

Eligible Professional Medicaid EHR Incentive Program Stage 3 Objectives and Measures Table of Contents

Updated: August 2017

Eligible Professional Objectives and Measures	
(1)	Protect electronic protected health information (ePHI) created or maintained by the CEHRT through the implementation of appropriate technical, administrative, and physical safeguards.
(2)	Generate and transmit permissible prescriptions electronically (eRx).
(3)	Implement clinical decision support (CDS) interventions focused on improving performance on high-priority health conditions.
(4)	Use computerized provider order entry (CPOE) for medication, laboratory, and diagnostic imaging orders directly entered by any licensed healthcare professional, credentialed medical assistant, or a medical staff member credentialed to and performing the equivalent duties of a credentialed medical assistant, who can enter orders into the medical record per state, local, and professional guidelines.
(5)	Patient Electronic Access - The EP provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.
(6)	Coordination of Care - Use CEHRT to engage with patients or their authorized representatives about the patient's care.
(7)	Health Information Exchange - The EP provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their EHR using the functions of CEHRT.
(8)	Public Health Reporting - the EP is in active engagement with a public health agency or clinical data registry to submit electronic public health data in a meaningful way using certified EHR technology, except where prohibited, and in accordance with applicable law and practice.
