*Medicare Check-up Season***

Now that Medicare's open enrollment season is here, Medicare is joining local faith-based partners to host "Check-Up Season" events in houses of worship across the nation. Medicare is committed to reaching people with Medicare in their communities, where they live, work, play, and pray.

Medicare recommends that seniors take a quick "Medicare Rx Enrollment Check-up" by spending a few minutes reviewing your plan or talking to someone close to you about their Medicare plan. If you are satisfied with your current plan's cost and coverage for next year and the customer service you receive, you don't need to do anything. If you would like to change plans or enroll in a plan for the first time, now is your chance to make the most out of your Medicare. Enroll as soon as possible – the sooner the better – to avoid any inconvenience at the pharmacy counter in January.

And, Medicare is here to help – online, on the phone or at community events in your place of worship. Visit [www.medicare.gov](http://www.medicare.gov) or call toll-free at 1-800-MEDICARE, that's 1-800-633-4227.
