

capsulotomy as compared to one similarly designed PMMA IOL (PMMA is the only type of non-foldable IOL currently being distributed). However, the FDA has not approved a claim that Acrysof is superior to all non-foldable lenses or to any other type of foldable lens. Therefore, Alcon has not met criterion four. We conclude that the Acrysof lenses described in this notice are not NTIOLs, and, therefore, not eligible for the additional \$50 payment.
