## Background

---

Financial limitations on therapy services (therapy caps) are currently described in the *Medicare Claims Processing Manual* (Pub. 100-04), chapter 5, section 10.2, which is available at <http://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/downloads/clm104c05.pdf> on the CMS website. The dollar amount for the limitations in 2006 is based on the Medicare Economic Index that is published in the final rule for the Medicare Physician Fee Schedule in November, 2005.

Section 4541(a)(2) of the Balanced Budget Act (BBA) (P.L. 105-33) of 1997, required payment under a prospective payment system for outpatient rehabilitation services (physical therapy, including outpatient speech-language pathology, and occupational therapy). Section 4541(c) of the BBA required the application of a financial limitation to all outpatient rehabilitation services (except outpatient departments of hospitals).

These limits were in effect in 1999, but were removed by law in 2000-2002. The statutory limits went back into effect September 1, 2003. The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 re-enacted the moratorium and extended it until December 31, 2005.
