

Medicare Open Enrollment Begins Nov 15th

**This holiday season help someone
you know take the
Medicare Rx Enrollment Check-Up**

**And help them get the most
out of their Medicare health and
prescription drug benefits.**

Medicare's open enrollment starts November 15. Now is a perfect time for you to help a loved one, friend or neighbor evaluate their current Medicare prescription drug coverage. Medicare recommends that people with Medicare take a quick Rx Enrollment Check-Up. Take a few minutes to review your coverage and any changes to it for 2007. You can always call your plan with questions.

If you are satisfied with your current plan's cost and coverage for the next year and the customer service you receive, you don't need to do anything. But if you want to review other options, there are plenty of ways to get personalized help – check for Medicare events in your community, visit www.medicare.gov on the web, or call 1-800-MEDICARE (1-800-633-4227).

TTY users should call 1-877-486-2048. Look for the plan that will meet your needs.

Enroll as soon as possible – the sooner the better – to avoid any inconvenience at the pharmacy counter in January.

Medicare is here for you 24/7 – on line, on the phone and in your community.
