Background

Disclaimer

This article was prepared as a service to the public and is not intended to grant rights or impose obligations. This article may contain references or links to statutes, regulations, or other policy materials. The information provided is only intended to be a general summary. It is not intended to take the place of either the written law or regulations. We encourage readers to review the specific statutes, regulations and other interpretive materials for a full and accurate statement of their contents.

The Form CMS-1500 is the paper claim form that physicians and suppliers, who qualify for an exemption from the mandatory electronic claims submission requirements (as set forth in the Administrative Simplification Compliance Act, Public Law 107-105 (ASCA) and the implementing regulation at 42 CFR 424.32), use to submit claims.

CR 5568, released March 19, 2007, instructed Medicare contractors to continue to accept the earlier (12-90) version of Form CMS-1500 (tentatively until June 1, 2007), because of reports that some vendors had printed the newer (08-05) version of the form incorrectly. After analysis, however, the problem does not appear to be as widespread as previously suspected.

Therefore, CR 5616, from which this article is taken, announces, based on the information at hand, that beginning July 2, 2007, you will need to submit claims using the Form CMS-1500 (08-05).

Note: CR5616 addresses submission of the revised Form CMS-1500 paper claim form only, and has no bearing on the implementation of the National Provider Identifier (NPI), nor does CR5616 mandate the submission of the NPI by July 1, 2007.
