**III. FUNDING:**

**For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

**EFFECTIVE DATE: January 1, 2020**

*\*Unless otherwise specified, the effective date is the date of service.*

**IMPLEMENTATION DATE: October 7, 2019 - Analysis, Design, and Coding; January 6, 2020 - Testing and Implementation**

## I. GENERAL INFORMATION

**A. Background:** There have been several requests from Medicare providers to the Centers for Medicare & Medicaid Services (CMS) to enable the functionality to send Additional Documentation Request (ADR) letters electronically. CMS implemented a pilot supporting the electronic version of the ADR letter known as Electronic Medical Documentation Request (eMDR) via the Electronic Submission of Medical Documentation (esMD) system. Since the eMDRs may contain Protected Health Information (PHI) data being sent to the prospective provider, a valid consent is required from the authorized individual representing the provider along with the destination details including any delegation to their associated or representing organizations such as Health Information Handlers (HIHs). The sender will have to complete the required identity proofing and always make sure to check for any registration updates before sending out each eMDR. With the implementation of this CR, automation of eMDR registration and any corresponding updates will be done with esMD support.

CMS is requiring its review contractors to support sending ADR letters (*for Medical and Non-Medical Review related*) electronically as eMDRs, with the following exceptions.

Any Post-Pay ADRs generated based on Appeals, either Medical or Non-Medical review related, are excluded from the scope of this CR. Any participant, for whom the Post-Pay ADRs are generated by the *Medicare as Secondary Payer (MSP) contractor*, is excluded from the scope of this CR.

The purpose of this change request is to implement the changes required to generate and send the 'ADR Letter Package' information, at the Review Contractor end, who conducts the *post pay* related reviews, to esMD. The 'ADR Letter Package' comprises of the general information about the ADR Letter and the PDF copy of the ADR letter. This is the first step required, from the Review Contractor side, for the purpose of exchanging the Additional Documentation Request (ADR) letters to registered Providers via the Electronic Submission of Medical Documentation (esMD) system.

### Assumptions

- Post-Pay ADRs generated based on *Appeals*, and Post-Pay ADRs generated by the *MSP* contractor, are excluded from the scope of this CR.
- A provider (by billing National Provider Identifier (NPI)) registering for the first time to receive eMDR shall receive both electronically and by postal mail for the first three ADRs.
- A provider enrollment for Medicare Administrative Contractor (MAC) portals and Direct Data Entry (DDE) (Part A) are separate from eMDR enrollment and registration.
- **A provider (by billing NPI) registering for eMDR will receive ADR letters electronically via esMD from all review contractors sending out ADR letters.**

- **A provider (by billing NPI) registering for eMDR is applicable to receive eMDRs for all its Provider Transaction Access Numbers (PTANs).**

**Terminology:**

1. **eMDR Registered Providers File:** Information sent from esMD to Review Contractors (Non-MACs), the cumulative list of eMDR Registered Providers and their registration status, via RC Client.
2. **eMDR Structured File:** A file of Information about the ADR letter (Extensible Markup Language (XML) format), generated by the Review Contractors (Non-MACs), to be sent to esMD. After the necessary validations, esMD sends the same as a part of *eMDR Letter Package*, to the intended HII/Providers.
3. **ADR Letter in PDF:** A copy of the ADR letter in Portable Document Format (PDF) format, generated by the Review Contractors (Non-MACs), to be sent to Providers, via esMD as part of *eMDR Letter Package* bundle (also, to be posted on their respective portals).
4. **ADR Letter Package:** A ZIP file containing information comprising of '*eMDR Structured File*', '*ADR Letter in PDF*', and the process *meta data information file (XML)*, generated by Review Contractors (Non-MACs), to be sent to esMD
5. **eMDR Letter Package:** esMD generated Secured transaction comprising of '*eMDR Structure File*', and '*ADR Letter in PDF*', to be sent to HII/Provider.
6. **eMDR Error Details File:** File containing details about the eMDR Letter Package(s), which encountered any unforeseen error, while generating the package OR sending the same, to HII. HII shall accordingly inform the intended Providers, to assist them to obtain the information from respective MACs.
7. **eMDR Provider Delivery Notification:** Notification sent by HII as a confirmation regarding the delivery of the *eMDR Letter Package* to the intended Provider. esMD shall pass on the outcome information, to the respective MACs, upon the request.
8. **Analysis Factor:** Represents the element used, as the basis, to conduct the analysis. Such as Procedure Code, or Diagnosis Related Group (DRG) code, etc.
9. **Document Code:** Represents the document to be requested from the Provider, in a codified form.
10. **Process Meta Data File:** An XML file containing all the elements which are defined/expected by the esMD system, to process the Post-Pay eMDR transaction sent, by the Review Contractors.

**B. Policy:** The Administrative Simplification provisions of Health Insurance Portability and Accountability Act (HIPAA) require the Secretary of the Department of Health and Human Services (HHS) to follow the Security Standards general rules as in § 164.306(a) and § 164.306(b) in order to protect the secure exchange of Protected Health Information/Personally Identifiable Information (PHI/PII) sensitive information electronically.

## **VI. FUNDING**

### **Section A: For Medicare Administrative Contractors (MACs):**

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

**ATTACHMENTS: 4**

CR	Change Requested	Explanation/Purpose	Date
11142	esMD	Row 3 - The prefix (first 3 characters) of the [ Unique ID ] element note has been removed.	02/19/2019
11142	esMD	Row 4 - The date format has been made to 1 format. [Letter Date]	02/19/2019
11142	esMD	Row 37 - The date format has been made to 1 format. [Respond By]	02/19/2019
		Row 40 - A new section 'Review Level' has been included as a required section. Under this section, two elements are added. <i>Analysis ID</i> (Row 41) <i>Analysis Factor</i> (Row 42)	
11142	RCs	<i>Document Code</i> (Row 43) - Has been moved from the Claim Details section to this section	02/19/2019
11142	esMD	Row 45 - For the element Case ID, a separate section has been made.	02/19/2019
11142	esMD	Row 54 - The elements (Procedure Code/Modifier) associated to the sampled claims has been moved from Claim Details section	02/19/2019
11142	esMD	Claims Header and Details sections are made into ONE section	02/19/2019
		Row 56 / 57 - The Dates of Service from both Claim Header and Detail has been made into ONE set as follows.  Date Of Service (From) Date Of Service (To)	
11142	RCs		02/19/2019
11142	RCs	The element 'Reason Code' has been removed.	02/19/2019
11142	esMD	The length of the Unique Letter ID element has been increased to 40	03/07/2019
11142	RCs	Analysis Factor Limit is set to 25, per Analysis ID; Document Code limit is set to 100, per Analysis ID	03/07/2019
11142	esMD	Since the structured format is XML, padding with ZEROS or SPACES to fit the maximum length need not be done.	03/07/2019
11142	RCs	To be consistent across the layout, the date format of the elements 'Respond By' and 'Letter Date' has been updated as 'mm/dd/yyyy'.	03/07/2019
11142	esMD	Row 3, Column H, Rule 1 - The upper limit has been corrected to reflect 40 Characters.	03/22/2019
11142	esMD	Row 40, Column G - Section Usage has been updated to 'Required'. [Analysis ID element must be provided]	03/22/2019
11142	esMD	Row 41, Column D - A statement has been added to provide clarity, regarding the XML record hierarchy.	03/22/2019
11142	esMD	Row 46, Column H - The comment statement has been removed. [Claim information is expected for both Medical and Non-Medical Review based Post Pay ADRs.]	03/22/2019
11142		In the following rows the striked out content has been modified / removed.  <b>Row 24</b> Column B (ID / Section), the content of this column has been modified as 'Provider details (Billing Provider)'. Column D (Description), the contents of this column has been modified as 'Provider to whom the intended eMDR is <del>to be delivered</del> 'Addressed To'  <b>Row 25</b> Column D (associated to Data Element - First Name), the description has been modified as 'First Name of the Billing Provider'.  <b>Row 26</b> Column D (associated to Data Element - Middle Name), the description has been modified as 'Middle Name of the Billing Provider'.  <b>Row 34</b> Column D (associated to Data Element - Provider NPI), the description has been modified as 'NPI of the eMDR Registered Billing Provider'.	07/08/2019
11142	Based on the recent suggestions made by OIT team.	The column named 'S.No.' in the tab 'eMDR Data Construct - Post Pay' has been updated with correct sequential numbers.	07/15/2019

January 2020 Release

**Criteria Required to Generate Test Files from MACs/RACs/SMRC to esMD for CRs 31231 (eChimp CR 11142)**

**\*\*\*esMD UAT Starts at the end of December 2019 \*\*\***

**Testing support call schedule and expected attendees:**

DPSS esMD Team would need to set up **2 calls**, starting in **September 2019** (once a month) to collaborate on the content of the **Test Files/Test cases**. The goal of these calls is to ensure that the MACs/RACs/SMRC discuss about any **technical questions about eMDR post-pay functionality** and also MACs/RACs/SMRC would provide the timelines to the esMD teams on when they can provide **test NPIs**. esMD would register the test NPIs in the NPPES Provider Registry.

- September : Technical Support Calls (MAC, RAC & SMRC teams and esMD teams)
- October : UAT Preparation Calls (MAC, RAC & SMRC teams and esMD teams)

**Note:**

The RC mailbox are currently setup in UAT and PROD, hence sharing the unit test files from esMD dev environment will not be possible. The Technical Support Call will be organized to address any **technical clarification questions and/or concerns** related to RC Client API or specifications.

During subsequent call, esMD would wish to ensure/provide the following, regarding the Post Pay eMDR implementation.

- a. The Providers information which would be used for testing, are all registered in NPPES system. (Test Provider NPIs in NPPES system)
- b. The same Provider information has been shared with the associated *Health Information Handlers* (HIHs) who intends to participate in UAT.
- c. esMD to provide UAT Test Plan to all the Participating Review Contractors. (MACs, RACs, and SMRC)
- d. For the Post-Pay testing, esMD team is recommending using the **same set of NPI's** that are used for testing purpose as part of eMDR Provider Registration.

**January 2020 Release MAC/RAC & SMRC Testing Plan:**

Test Criteria (Refer to Figure 1 for eMDR Post-Pay flow)	MACs/Non-MACs UAT Test Key Dates
1: RCs eMDR structured (xml)file and ADRs as PDF document within a zip file via RC Client API <b>Note:</b> esMD team would provide RC Client API to support this functionality.	12/1/2019 to 12/10/2019
1.1: esMD sends error messages to RCs only if there are validation errors during processing of the Zip package received from RCs.	
2: esMD sends eMDR structured file and ADRs in PDF format to the HIHs	12/10/2019 to

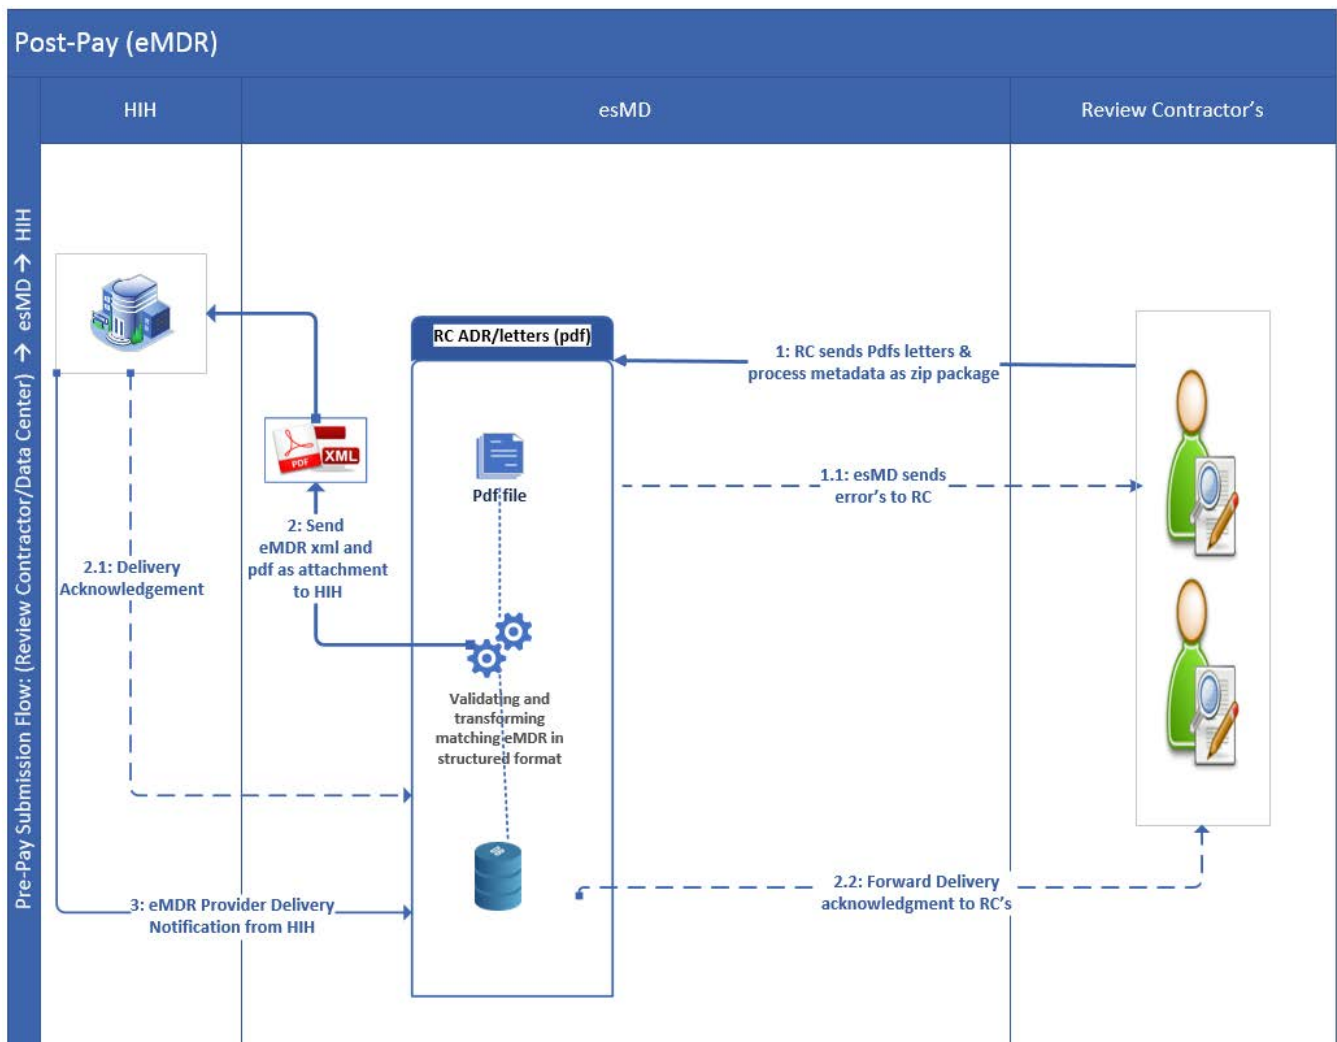

<b>Note:</b> HIH would receive the eMDR and ADR files only after esMD has successfully processed the files received from RCs.	12/18/2019
2.1: esMD receives eMDR delivery acknowledgement from HIH after esMD successfully sent the eMDR and ADR files to HIH.	
2.2: esMD sends the success/failure delivery acknowledgement to RC's depending on whether esMD successfully/failed delivering to HIH.	
3 esMD receives eMDR provider delivery notification from HIH after HIH sends the eMDR and ADR files to Providers. Delivery notification will be captured in the esMD database for any reporting/audit purpose.	

**Unit/UAT Test POC details:**

1. POCs from esMD team : [DATSDev@grsi.com](mailto:DATSDev@grsi.com); [DATSAnalysts@grsi.com](mailto:DATSAnalysts@grsi.com); [DPSSSESMD@cms.hhs.gov](mailto:DPSSSESMD@cms.hhs.gov)
2. POCs from MACs team : **MAC Teams' information needed**
3. POCs from SMRC team : **SMRC Teams' information needed**
4. POCs from RAC team : **RAC Teams' information needed**

The end-end flow for eMDR Post-Pay are shown in *Figure 1: eMDR Post-Pay Flow*
