SUPPLEMENTARY INFORMATION:

I. Description of the Matching Program

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100-503), amended the Privacy Act (5 U.S.C. 552a) by describing the manner in which computer matching involving Federal agencies could be performed and adding certain protections for individuals applying for and receiving Federal benefits.

Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals. The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, state, or local government records. It requires Federal agencies involved in computer matching programs to:

1. Negotiate written agreements with the other agencies participating in the matching programs;
2. Obtain the Data Integrity Board approval of the match agreements;

3. Furnish detailed reports about matching programs to Congress and OMB;

4. Notify applicants and beneficiaries that the records are subject to matching; and,

5. Verify match findings before reducing, suspending, terminating, or denying an individual's benefits or payments.

B. CMS Computer Matches Subject to the Privacy Act

CMS has taken action to ensure that all CMPs that this Agency participates in comply with the requirements of the Privacy Act of 1974, as amended.

Dated: December 19, 2006.

John R. Dyer,

Chief Operating Officer, Centers for Medicare & Medicaid Service.

**CMS Computer Match No. 2006-06
HHS Computer Match No. 0603**

NAME:

"Computer Matching Agreement (CMA) Between the Centers for Medicare & Medicaid Services (CMS) and Participating States for the Disclosure of Medicare and Medicaid Information."

SECURITY CLASSIFICATION:

Level Three Privacy Act Sensitive.

PARTICIPATING AGENCIES:

The Centers for Medicare & Medicaid Services (CMS).

All Participating States, the District of Columbia, and the territories of Guam, Puerto Rico, American Samoa, and the Virgin Islands.

AUTHORITY FOR CONDUCTING MATCHING PROGRAM:

This CMA is executed to comply with the Privacy Act of 1974 (Title 5 United States Code (U.S.C.) 552a), as amended, (as amended by Public Law (Pub. L.) 100-503, the Computer Matching and Privacy Protection Act (CMPPA) of 1988), the Office of Management and Budget (OMB) Circular A-130, titled "Management of Federal Information Resources" at 65 **Federal Register** (FR) 77677 (December 12, 2000), 61 FR 6435 (February 20, 1996), and OMB guidelines pertaining to computer matching at 54 FR 25818 (June 19, 1989).

This Agreement provides for information matching fully consistent with the authority of the Secretary of the Department of Health and Human Services (HHS) (the Secretary). Sections 1816 and 1842 of the Social Security Act (the Act) permits the Secretary to make audits of the records of providers as necessary to insure that proper

payments are made, to assist in the application of safeguards against unnecessary utilization of services furnished by providers of services and other persons to individuals entitled to benefits, and to perform other functions as are necessary (Pub. L. 108-173 section 911, amending Title XVIII, section 1874A (42 U.S.C. 1395kk-1).

Section 1857 of the Act provides that the Secretary, or any person or organization designated by the Secretary shall have the right to "inspect or otherwise evaluate (i) the quality, appropriateness, and timeliness of services performed under the contract" (42 U.S.C. 1395w-27(d)(2)(A)); and "audit and inspect any books and records of [a Medicare Advantage] organization that pertain to services performed or determinations of amounts payable under the contract." (42 U.S.C. 1395w-27(d) (2) (B)).

Furthermore, § 1874(b) of the Act authorizes the Secretary to "contract with any person, agency, or institution to secure on a reimbursable basis such special data, actuarial information, and other information as may be necessary in the carrying out of his functions under Subchapter XVIII." (42 U.S.C. 1395kk(b).)

Section 1893 of the Act establishes the Medicare Integrity Program, under which the Secretary may contract with eligible entities to conduct a variety of program safeguard activities, including fraud review employing equipment and software technologies that surpass existing capabilities (42 U.S.C. 1395ddd). These entities are called Program Safeguards Contractors (PSC) and Medicare Drug Integrity Contractors (MEDIC).

Pursuant to the applicable state statutes and guidelines for the Participating State charged with the administration of the Medicaid program, disclosure of the Medicaid data pursuant to this Agreement is for purposes directly connected with the administration of the Medicaid program, in compliance with 42 CFR 431.300 through 431.307. Those purposes include the detection, prosecution, and deterrence of fraud, waste and abuse (FW&A) in the Medicaid program.

PURPOSE (S) OF THE MATCHING PROGRAM:

The purpose of this Agreement is to establish the conditions, safeguards, and procedures under which CMS will conduct a computer matching program with Participating States to study claims, billing, and eligibility information to detect suspected instances of Medicare and Medicaid FW&A. CMS and the Participating State will provide a CMS contractor

(hereinafter referred to as the "Custodian") with Medicare and Medicaid records pertaining to eligibility, claims, and billing which the Custodian will match in order to merge the information as necessary to conduct the match. Utilizing fraud detection software, the information will then be used to identify patterns of aberrant practices and abnormal patterns requiring further investigation. Aberrant practices and abnormal patterns identified in this matching program that constitute FW&A will involve individuals who are practitioners, providers and suppliers of services, Medicare beneficiaries, Medicaid recipients, and other individuals whose information may be maintained in the records.

CATEGORIES OF RECORDS AND INDIVIDUALS COVERED BY THE MATCH:

This computer matching program (CMP) will enhance the ability of CMS and Participating States to detect FW&A by matching claims data, eligibility, and practitioner, provider, and supplier enrollment records of Medicare beneficiaries, practitioners, providers, and suppliers in the Participating State against records of Medicaid recipients, practitioners, providers, and suppliers in the Participating State.
