Dear Administrator:

Re: CMS Certification Number: 090006

Your request to terminate your participation in Medicare as a provider of services has been accepted. Accordingly, your agreement with the Secretary of Health and Human Services has been terminated effective April 30, 2019.

The Medicare program will not make payment for services furnished to patients who were admitted on or after April 30, 2019.

You should be in touch with your Medicare Administrative Contractor (MAC) to make arrangements for completing a final cost report and to adjust any outstanding current payments.

Sincerely,

Bernae Hinnant  
Certification and Enforcement Branch
