### CMS will be Presenting in the Exhibit Theater next to our Booth #322 To Help You Learn about the EHR Incentive Programs

Are you attending the American Osteopathic Association's Osteopathic Medical Conference and Exhibition beginning this Sunday, October 30th? CMS will be at Booth #322, next to the Office of the National Coordinator for Health Information Technology (ONC) exhibit. CMS and ONC are partnering to present information on the Medicare and Medicaid EHR Incentive Programs and other HIT initiatives.

Representatives from CMS will be on-site to discuss your questions and listen to your EHR and HIT program experiences. You can even sign up for a chance to share your EHR story by participating in a recorded discussion with CMS on Monday, October 31st.

There will be computers and CMS staff available on-site to help guide providers through the EHR program registration and attestation processes. Educational information and resources will be available at our booth to help you successfully participate in the EHR Incentive Programs.

CMS will also be holding two learning sessions on the EHR Incentive Programs at the Exhibit Hall Theater near the CMS booth:

- Sunday, October 30 at 2:45 p.m. - CMS: EHR Medicaid Presentation by John Allison
- Monday, October 31 at 2:45 p.m. - CMS: EHR Medicare and ICD-10 Presentation by Michael Pierson and Ethan Moore
