Medicare Prescription Drug Coverage is Coming

With new prescription drug coverage, Medicare covers more than ever! Starting January 1, 2006, Medicare prescription drug coverage will be available to all people with Medicare. To get covered, you join a Medicare drug plan. It can help you save money and protect against high drug bills in the future.

For more information, look at the Medicare & You 2006 handbook, visit www.medicare.gov on the web or call 1-800-MEDICARE.
