Asking Questions

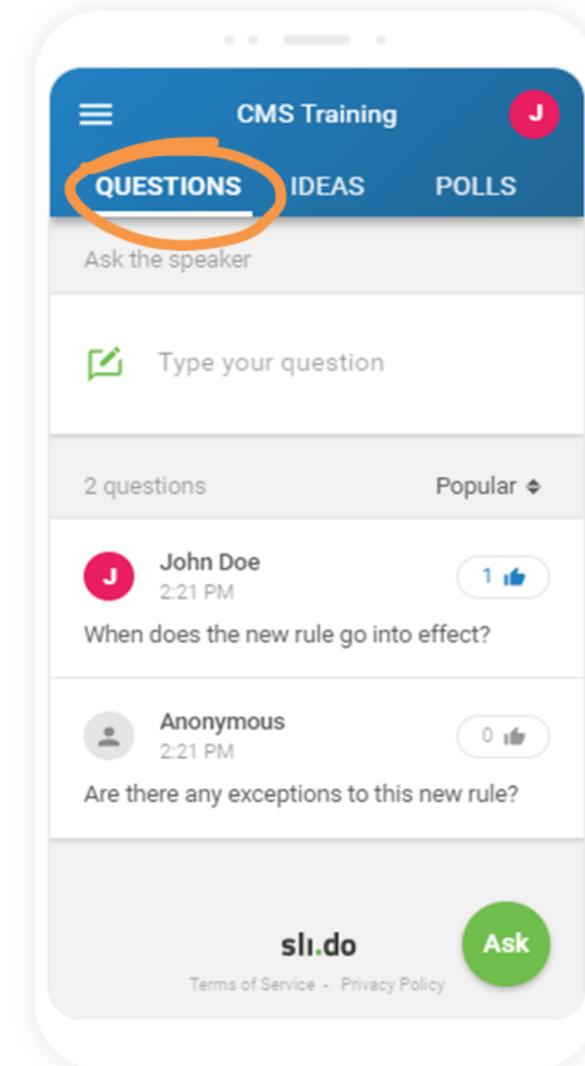

Quick Profile Setup

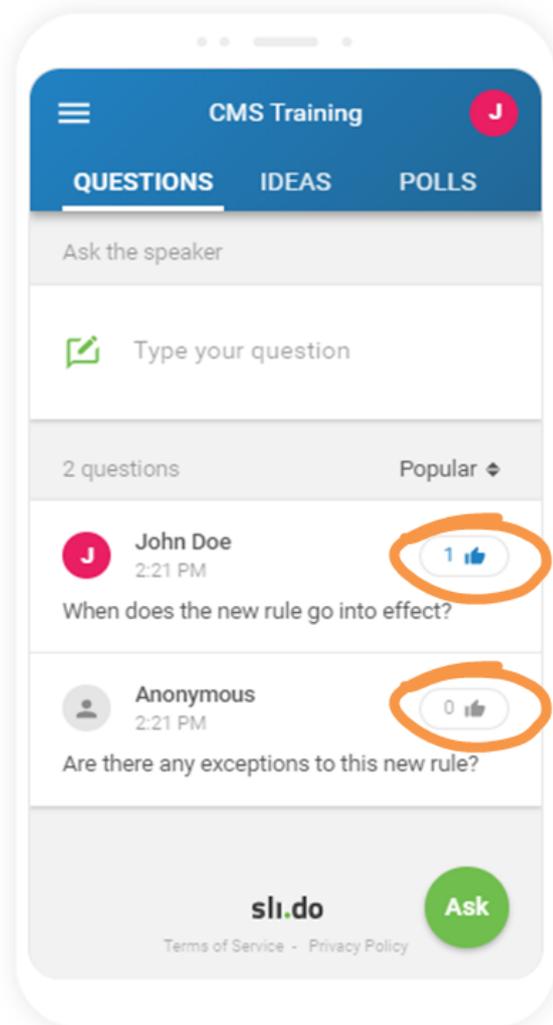

1. To begin, click the user avatar icon in the top-right corner of the web app.
2. Please enter your full name, organization, and email address.

How to Ask Questions

Once you have completed your profile, you will be able to ask questions via the Questions tab. We will address questions during the afternoon Q&A session, as time allows. If we are unable to answer a question during the session, answers will be posted later with the training materials.

Upvoting Questions

Submitted questions are generally visible to all participants. If there is a question you would like to see answered, click the “like” button next to it.

This will help us prioritize questions, as we may not be able to address all questions during the event.

Record Your Action Plan Ideas

Action Plan

| Topic | Policies, Procedures, Processes, and/or Documentation Systems and Tools Potentially Impacted | Action Steps Needed | Education Needed (Topic and Audience) | Timeline |
|-----------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Section N: Medications (Drug Regimen Review) | <ul style="list-style-type: none"> • <i>Develop, review, and revise the current hospital policies, as needed:</i> <ul style="list-style-type: none"> ◦ <i>Medication drug regimen review and reconciliation.</i> <ul style="list-style-type: none"> ■ <i>Define “potentially clinically significant” to assure consistency amongst staff.</i> ■ <i>Documentation of medication events and occurrences.</i> ■ <i>Admission and discharge policies and processes.</i> • <i>Evaluate electronic health record (EHR) compatibility with the LTCH Care Data Set v4.00 additions/ changes.</i> | <ul style="list-style-type: none"> • <i>Develop or revise a process for admitting physicians to document any “potentially clinically significant” medication issues on admission and throughout the hospital stay.</i> • <i>Work with an EHR vendor and internal IT department/resources to ensure functionality of LTCH Care Data Set v4.00 additions/changes.</i> • <i>Work with medical records to update any relevant assessments or forms.</i> • <i>Ensure all appropriate staff have been trained.</i> | <ul style="list-style-type: none"> • <i>Quality department staff</i> • <i>Case manager</i> • <i>Unit-based leader</i> • <i>Clinical educator</i> • <i>Pharmacy</i> • <i>Medical staff</i> • <i>Admitting</i> • <i>IT staff</i> | <ul style="list-style-type: none"> • <i>Meet with team to assess educational and organizational needs by January 19, 2018.</i> • <i>Create training plan by February 16, 2018.</i> • <i>Implement any required policy changes by March 9, 2018.</i> • <i>Provide education to staff trainers by March 30, 2018.</i> • <i>Trainers complete staff training by April 30, 2018.</i> |
