

MCD Access Keys

MCD utilizes five access keys which are listed below. Please follow the browser specific instructions when using access keys on the MCD.

Please Note: There are some browser specific access keys that may conflict with those on MCD; however, there is a workaround.

The browser access keys can be triggered by pressing and releasing each key from the instructions below.

The MCD access keys can be triggered by pressing and holding each of the necessary keyboard items together.

Access Keys

B = Breadcrumbs

N = Submit Button

U = Reset Button

I = Print Record/Print Report/Print Selected

H = Page Help
