

TECHNICAL EXPERT PANEL COMPOSITION LIST

Project Title:

Development and Reevaluation of Outpatient Outcome and Efficiency Measures

Dates:

This project is anticipated to continue through September 2018.

Project Overview:

The Centers for Medicare & Medicaid Services (CMS) has contracted with the Yale New Haven Health Services Corporation Center for Outcomes Research and Evaluation (CORE) and its partner, the Lewin Group, to develop and maintain imaging efficiency measures for the CMS outpatient quality reporting programs that support CMS and National Quality Strategy objectives. The contract name is: Development, Reevaluation and Implementation of Outpatient Outcome and Efficiency Measures. The contract number is: HHSM-500-2013-13018I; Task Order HHSM-500-T0002. As part of its measure development process, CMS asks contractors to convene groups of stakeholders and experts who contribute direction and thoughtful input to the measure contractor during measure development and maintenance. The following individuals were selected and have agreed to serve as the Technical Expert Panel (TEP) for this project (no members of the TEP had conflicts of interest that precluded them from participating):
