View the Presentation from the August 30 CQM Webinar

On August 30, CMS held a webinar to discuss the clinical quality measures (CQMs) and how to successfully report them during Stage 1 of meaningful use for the Medicare and Medicaid Electronic Health Record (EHR) Incentive Programs.

A PDF of the webinar presentation is now available online. Go to the [Spotlight and Upcoming Event Section](#) of the Medicare and Medicaid EHR Incentive Programs website to download this presentation.

The presentation includes information on:

- An overview of the CQMs
- How to report CQMs during attestation
- Why CQMs are included in the EHR Incentive Programs

The webinar also included an hour-long question-and-answer session with CMS subject matter experts. In the coming weeks, a transcript with all of these questions and answers, along with a video of the webinar, will be made available online.

CMS plans to host another CQM webinar soon. Stay tuned for updates on how you can join this informational session.
