For Medicare Administrative Contractors (MACs):

The Medicare Administrative Contractor is hereby advised that this constitutes technical direction as defined in your contract. CMS does not construe this as a change to the MAC Statement of Work. The contractor is not obligated to incur costs in excess of the amounts allotted in your contract unless and until specifically authorized by the Contracting Officer. If the contractor considers anything provided, as described above, to be outside the current scope of work, the contractor shall withhold performance on the part(s) in question and immediately notify the Contracting Officer, in writing or by e-mail, and request formal directions regarding continued performance requirements.

SUBJECT: CY 2017 Update for Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Fee Schedule

EFFECTIVE DATE: January 1, 2017

IMPLEMENTATION DATE: January 3, 2017

I. GENERAL INFORMATION

A. Background: This recurring update notification provides instructions regarding the 2017 annual update for the DMEPOS fee schedule. The DMEPOS fee schedules are updated on an annual basis in accordance with the statute and regulations. The update process for the DMEPOS fee schedule is located in Pub.100-04, Medicare Claims Processing Manual, chapter 23, section 60.

Payment on a fee schedule basis is required for certain durable medical equipment (DME), prosthetic devices, orthotics, prosthetics, and surgical dressings by §1834(a), (h), and (i) of the Social Security Act. Also, payment on a fee schedule basis is a regulatory requirement at 42 CFR §414.102 for parenteral and enteral nutrition (PEN), splints, casts and intraocular lenses (IOLs) inserted in a physician's office.

Section 1834(a)(1)(F)(ii) of the Act mandates adjustments to the fee schedule amounts for certain items furnished on or after January 1, 2016 in areas that are not competitive bid areas, based on information from competitive bidding programs (CBPs) for DME. Section 1842(s)(3)(B) of the Act provides authority for making adjustments to the fee schedule amounts for enteral nutrients, equipment, and supplies (enteral nutrition) based on information from CBPs. The methodologies for adjusting DMEPOS fee schedule amounts using information from CBPs are established in regulations at 42 CFR §414.210(g). Also, program instructions on these changes are available in Transmittal 3551, Change Request (CR) 9642, dated June 23, 2016 and Transmittal 3416, CR 9431, dated November 23, 2015.

The DMEPOS and PEN fee schedule files contain HCPCS codes that are subject to the adjusted fee schedule amounts as well as codes that are not subject to the fee schedule CBP adjustments. Fee schedule amounts that are adjusted using information from CBPs will not be subject to the annual DMEPOS covered item update, but will be updated pursuant to 42 CFR 414.210(g)(8) when information from the CBPs is updated. This update to the adjusted fees includes information from the CBPs that takes effect on January 1, 2017 (Round 1 2017). Pursuant to 42 CFR §414.210(g)(4), for items where the single payment amounts (SPAs) from CBPs no longer in effect are used to adjust fee schedule amounts, the SPAs will be increased by an inflation adjustment factor that corresponds to the year in which the adjustment would go into effect (e.g., 2017 for this update) and for each subsequent year such as 2018, 2019, etc.

The ZIP code associated with the address used for pricing a DMEPOS claim determines the rural fee schedule payment applicability for codes with rural and non-rural adjusted fee schedule amounts. ZIP codes for non-continental Metropolitan Statistical Areas (MSA) are not included in the DMEPOS Rural ZIP code file. The DMEPOS Rural ZIP code file is updated on a quarterly basis as necessary. Regulations at §414.202 define a rural area to be a geographical area represented by a postal ZIP code where at least 50 percent of the total geographical area of the ZIP code is estimated to be outside any metropolitan statistical area (MSA). A rural area also includes any ZIP Code within an MSA that is excluded from a competitive bidding area established for that MSA.

B. Policy: Fee Schedule and Rural Zip Code Files

The DMEPOS fee schedule file contains fee schedule amounts for non-rural and rural areas. Also, the PEN fee schedule file includes state fee schedule amounts for both enteral nutrition items and national non-rural fee schedule amounts for parenteral nutrition items.

The CMS Division of Data Systems (DDS) is scheduled to release the following files:

1. CY 2017 DMEPOS Fee Schedule file (filename:MU00.@BF12393.DMEPOS.T170101.V1118) for the Pricing, Data Analysis and Coding (PDAC) Contractor, DME MACs and Part B MACs on or after November 18, 2016.
2. CY 2017 DMEPOS Fee Schedule file (filename:MU00.@BF12393.DMEPOS.T170101.V1118.FI) for the Part A MACs, Home Health and Hospice (HH+H) MACs, Railroad Retirement Board (RRB), Indian Health Service, and United Mine Workers on or after November 18, 2016.
3. CY 2017 fee schedule for PEN is scheduled to be released for the PDAC and DME MACs (filename: MU00.@BF12393.PEN.CY17.V1118) on or after November 18, 2016.
4. CY 2017 DMEPOS Rural ZIP code file containing Quarter 1, 2017 rural ZIP Codes is scheduled to be released for the contractors (filename:MU00.@DMECBIC.RURZIP.C17Q01.V1116) on or after November 18, 2016.
5. The DMEPOS and PEN fee schedules and the Rural ZIP code public use files (PUFs) will be available for State Medicaid Agencies, managed care organizations, and other interested parties shortly after the release of the above files on the CMS website www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/DMEPOSFeeSched

New Codes Added

New DMEPOS codes added to the Healthcare Common Procedure Coding System (HCPCS) file, effective January 1, 2017, where applicable, are listed in Business Requirement (BR) # 7 of this instruction. The new codes are not to be used for billing purposes until they are effective on January 1, 2017.

For gap-filling pricing purposes, deflation factors are applied before updating to the current year. The deflation factors for 2016 by payment category are: 0.454 for Oxygen, 0.457 for Capped Rental, 0.458 for Prosthetics and Orthotics, 0.582 for Surgical Dressings, 0.633 for Parenteral and Enteral Nutrition, 0.969 for Splints and Casts and 0.952 for Intraocular Lenses.

Codes Deleted

The following codes will be deleted from the DMEPOS fee schedule files effective January 1, 2017:

B9000 B9000MS E0628 K0901 K0902

Effective January 1, 2017, codes B9000 and E0628 will crosswalk to codes B9002 and E0627 respectively. Payment for necessary maintenance and servicing of B9000 pumps will also crosswalk to B9002MS.

Effective January 1, 2017, the fees for wheelchair accessories and seat and back cushions denoted with the HCPCS modifier 'KU' are deleted from the DMEPOS fee schedule file. The fee schedule amounts associated with the KU modifier were mandated by Section 2 of Patient Access and Medicare Protection Act (PAMPA) effective for dates of service January 1, 2016 through December 31, 2016. The list of HCPCS codes to which this statutory section applied is available in Transmittal 3535, CR 9520, dated June 7, 2016.

Specific Coding and Pricing Issues

Effective January 1, 2017, existing off-the-shelf orthotic (OTS) codes K0901 and K0902 are redesignated as codes L1851 and L1852 respectively. The fee schedule amounts for codes K0901 and K0902 will be applied to the corresponding new codes L1851 and L1852 as part of this update. Attachment B updates the list of orthotic codes that are designated as Off-the-Shelf (OTS) on the CMS website at http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/DMEPOSFeeSched/OTS_Orthotics.html orthotics to reflect the addition of the two renumbered codes (L1851 and L1852).

As part of the this update, the adjusted fee schedule amounts for the following groups of similar items are adjusted in accordance with 42 CFR §414.210(g)(6) to limit the single payment amounts (SPAs) for items without certain features to the weighted average of the SPAs for the items both with and without the features prior to using the SPAs in adjusting the fee schedule amounts:

1. Hospital beds (HCPCS codes E0250, E0251, E0255, E0256, E0260, E0261, E0290, E0291, E0292, E0293, E0294, E0295, E0301, E0302, E0303 and E0304)
2. Mattress and overlays (HCPCS codes E0277, E0371, E0372, and E0373)
3. Power wheelchairs (HCPCS codes K0813, K0814, K0815, K0816, K0820, K0821, K0822, and K0823)
4. Seat lift mechanisms (HCPCS codes E0627 and E0629)
5. TENS devices (HCPCS codes E0720 and E0730)
6. Walkers (HCPCS codes E0130, E0135, E0141 and E0143)

CMS is also adjusting the fee schedule amounts for shoe modification codes A5503 through A5507 as part of this update in order to reflect more current allowed service data. Section 1833(o)(2)(C) of the Act required that the payment amounts for shoe modification codes A5503 through A5507 be established in a manner that prevented a net increase in expenditures when substituting these items for therapeutic shoe insert codes (A5512 or A5513). To establish the fee schedule amounts for the shoe modification codes, the base fees for codes A5512 and A5513 were weighted based on the approximated total allowed services for each code for items furnished during the second quarter of calendar year 2004. For 2017, CMS is updating the weighted average insert fees used to establish the fee schedule amounts for the shoe modification codes with more current allowed service data for each insert code. The base fees for A5512 and A5513 will be weighted based on the approximated total allowed services for each code for items furnished during the calendar year 2015. The fee schedule amounts for shoe modification codes A5503 through A5507 are being revised to reflect this change, effective January 1, 2017.

Diabetic Testing Supplies

The fee schedule amounts for non-mail order diabetic testing supplies (DTS) (without KL modifier) for codes A4233, A4234, A4235, A4236, A4253, A4256, A4258, A4259 are not updated by the covered item update. In accordance with section 636(a) of the American Taxpayer Relief Act of 2012, the fee schedule amounts for these codes were adjusted in CY 2013 so that they are equal to the single payment amounts for mail order DTS established in implementing the national mail order CBP under section 1847 of the Act. The non-mail order payment amounts on the fee schedule file will be updated each time the single payment amounts are updated. This can happen no less often than every time the mail order CBP contracts are recomputed. The CBP for mail order diabetic supplies is effective July 1, 2016 to December 31, 2018. The program instructions reviewing these changes are Transmittal 2709, Change Request (CR) 8325, dated May 17, 2013 and Transmittal 2661, CR 8204, dated February 22, 2013. Note that the mail order DTS (KL) fee schedule amounts for all states and territories were removed from the DMEPOS fee schedule file as part of the July 1, 2016 update.

2017 Fee Schedule Update Factor of 0.7 Percent

For CY 2017, an update factor of 0.7 percent is applied to certain DMEPOS fee schedule amounts.

In accordance with the statutory sections 1834(a)(14) of the Act, certain DMEPOS fee schedule amounts are updated for 2017 by the percentage increase in the consumer price index for all urban consumers (United States city average) or CPI- U for the 12-month period ending June 30, 2016, adjusted by the change in the economy-wide productivity equal to the 10-year moving average of changes in annual economy-wide private non-farm business multi-factor productivity (MFP). The MFP adjustment is 0.3 percent and the CPI-U percentage increase is 1 percent. Thus, the 1 percentage increase in the CPI-U is reduced by the 0.3 percentage increase in the MFP resulting in a net increase of 0.7 percent for the update factor.

2017 Update to the Labor Payment Rates

Included in Attachment A are the CY 2017 allowed payment amounts for HCPCS labor payment codes K0739, L4205 and L7520. Since the percentage increase in the Consumer Price Index for all urban consumers (CPI- U) for the twelve month period ending with June 30, 2016 is 1 percent, this change is applied to the 2016 labor payment amounts to update the rates for CY 2017. The 2017 labor payment amounts in Attachment A are effective for claims submitted using HCPCS codes K0739, L4205 and L7520 with dates of service from January 1, 2017 through December 31, 2017.

2017 National Monthly Fee Schedule Amounts for Stationary Oxygen Equipment

As part of this update, we are implementing the 2017 monthly fee schedule payment amounts for stationary oxygen equipment (HCPCS codes E0424, E0439, E1390 and E1391), effective for claims with dates of service from January 1, 2017 through December 31, 2017. As required by statute, the addition of the separate payment classes for oxygen generating portable equipment (OGPE) and stationary and portable oxygen contents must be annually budget neutral. Medicare expenditures must account for these separate oxygen payment classes. Therefore, the fee schedule amounts for stationary oxygen equipment are reduced by a certain percentage each year to balance the increase in payments made for the additional separate oxygen payment classes. For dates of service January 1, 2017 through December 31, 2017, the monthly fee schedule payment amounts for stationary oxygen equipment range from approximately \$67 to \$77 incorporating the budget neutrality adjustment factor.

When updating the stationary oxygen equipment amounts, corresponding updates are made to the fee schedule amounts for HCPCS codes E1405 and E1406 for oxygen and water vapor enriching systems. Since 1989, the payment amounts for codes E1405 and E1406 have been established based on a combination of the Medicare payment amounts for stationary oxygen equipment and nebulizer codes E0585 and E0570, respectively.

2017 Maintenance and Servicing Payment Amount for Certain Oxygen Equipment

Also updated for 2017 is the payment amount for maintenance and servicing for certain oxygen equipment. Payment for claims for maintenance and servicing of oxygen equipment was instructed in Transmittal 635, Change Request (CR) 6792, dated February 5, 2010 and Transmittal 717, Change Request (CR) 6990, dated June 8, 2010. To summarize, payment for maintenance and servicing of certain oxygen equipment can occur every 6 months beginning 6 months after the end of the 36th month of continuous use or end of the supplier's or manufacturer's warranty, whichever is later for either HCPCS code E1390, E1391, E0433 or K0738, billed with the "MS" modifier. Payment cannot occur more than once per beneficiary, regardless of the combination of oxygen concentrator equipment and/or transfilling equipment used by the beneficiary, for any 6-month period.

Per 42 CFR §414.210(5)(iii), the 2010 maintenance and servicing fee for certain oxygen equipment was based on 10 percent of the average price of an oxygen concentrator. For CY 2011 and subsequent years, the maintenance and servicing fee is adjusted by the covered item update for DME as set forth in §1834(a)(14) of the Act. Thus, the 2016 maintenance and servicing fee is adjusted by the 0.7 percent MFP-adjusted covered

item update factor to yield a CY 2017 maintenance and servicing fee of \$69.97 for oxygen concentrators and transfilling equipment.

Medicare Claims Processing Manual

Chapter 23 - Fee Schedule Administration and Coding Requirements

60.3 - Gap-filling DMEPOS Fees

(Rev. 3671, Issued: 12-5-16, Effective: 01-01-17, Implementation: 01-03-17)

The DME MACs and Part B MACs must gap-fill the DMEPOS fee schedule for items for which charge data were unavailable during the fee schedule data base year using the fee schedule amounts for comparable equipment, using properly calculated fee schedule amounts from a neighboring DME MAC or Part B MAC area, or using supplier price lists with prices in effect during the fee schedule data base year. Data base “year” refers to the time period mandated by the statute and/or regulations from which Medicare allowed charge data is to be extracted in order to compute the fee schedule amounts for the various DMEPOS payment categories. For example, the fee schedule base year for inexpensive or routinely purchased durable medical equipment is the 12 month period ending June 30, 1987. Mail order catalogs are particularly suitable sources of price information for items such as urological and ostomy supplies which require constant replacement. DME MACs will gap-fill based on current instructions released each year for implementing and updating the new year’s payment amounts.

If the only available price information is from a period other than the base period, apply the deflation factors that are included in the current year implementation instructions against current pricing in order to approximate the base year price for gap-filling purposes.

The deflation factors for gap-filling purposes are:

office IN, FS, OS and SU category deflation factors=PO deflation factors

After deflation, the result must be increased by 1.7 percent and by the cumulative covered item update to complete the gap-filling (e.g., an additional .6 percent for a 2002 DME fee).

Note that when gap-filling for capped rental items, it is necessary to first gap-fill the purchase price then compute the base period fee schedule at 10 percent of the base period purchase price.

For used equipment, establish fee schedule amounts at 75 percent of the fee schedule amount for new equipment.

When gap-filling, for those DME MAC or Part B MAC areas where a sales tax was imposed in the base period, add the applicable sales tax, e.g., five percent, to the gap-filled amount where the gap-filled amount does not take into account the sales tax, e.g., where the gap-filled amount is computed from pre-tax price lists or from another DME MAC or Part B MAC area without a sales tax. Likewise, if the gap-filled amount is calculated from another DME MAC's or Part B MAC's fees where a sales tax is imposed, adjust the gap-filled amount to reflect the applicable local sales tax circumstances.

Contractors send their gap-fill information to CMS. After receiving the gap-filled base fees each year, CMS develops national fee schedule floors and ceilings and new fee schedule amounts for these codes and releases them as part of the July update file each year and during the quarterly updates.
