– FOR PUBLIC COMMENT ONLY -

May 2011

The Centers for Medicare & Medicaid Services (CMS) is pleased to announce the release of the 2012 Electronic Health Record (EHR) Downloadable Resource Table Release Notes. The list below details a comprehensive list of revisions made since the 2011 EHR Downloadable Resource Table. Updates have also been made in the draft 2012 EHR Measure Specifications. Tabs referencing the QRDA 'technical' code sets were removed to focus the public comments on the measures and clinical coding.

These specifications are <u>not</u> intended for use in the EHR Incentive Program, at this time. The EHR Incentive Program's American Recovery and Reinvestment Act's (ARRA's) Health Information Technology for Economic and Clinical Health (HITECH) Act's Electronic Specifications and related documents can be found on the CMS website.
