## Take a Look at CMS' New Medicare EHR Incentive Program Guide for Eligible Professionals (EPs)

CMS has created a new comprehensive tool, [\*An Introduction to the Medicare EHR Incentive Program for Eligible Professionals\*](#), to help guide EPs through all of the phases of the Medicare EHR Incentive Program—from eligibility and registration to attestation and payment. Chapters provide information on:

- EHR Incentive Program basics
- How to participate (determining eligibility and registration)
- Meaningful use and choosing measures
- Attestation
- Helpful resources on the Medicare and Medicaid EHR Incentive Programs

The guide is interactive. Users can click on sections of the Table of Contents to learn more about specific areas of the program. Interactive tabs are also included at the bottom of each page where users can jump from chapter to chapter. Additionally, each section provides readers with user-friendly screen shots, charts, and links to the CMS website.

*Note: If a user prefers a hard copy document, the guide can also be printed. Links are written out and hyperlinked throughout the guide.*

The guide can be found on the [Educational Materials](#) section of the EHR website, along with several other helpful tools and resources for participants in the Medicare and Medicaid EHR Incentive Programs.
