

Implementation Period Participant List

Date: September 21, 2026

Subject: Notice of ACOs Participating in the Long-Term Enhanced ACO Design (LEAD) Model Optional Implementation Period

The Center for Medicare and Medicaid Innovation (Innovation Center) is releasing the names of 79 ACOs (Table 1) that are participating in the Implementation Period (IP) of the LEAD Model, which runs from September 15, 2026 through December 31, 2026. Overall, the Innovation Center is working with well over 100 ACOs that are preparing to participate in LEAD for Performance Year (PY) 2027; ACOs have until mid-December to finalize participation.

The IP provides an opportunity for ACOs to prepare for the upcoming PY, which starts on January 1, 2027. All 79 ACOs participating in the IP will have the opportunity, but not the obligation, to participate in PY2027 of the LEAD Model, provided they continue to meet all model requirements.

LEAD ACOs that would like to participate in PY2027 were **not required** to participate in the IP, therefore, **this is not an exhaustive list of ACOs that are participating in LEAD for PY2027**. For additional details on the IP, please see the LEAD Model RFA.
