least one**, but all that apply)

##### Seeing functions: Visual acuity

- b21000 - Binocular: distant vision
- b21001 - Monocular: distant vision
- b21002 - Binocular: **near** vision
- b21003 - Monocular: **near** vision

##### Seeing functions: Quality of vision

- b21020 - Light sensitivity
- b21020 - Color Vision
- b21022 - Contrast Sensitivity
- b21023 - Visual picture quality

OTHER

#### ACTIVITIES AND PARTICIPATION

(Check **at least one**, but all that apply)

##### Learning and Applying Knowledge

- d110 - Watching
- d166 - **Reading**
- d170 - **Writing**

##### General Tasks and Demands

- d230 - **Carrying out daily routine**

##### Communication

- d315 - Receiving non-verbal messages
- d320 - Receiving sign-language
- d325 - **Receiving written messages**
- d340 - **Producing written messages**

##### Mobility

- d450 - **Walking**
- d470 - Using Transportation
- d475 - **Driving**

##### Self-Care

- d510 - **Washing oneself**
- d520 - Caring for body parts

- d530 - Toileting
- d540 - **Dressing**
- d550 - Looking after one's health

##### Domestic Life

- d620 - Acquisition of goods and services
- d630 - **Preparing meals**
- d640 - **Doing Housework**
- d660 - Assisting others

##### Major Life Areas

- d850 - **Remunerative Employment**

##### Community, Social and Civic Life

- d910 - Community life
- d9201 - **Sports**
- d9202 - Arts and Culture
- d9203 - **Crafts**
- d9204 - **Hobbies**
- d9205 - Socializing
- d930 - Religion and Spirituality
- d940 - Political life
