

CENTERS FOR MEDICARE AND MEDICAID SERVICES  
Special Open Door Forum:  
Medicare Part D Claims Data

Wednesday, June 11, 2008  
3:30pm–5:00pm Eastern Time  
Conference Call Only

The Centers for Medicare and Medicaid Services (CMS) will host a Special Open Door Forum (ODF) to discuss the recently published Medicare Part D Claims Data rule (4119-F) allowing federal and state government agencies and qualified researchers access to Part D claims data. We anticipate a high degree of interest in the rule as well as in access to the Part D claims data.

Senior CMS officials, along with representatives from the Office of Research, Development, and Information; the Center for Beneficiary Choices; and the Office of Information Services will discuss the rule, the process for requesting Part D Claims data and will answer questions from the public.

More information on the Part D Data rule, including the final rule, a fact sheet, frequently asked questions, a comparison of the proposed and the final rule and Prescription Data Element (PDE) list may be found at:
