MMA - 2nd Update to the 2004 Medicare Physician Fee Schedule Database

Note: This article was updated on May 9, 2013, to reflect current Web addresses. All other information remains unchanged.

Provider Types Affected

Physicians, suppliers, and providers

Provider Action Needed

Physicians, suppliers, and providers should note the changes to the Medicare Physician Fee Schedule Database, and identify those changes that impact their practice.

Background

This instruction corrects errors in payment files issued to carriers based upon the November 7, 2003 and January 7, 2004 Final Rules for the 2004 Medicare Physician Fee Schedule Database. Details of the changes in this second update of the year may be found in the *Additional Information* section below.

Also, unless otherwise stated, these changes are retroactive to January 1, 2004. However, carriers and fiscal intermediaries will not search their files to either retract payment for claims already paid or to retroactively pay claims based on the corrected rates. Carriers will adjust claims brought to their attention by the provider.

Additional Information

The official instruction issued to your carrier regarding this change may be found at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Transmittals/downloads/R173CP.pdf> on the CMS website.

Changes included in this instruction to the 2nd Update to the 2004 Medicare Physician Fee Schedule Database are shown in the following table.
