Transmittal A-03-018

DATE: MARCH 7, 2003

CHANGE REQUEST 2605

SUBJECT: Installation of Version 28.0 Second Add-On of the Provider Statistical and Reimbursement (PS&R) Report

This Program Memorandum (PM) informs all Fiscal Intermediaries (FIs) that a second PS&R Version 28.0 Add-On software release will be available for release to FIs by February 28, 2003. This Version 28.0 Add-On software release of the PS&R should be implemented in the production environment no later than March 31, 2003.

This release backs out one correction made in the V28.0 release since problems have occurred that could potentially affect cost report filings and settlements. The purpose of this correction was to correct a printing problem for 998 summary reports, but the correction created a more severe problem as, occasionally, report data was duplicated on another report.

The *effective date* for this PM is February 28, 2003.

The *implementation date* for this PM is March 31, 2003.

These instructions should be implemented within your current operating budget.

This PM may be discarded after March 31, 2004.
