1. Purpose

The purpose of this user guide is to provide guidance and instructions to representatives of drug manufacturing companies as they submit federally required Medicare Part B drug Average Sales Price (ASP) data to the Centers for Medicare & Medicaid Services (CMS).

CMS uses the Fee-for-Service Data Collection System (FFSDCS) to house various Fee-for-Service modules.

The ASP Data Collection System, referred to within this user guide as the ASP Module, is one of the modules under the FFSDCS system, and offers the following:

- Provides users with an online-based software application for automating the collection, editing, and processing of drug product pricing data drug manufacturers submit on a quarterly basis.
- Establishes a relationship between the manufacturers' reported data and the billing codes Medicare providers use to calculate a weighted average sales price for each billing code.
- Establishes prices for billing codes to determine payment limits of Part B drugs on certain Medicare claims.
- Eliminates data entry errors, data formatting errors, and incomplete submitted data, and greatly reduces the process cycle and resource time needed to provide the pricing to contractors through automation of the manually intensive processes.
- Accepts, stores, validates, and calculates drug pricing on Medicare Part B drug data received for the Center for Medicare Management (CMM) stakeholders.

Section 303 (b) and (c) of the [Medicare Modernization Act \(MMA\) of 2003](#) revised the payment methodology for the majority of Part B covered drugs and biologicals that are not priced on a cost or prospective payment basis (hereafter referred to as drugs).

CMS applies the ASP methodology to the data drug manufacturers have submitted to the ASP Module. Per the MMA, ASP methodology determines the payment limit for these drugs. Local contractors calculate pricing for compounded drugs.

2. Logging in Using MFA

First time users must register and create an account in the [CMS Enterprise Portal](#) before logging in to the ASP Module. Refer to the Resource Library on the [Education and Outreach page](#) to view the ASP Module Registration User Guide for registration steps.

Once registration is complete, follow these steps to log in to the ASP Module as a Submitter using Multi-Factor Authentication (MFA):

1. Navigate to the [CMS Enterprise Portal](#) main page.

The ASP Module Login Page opens. Refer to *Figure 1*.

Figure 1: Logging in Using MFA - ASP Module Login

2. Enter your login information in the required **User ID** and **Password** fields.
3. Click the **Terms & Conditions** hyperlink and review the text in the pop-up window; close the window to move on to the next step.
4. Review the terms and conditions and select the **I agree to the Terms & Conditions** checkbox.

Note: By selecting this checkbox, you certify that you read and consent to monitoring while accessing and using the ASP Module. The terms and conditions link provides additional hyperlinks to the HHS Rules of Behavior and the CMS Privacy Act Statement.

5. Click **Login**.

Note: If you forget your user ID or password, click the **Forgot your User ID or your Password?** hyperlink under the **Login** button and follow the provided instructions. If you still cannot access your account and need to unlock it, click the **Need to unlock your account?** hyperlink under **Login** button.

The **Multi-Factor Authentication** page opens. Refer to *Figure 2*.

Figure 2: Logging in Using MFA - Select MFA Device Type Drop-Down Menu

To ensure the security of high value data submitted to the ASP Module, you must authenticate your identity using an MFA process. The first time you attempt to log in, you must choose an authentication method. Users have various authentication options, including Interactive Voice Response (IVR), Email, Text Message (Short Message Service (SMS)), Google Authenticator and Okta Verify.

6. Click the **Select MFA Device** drop-down menu; select your preferred MFA device type from the list. Whenever you log back into the ASP Module through this process, your preferred method of MFA reloads automatically.

Note: Figure 3 demonstrates MFA registration using IVR as the selected option.

Figure 3: Logging in Using MFA - Multi-Factor Authentication - (IVR) Example

7. Enter your phone number in the **Phone Number** field; enter your extension in the **Extension** field, if necessary.
8. Click the **Send MFA Code** button to receive a six-digit code via your chosen contact method.
9. Record and enter the six-digit code you received into the **Enter MFA Code** field. Refer to *Figure 4*.

Figure 4: Logging in Using MFA - Multi-Factor Authentication - Verify MFA Code

10. Check the **Send MFA code automatically** and **Do not challenge me on this device for the next 30 minutes** checkboxes depending on your preference.

Note: If you need help, click the **Learn how to add MFA Devices beyond email** and **Unable to Access MFA Devices or MFA Code?** hyperlinks.

11. Click the **Verify** button to confirm your identity and enter the ASP Module homepage.

The **My Portal** landing page opens. Refer to *Figure 5*.

Figure 5: Logging in Using MFA - My Portal Landing Page

Note: Other CMS applications you have access to may display on the **My Portal** landing page.

12. Click the **Fee For Service Data Collection System (FFSDCS)** box.

A Fee for Service Data Collection System (FFSDCS) drop-down menu displays. Refer to *Figure 6*.

Figure 6: Logging in Using MFA - My Portal Landing Page - FFSDCS Drop-down Menu

13. Click the **Average Sales Price (ASP)** hyperlink.

A full-page statement displays, titled **ASP Data for Drugs and Biologics Covered Under Medicare Part B**. The statement details recent statutory requirements stated in the Social Security Act (the Act), and the [Consolidated Appropriations Act \(CAA\), 2021](#). These requirements hold that manufacturers must report their ASP data to CMS with precision on a quarterly basis without errors or miscalculations. Refer to *Figure 7*.

Figure 7: Logging in Using MFA - ASP Data for Drugs and Biologics Under Medicare Part B

14. Read the statement; select the **I have read the above statement** checkbox and click **Submit**.

The Medicare Part B Average Sales Price homepage opens. Refer to *Figure 8*.

Figure 8: Medicare Part B Average Sales Price Homepage

3. ASP Homepage Menu Tabs

The following sections describe the functionality of each menu tab on the ASP homepage, including **Manage NDC1/ALT ID**, **Product Data**, **Financial Data**, **Compliance Summary**, **Generate One-Time Password**, **Assumptions** and **FAQ**.

Note: This user guide is written in order of the system menu tabs and the respective tasks completed on that page and not necessarily in chronological order of steps to follow for quarterly data submission.

3.1 Manage NDC1/ALT ID

The following sections describe how to assign NDC1s and Alternate IDs, as well as how to request a new NDC1, Alternate ID, and manufacturer or generic name.

Note: To add a new product, users must first request to add an NDC1/ALT ID and Manufacturer/Generic Name, if needed. (Refer to *Section 3.1.3 - Request New NDC1/ALT ID/Manufacturer/Generic Name*). Once the new product has been approved into the system, users can establish the relationship between the manufacturer and the product by assigning the NDC1/ALT ID to the manufacturer. (Refer to *Section 3.1.1 - Assign by NDC1* and *Section 3.1.2 - Assign by Alternate ID*.)

3.1.1 Assign by NDC1

Follow these steps to assign NDC1s:

1. From the Medicare Part B Average Sales Price homepage, click the **Manage NDC1/ALT ID** tab.

The **Manage NDC1/ALT ID** page opens and displays the **Assign NDC1/ALT ID** tab by default. Refer to *Figure 9*.

Figure 9: Manage NDC1/ALT ID Page - Assign NDC1

2. From the **Assign NDC1/ALT ID** tab, select the **NDC1** radio button to specify the product data you need to submit to the Module.
3. Under **NDC1 (required)**, click the **-Select-** drop-down menu to expand the list of submitted drugs and additional products in the Module to date; select the appropriate NDC1. Refer to *Figure 10*.

The screenshot shows the 'Manage NDC1/ALT ID' page in the CMS.gov My Enterprise Portal. The 'Assign NDC1/ALT ID' tab is selected. Below the tabs, there are radio buttons for 'NDC1' (selected) and 'Alternate ID'. A drop-down menu for 'NDC1 (required)' is open, showing a list of NDC1 values: 00000, 00001, 00002, 00003, 00004, 00006, and 00007. The 'Request New NDC1/ALT ID/Manufacturer/Generic Name' tab is also visible.

Figure 10: Manage NDC1/ALT ID Page - Assign NDC1 Drop-down Menu

- Under **Manufacturer Name (required)**, type and select the appropriate manufacturer. Refer to *Figure 11*.

The screenshot shows the 'Manage NDC1/ALT ID' page in the CMS.gov My Enterprise Portal. The 'Assign NDC1/ALT ID' tab is selected. Below the tabs, there are radio buttons for 'NDC1' (selected) and 'Alternate ID'. The 'NDC1 (required)' field is a drop-down menu showing '99999'. The 'Manufacturer Name (required)' field is a text input box with the placeholder text 'Begin typing the manufacturer name to see names for selection'. The text 'Test Manf Name impl' is entered in the field. Below the field, there is a link: 'Don't see the NDC1 or Manufacturer Name in the list? Click the [Request New NDC1/ALT ID/Manufacturer/Generic Name](#) tab to add a new NDC1 or Manufacturer Name.' An 'Assign' button is at the bottom.

Figure 11: Manage NDC1/ALT ID Page - Enter NDC1 Manufacturer Name

- Click **Assign** to submit your information.

A message displays confirming you have successfully added your selections. Refer to *Figure 12*.

Figure 12: Manage NDC1/ALT ID - NDC1 Assigned Successfully

3.1.2 Assign by Alternate ID

Follow these steps to assign Alternate IDs:

1. From the Medicare Part B Average Sales Price homepage, click the **Manage NDC1/ALT ID** tab.

The **Manage NDC1/ALT ID** page opens and displays the **Assign NDC1/ALT ID** tab by default.

2. From the **Assign NDC1/ALT ID** tab, select the **Alternate ID** radio button.

Additional fields specific to assigning an Alternate ID display. Refer to *Figure 13*.

The screenshot shows the 'Manage NDC1/ALT ID' page in the CMS.gov My Enterprise Portal. The page has a navigation bar with links: Manage NDC1/ALT ID, Product Data, Financial Data, Compliance Summary, Generate One-Time Password, Assumptions, and FAQ. Below the navigation bar, there's a 'Back to Welcome page' link. The main heading is 'Manage NDC1/ALT ID'. There are two tabs: 'Assign NDC1/ALT ID' (active) and 'Request New NDC1/ALT ID/Manufacturer/Generic Name'. Under the 'Assign NDC1/ALT ID' tab, there are radio buttons for 'NDC1' and 'Alternate ID' (selected). Below the radio buttons, there's a label 'Alternate ID (required)' with a help icon. A dropdown menu is shown with '- Select -' as the selected option. Below the dropdown, there's a label 'Manufacturer Name (required)' and a text input field with the placeholder text 'Begin typing the manufacturer name to see names for selection'. At the bottom, there's a blue 'Assign' button. A note at the bottom states: 'Don't see the Alternate ID or Manufacturer Name in the list? Click the [Request New NDC1/ALT ID/Manufacturer/Generic Name](#) tab to add a new Alternate ID or Manufacturer Name.'

Figure 13: Manage NDC1/ALT ID Page - Assign ALT ID

- Under **Alternate ID (required)**, click the **-Select-** drop-down menu to expand the list of submitted drugs and additional products in the Module to date; select the appropriate alternate ID. Refer to *Figure 14*.

The screenshot shows the 'Manage NDC1/ALT ID' page with the 'Assign NDC1/ALT ID' tab active. The 'Alternate ID (required)' dropdown menu is expanded, showing a list of options: '- Select -', 'PAC64', 'PAC64Z', 'PAC96M', 'PCH123', 'PCHAltID101123', 'Philttest101323', 'tsitt', and 'xyz'. The 'Manufacturer Name (required)' text input field is also visible, with the placeholder text 'Begin typing the manufacturer name to see names for selection'. The 'Assign' button is at the bottom.

Figure 14: Manage NDC1/ALT ID Page - Assign ALT ID Drop-down Menu

4. In the **Manufacturer Name (required)** auto-fill field, begin to type the manufacturer name; select the appropriate manufacturer from the list that generates. Refer to *Figure 15*.

Figure 15: Manage NDC1/ALT ID Page - Enter ALT ID Manufacturer Name

5. Click **Assign** to submit your information.
A message displays confirming you have successfully added your selections. Refer to *Figure 16*.

Figure 16: Manage NDC1/ALT ID - ALT ID Assigned Successfully

3.1.3 Request New NDC1/ALT ID/Manufacturer/Generic Name

The following sections describe how to request a new NDC1, ALT ID, manufacturer, and generic name.

3.1.3.1 Request New NDC1

Follow these steps to request a new NDC1:

1. Navigate to the **Manage NDC1/ALT ID** page, which automatically opens on the **Assign NDC1/ALT ID** tab.
2. Click the **Request New NDC1/ALT ID/Manufacturer/Generic Name** tab.

The **Request New NDC1/ALT ID/Manufacturer/Generic Name** page opens, showing the status (**Pending**, **Approved**, or **Rejected**) for each submitted request. The Module organizes data by **Request Type**, **Requested Value** as well as **Request Date** and **Status** (**Pending**, **Approved**, or **Rejected**). Refer to *Figure 17*.

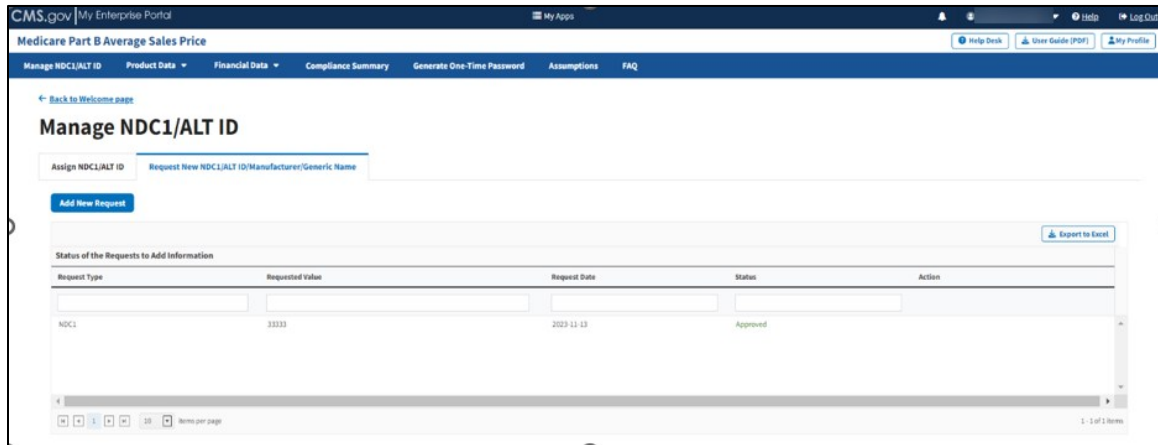

Figure 17: Request New NDC1/ALT ID/Manufacturer/Generic Name Page

3. Click the **Add New Request** button.

An **Add New NDC1/ALT ID/Manufacturer/Generic Name** window opens. Refer to *Figure 18*.

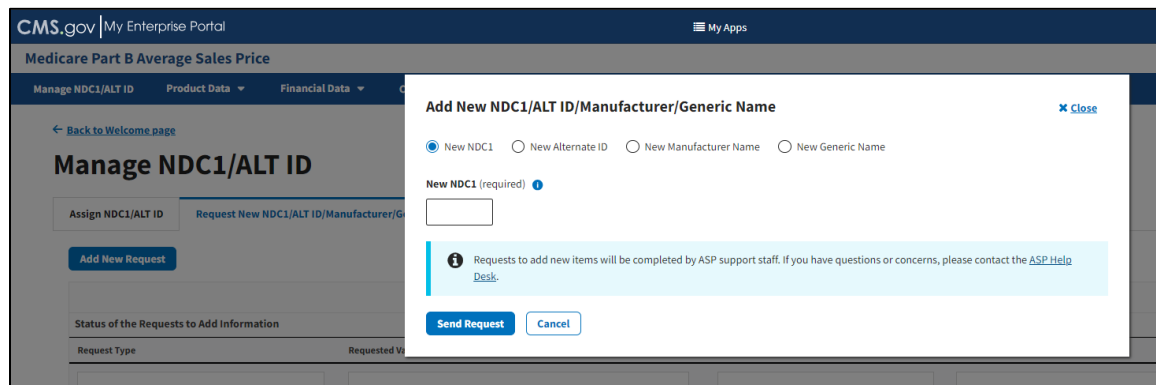

Figure 18: Request New NDC1/ALT ID/Manufacturer/Generic Name Page - Add New NDC1

4. Select the **New NDC1** radio button to specify the product data you need to submit to the Module. Note that the Module automatically defaults to select the **New NDC1**.
5. Under **New NDC1 (required)**, enter the appropriate NDC for the data product you are requesting to add to the Module. Refer to *Figure 19*.

Figure 19: Request New NDC1 - Field Filled

6. Click **Send Request** to submit your information.
A message displays confirming you have successfully added your selections. Refer to *Figure 20*.

Request Type	Requested Value	Request Date	Status	Action
NDC1	99999	2023-12-28	Pending	Delete

Figure 20: Request New NDC1 - NDC1 Successfully Added

3.1.3.2 Request New ALT ID

Follow these steps to request a new **Alternate ID**:

1. Click the **Add New Request** button. Refer to *Figure 20*.

An **Add New NDC1/ALT ID/Manufacturer/Generic Name** window opens. Note that the Module automatically defaults to the **New NDC1** tab.

2. Select the **New Alternate ID** radio button to specify the product data you need to submit to the Module. Refer to *Figure 21*.

The screenshot shows the CMS.gov My Enterprise Portal interface. A modal window titled "Add New NDC1/ALT ID/Manufacturer/Generic Name" is open. It features four radio buttons: "New NDC1", "New Alternate ID" (which is selected), "New Manufacturer Name", and "New Generic Name". Below these are two text input fields: "New Alternate ID (required)" and "Alternate ID Website URL (required)". A yellow warning box with a triangle icon contains the text: "Reporting of products in the ASP portal should be consistent with product information on publicly available sources, including FDA approved labels and manufacturers' public websites. Because some products that are required to report ASP are not assigned 11-Digit National Drug Codes (NDCs), when reporting Alternate IDs into the ASP portal (i.e., Stock Keeping Number (SKN), catalog number or other Alternate ID's) please be sure that the identifier is consistent with the identifiers that are published on the manufacturer's public website. This will ensure more accurate and verifiable ASP reporting for products with an Alternate ID." Below this is a blue information box with an 'i' icon stating: "Requests to add new items will be completed by ASP support staff. If you have questions or concerns, please contact the [ASP Help Desk](#)." At the bottom of the modal are "Send Request" and "Cancel" buttons. The background shows the "Manage NDC1/ALT ID" section of the portal with a table of requests.

Figure 21: Request New NDC1/ALT ID/Manufacturer/Generic Name Page - Add New ALT ID

3. Under **New Alternate ID (required)**, enter the appropriate alternate ID for the product you want to add to the Module.

Note: An Alternate ID is a manufacturer-selected product identifier that can be any combination of letters or numbers unique to the product (i.e., Stock Keeping Number (SKN) or product number). The **New Alternate ID** field allows up to a maximum of 23 characters and special characters (colon, dash, or period).

4. Under **Alternate ID Website URL (required)**, enter the hyperlink for the drug manufacturer's website. Refer to *Figure 22*.

Figure 22: Request New Alternate ID - ALT ID Field Filled

- Click the **Send Request** button to submit your information.

A message displays confirming you have successfully added your selections. Refer to *Figure 23*.

Figure 23: Request New Alternate ID - ALT ID Successfully Added

3.1.3.3 Request New Manufacturer Name or New Generic Name

Follow these steps to request a **New Manufacturer** or **New Generic Name**:

- Click the **Add New Request** button. Refer to *Figure 23*.

An **Add New NDC1/ALT ID/Manufacturer/Generic Name** window opens. Note that the Module automatically defaults to the **New NDC1** tab.

2. Select either the **New Manufacturer Name** or the **New Generic Name** radio button to specify the product data you need to submit to the Module.

Additional fields display as the next page opens for either selection. Refer to *Figure 24* and *Figure 25*.

The screenshot shows a web form titled "Add New NDC1/ALT ID/Manufacturer/Generic Name". It features four radio buttons: "New NDC1", "New Alternate ID", "New Manufacturer Name" (which is selected), and "New Generic Name". Below the radio buttons, there is a text input field for "New Manufacturer Name (required)". Further down, there are two more text input fields: "EIN (required)" and "DUNS Number (required)". A light blue informational banner at the bottom states: "Requests to add new items will be completed by ASP support staff. If you have questions or concerns, please contact the [ASP Help Desk](#)." At the very bottom, there are two buttons: "Send Request" and "Cancel".

Figure 24: Request New Manufacturer Name

The screenshot shows a similar web form titled "Add New NDC1/ALT ID/Manufacturer/Generic Name". In this instance, the "New Generic Name" radio button is selected. The text input field below it is labeled "New Generic Name (required)". The "EIN" and "DUNS Number" fields are not present in this view. The same light blue informational banner and "Send Request" / "Cancel" buttons are at the bottom.

Figure 25: Request New Generic Name

3. Under **New Manufacturer Name (required)** or **New Generic Name (required)**, enter the appropriate information for the data product you want to add to the Module. Refer to *Figure 26* and *Figure 27*.

Note: For **New Manufacturer Name** requests, users will need to submit business identification information including the manufacturer's Employer Identification Number (EIN) and Data Universal Numbering System (DUNS) number.

Note: ASP support staff complete requests to add new items. Contact asphelpdesk@dcca.com for further questions or concerns about the process.

3.2 Product Data

Drug manufacturers must submit quarterly drug pricing data using a file transfer process, or through online data entry in the ASP module. Drug data consists of product and financial data. Click the **Product Data** tab on the Medicare Part B Average Sales Price homepage to view the drop-down menu for the **Add/Update Product Data**, **Upload Product Data**, and **View Drugs** tabs. Refer to *Figure 30*.

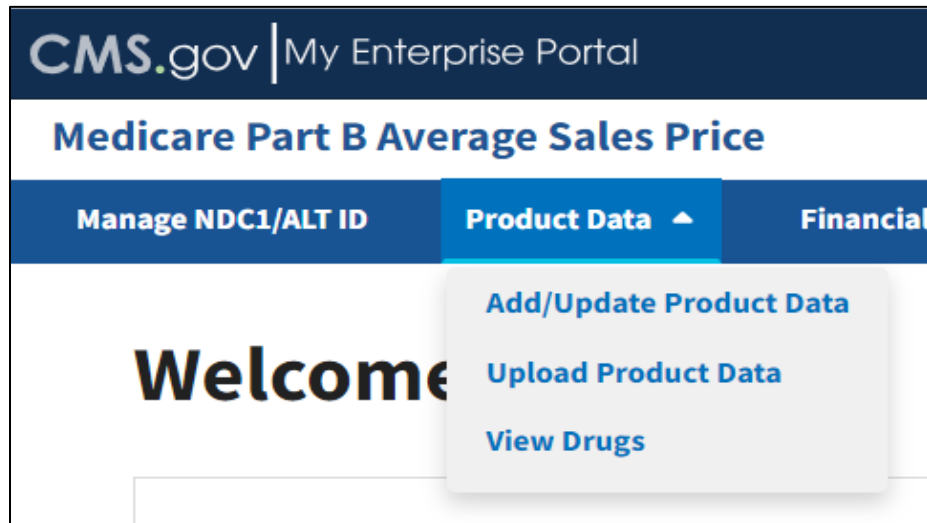

Figure 30: Product Data - Main Drop-down Menu

The following sections describe how to add/update, upload product data, and view drugs.

3.2.1 Add/Update Product Data

Follow these steps to add and/or update product data:

1. From the Medicare Part B Average Sales Price homepage, click the **Product Data** tab; then select the **Add/Update Product Data** tab.

The **Add/Update Product Data** page opens with default selections. Refer to *Figure 31*.

Figure 31: Add/Update Product Data

Note: It is imperative that the spelling matches each time you enter product data for the same drug manufacturer. The spelling must also match when entering data under the **Upload Product Data** tab.

3.2.1.1 Add Product Data by NDC

Follow these steps to add product data by NDC:

1. From the **Add Product Data** page, select the **Add by NDC** radio button if it is not already selected when the page opens.
2. In the **Manufacturer Name (required)** field, begin to type and then select the appropriate manufacturer.
3. Under **NDC1 (required)**, click the **-Select-** drop-down menu to expand the list of submitted drugs and additional products in the Module to date; select your required NDC1* code.
4. Enter your 4-digit number in the **NDC2* (required)** field.
5. Enter your 2-digit number in the **NDC3* (required)** field.

As you complete the **NDC3* (required)** field, the **Add Product Data** page expands to display multiple drop-down menus and empty fields.

6. Enter or select the required information as follows:
 - a. Select the **Drug has brand name** checkbox if the product you are submitting has a brand name. (If so, an empty field displays to submit the brand name; type information here as needed.)
 - b. Click the **Generic Name (required)** drop-down menu; select the generic name you need to enter for your product.

Note: Return to the **Manage NDC1/ALT ID** page if you cannot find the appropriate generic name in the system. Refer to *Section 3.1 - Manage NDC1/ALT ID* for guidance.

- c. Enter the volume per item in the **Volume Per Item (required)** field.
- d. Click the **Unit for Volume Per Item (required)** drop-down; select the appropriate option for your product.
- e. Enter the appropriate number in the **Number of Items per NDC (required)** field.
- f. Click the **Package Type (required)** drop-down; select the appropriate package type.
- g. Enter the strength in the **Strength (required)** field.
- h. Click the **Unit for Strength (required)** drop-down; select the appropriate unit.
- i. Enter the FDA application number in the **FDA Application Number (required)** field.
- j. Enter the FDA application supplement number in the **FDA Application Supplement Number** field, if applicable.

Note: Click the **Add Additional FDA Application Numbers** button if applicable for the drug, and repeat steps i and j.

- k. Enter the FDA approval date in the **FDA Approval Date (required)** field.
- l. Click the **FDA Approval Type (required)** drop-down; select the appropriate approval type.

- m. Enter the first marketing date in the **First Marketing Date (required)** field.
- n. Enter the date of first sale in the **Date of First Sale (required)** field.
- o. Enter the WAC in the **Wholesale Acquisition Cost (required)** field.

Note: The **Wholesale Acquisition Cost (required)** field is required and displays when the **First Marketing Date** occurs after the current reporting period.

Note: The date of first sale cannot occur before the FDA approval date and must occur prior to the current reporting period start date.

- 7. Confirm your selections. Refer to *Figure 32*.

Add Product Data

Figure 32: Add/Update Product Data Fields Populated

- Click **Add Product Data** to submit your information.

A message displays confirming you have successfully added your selections. Refer to *Figure 33*.

Figure 33: Add/Update Product Data Successfully Added

Note: It is imperative that the spelling matches each time you enter product data for the same drug manufacturer. The spelling must also match when entering data under the **Upload Product Data** tab.

3.2.1.2 Add Product Data by Alternate ID

Follow these steps to add product data by alternate ID:

1. From the **Add/Update Product Data** page, select the **Add by Alternate ID** radio button. The **Add Product Data** page expands to display additional empty fields. Refer to *Figure 34*.

Figure 34: Add Product Data by Alternate ID

2. Under **Manufacturer Name (required)**, begin to type and then select the appropriate manufacturer.
3. Under **Alternate ID (required)**, click the **-Select-** drop-down to expand the list. Select the required alternate ID code. Refer to *Figure 35*.

Figure 35: Add Product Data by Alternate ID - Fields Populated

As you complete the **Alternate ID (required)** field, the **Add Product Data** page expands to show multiple drop-down menus and empty fields.

4. Enter or select the required information as follows:

- a. Enter the uniform resource locator (URL) to the manufacturer website in the **Manufacturer's Website URL (required)** field for verification purposes.
- b. Select the **Drug has a brand name** checkbox if the product you are submitting has a brand name. (If so, an empty field displays in which to enter the brand name; type information here as needed.)
- c. Click the **Generic Name (required)** drop-down; select the generic name you need to enter for your product.

Note: Return to the **Manage NDC1/ALT ID** page if you cannot find the appropriate generic name in the system. Refer to *Section 3.1 - Manage NDC1/ALT ID* for guidance.

- d. Enter the volume per item in the **Volume Per Item (required)** field.
- e. Click the **Unit for Volume Per Item (required)** drop-down; select the appropriate option for your product.

Note: For skin substitute products such as powders, sheets or discs, enter "One" for Volume and "Each" for Unit for Volume.

- f. Enter the appropriate number in the **Number of Items per Alternate ID (required)** field.
- g. Click the **Package Type (required)** drop-down; select the appropriate package type. Package Type is not applicable to skin substitute sheets.
- h. Enter the strength in the **Strength (required)** field.

Note: For skin substitute products, strength is determined by calculating the area of the product.

- i. Click the **Unit for Strength (required)** drop-down; select the appropriate unit.
- j. Enter the FDA registration number in the **FDA Registration Number (required)** field.
- k. Enter the FDA approval date in the **FDA Approval Date (required)** field.
- l. Enter the FDA approval type in the **FDA Approval Type (required)** field.
- m. Enter the first marketing date in the **First Marketing Date (required)** field.
- n. Enter the date of first sale in the **Date of First Sale for this ALT ID (required)** field.

Note: The date of first sale cannot occur before the FDA approval date and must occur prior to the current reporting period start date.

5. Confirm your selections; click **Add Product Data** to submit your information. Refer to *Figure 36*.

1 - 1 of 1 items

Figure 49: Upload Product Data - Reported Rejection Details

The Module lists all errors found in submitted data by **Row Number**, **Column with Error**, and **Error Message** under **Drugs with Rejected Product Data**.

- Return to the **Add/Update Product Data** section of the Module to request any changes to your product data.

3.2.3 View Drugs

Drug manufacturers can use the ASP module to view drug data submitted during the current reporting period. However, manufacturers cannot update or edit drug data using this feature. From the Medicare Part B Average Sales Price homepage, click the **Product Data** tab; then select the **View Drugs** tab to view the **View Drugs** page.

The following sections describe how to view active and expired drugs.

3.2.3.1 View Active Drugs

From the **View Drugs** page, the **Active Drugs** tab displays by default. Refer to *Figure 50*.

Drug Identifier	Manufacturer Name	Generic Name	Brand Name	Volume per Item	Unit for Volume per Item	Number of Items per NDC	Package Type	Strength	Unit
99999-9999-99	Test Manf Name impl	GENERICA		1	Capsule	30	SINGSRC	10	% (C
xyz	Test Manf Name impl	GENERICA		1	Capsule	30	SINGSRC	10	%

Figure 50: Product Data - View Active Drugs

Follow these steps to view submitted drug data for **Active Drugs** from the **View Drugs** page:

1. Scroll through the list of active drugs to view submitted data and status.

The Module organizes all active drugs by **Drug Identifier**, **Manufacturer Name**, **Generic Name**, **Brand Name**, **Volume per Item**, **Unit for Volume per Item**, **Number of Items per NDC**, **Package Type**, and **Strength** categories, and previously submitted information from the **Add Product Data** sections.

2. Click the arrows on the bottom left to scroll through all submitted drugs by page. View, filter, and sort active drugs by clicking on the category name.

Note: Click the **Export to Excel** button to download all products under the **Compliance Summary**.

3.2.3.2 View Expired Drugs

Follow these steps to view submitted drug data for **Expired Drugs**:

1. From the **View Drugs** page, select the **Expired Drugs** tab.

The **Expired Drugs** page opens. Refer to *Figure 51*.

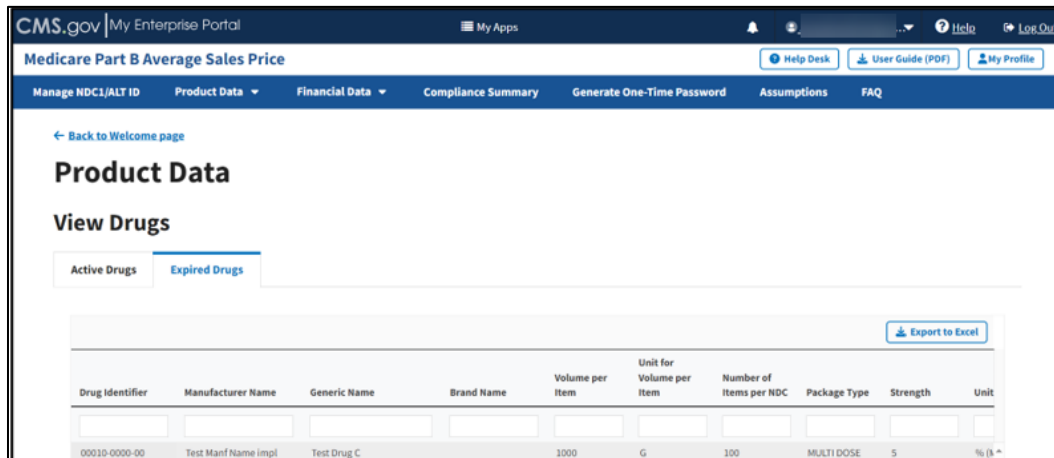

Figure 51: Product Data - View Expired Drugs

2. Scroll through the list of expired drugs to view submitted data and status.

The Module organizes expired drugs by **Drug Identifier**, **Manufacturer Name**, **Generic Name**, **Brand Name**, **Volume per Item**, **Unit for Volume per Item**, **Number of Items per NDC**, **Package Type**, and **Strength** categories, and previously submitted information from the **Add Product Data** sections.

3. Click the arrows on the bottom left to scroll through all submitted drugs by page. View, filter, and sort active drugs by clicking on the category name.
4. Click the **Export to Excel** button to download all expired drug products.

3.3 Financial Data

Click the **Financial Data** tab on the Medicare Part B Average Sales Price homepage to view the drop-down menu tabs, **Add/Update Financial Data for Current Quarter**, **Upload Financial Data for Current Quarter**, **Restate Financial Data or Add for Prior Quarters**, and **Upload Financial Data for Prior Quarters**. Refer to Figure 52.

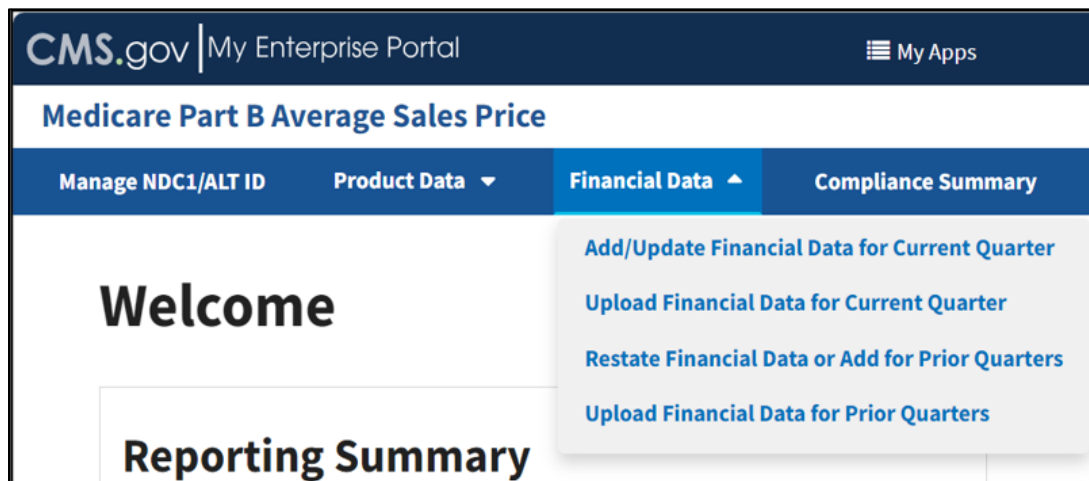

Figure 52: Financial Data - Main Drop-down

The following sections describe how to add/update and upload financial data.

3.3.1 Add/Update Financial Data

To add or update financial data, click the **Add/Update Financial Data for Current Quarter** tab.

Note: If you are a manufacturer of certain drugs that contain variable amounts of product, such as radiopharmaceuticals and blood clotting factors, your data should be reported to CMS at the HCPCS level rather than the NDC level. CMS maintains and publishes a list of these drugs on a quarterly basis on the [ASP Reporting page](#) under the **Reporting Resources** section. If you are a manufacturer of a drug that contains variable amounts of product, please check the “**ASP Report in Units Other than NDC**” document prior to submitting your financial data for the quarter. Should you have any questions, please contact sec303aspdata@cms.hhs.gov.

The **Add/Update Financial Data** page opens with default selections. Refer to *Figure 53*.

Figure 53: Add/Update Financial Data

Note: The Module collects data submissions for the upcoming financial quarter. As an example, figures in this section feature data submitted for Q1 2023.

The next section describes steps to indicate if your 505(b)(2) products have any therapeutic equivalent changes. If this is not applicable to you, you may skip ahead to the next section, *Section 3.3.1.2 - Add/Update Financial Data for Uncertified Drugs*.

3.3.1.1 Add Therapeutic Equivalent Changes for 505(b)(2) Drugs

If you are associated with any 505(b)(2) products, the system displays a prompt to review the list of products and indicate if any of those products have therapeutic equivalent changes. Refer to *Figure 54*.

Note: If you are associated with any 505(b)(2) products, you must complete these steps before proceeding with adding or editing data. If you are not associated with 505(b)(2) products or are a new user, skip ahead to *Section 3.3.1.2 - Add/Update Financial Data for Uncertified Drugs*.

Figure 54: Add/Update Financial Data 505(b)(2)

Click **the list** hyperlink in the prompt. Refer to *Figure 54*. The list of products displays.

- [illegible]

Figure 55: Add/Update Financial Data 505(b)(2) Products List

505(b)(2) Products Close

Please review the list below and indicate if product have therapeutic equivalent changes.

Drug Identifier	Are there any therapeutic changes?
00009-0000-04	- Select -
00000-0004-04	✓ - Select -
	Yes
	No
00000-0004-04	

Figure 56: Add/Update Financial Data 505(b)(2) Products List

6. Once you have reviewed the list and made your selections, click **Save and Confirm**. A confirmation message displays asking if you have reviewed all of your products.
7. If you have finished reviewing your products, click **Confirm**. Refer to *Figure 57*.

Confirmation ×

Have you reviewed all 505(b)(2) products?

Cancel Confirm

Figure 57: 505(b)(2) Confirmation

A message displays confirming you have successfully updated your therapeutic changes. Refer *Figure 58*.

Figure 58: Add/Update Financial Data 505(b)(2) Successfully Updated

3.3.1.2 Add/Update Financial Data for Uncertified Drugs

Follow these steps to add/update financial data for uncertified drugs:

1. From the **Add/Update Financial Data** page, select the **Uncertified Drugs** tab if it is not already selected.

Note: The Module denotes the **Manufacturer's ASP**, **Number of ASP Units**, and **Wholesale Acquisition Cost** fields with an (*) to indicate that each field is required.

2. Enter or edit any missing or inaccurate financial data for your submitted drug products.
3. As you add or update information onto the page, click the **Save All** button to save your changes in the Module.

Note: As an alternative to entering data directly into the Module, under **Drug Identifiers with Missing or Incorrect Financial Data**, you can click the Excel box on the right side to convert all information on this page into an Excel file. You can upload the Excel file after making your updates. Refer to *Section 3.3.3 - Upload Financial Data*.

4. Scroll through the list of submitted drugs and products on the page. Filter through all the information by clicking on the category name.
5. Click the plus symbol on each row of the table to expand each product's information and view additional categories, including **Brand Name**, **FDA Approval** and all other information previously submitted or acknowledged in the **Product Data** section. Refer to *Figure 59*.

3.3.3 Upload Financial Data

Follow these steps to upload financial data:

1. From the Medicare Part B Average Sales Price homepage, click the **Financial Data** tab; then select the **Upload Financial Data for Current Quarter** tab.
2. The **Upload New or Corrected Financial Data** page opens, listing the financial quarter and year for the upcoming reporting period. Refer to *Figure 66*.

Figure 69: Upload Financial Data - Uploaded Files

Each uploaded file displays the **File Name**, **Status**, **Upload Date**, **Reporting Period**, **Total Records**, **Total Accepted**, **Total Rejected**, and **Actions** categories submitted to the Module.

- Click **View Report** under **Actions** in the **Uploaded Files** section to view the full report for a submitted file.

The report opens on the next page. Refer to *Figure 70*.

Figure 70 shows the 'Financial Data' section of the CMS.gov My Enterprise Portal. The page displays a 'Report of Transmitted Drugs via File Upload' with an 'Error' status. The 'File Processing Info' box provides details about the upload, including the file name, upload date, status, error description, and record counts. The 'Uploaded Financial Data' tab is active, showing a table of drugs with saved financial data. The table includes columns for Row Number, Drug Identifier, Status, Manufacturer Name, Manufacturer's ASP, Number of ASP Units, Wholesale Acquisition Cost, and Average Wholesale Price. The first row shows a rejected record with a red exclamation mark icon next to the drug identifier 'xyz'.

Figure 70: Upload Financial Data - Report of Transmitted Drugs via File Upload

The report lists all drugs with saved product data in the ASP system. The Module organizes the full list by row number and includes each drug identifier, status, and all previously submitted information from the **Add Product Data** sections.

Note: The Module highlights errors in red. Hover over the red text to display information about the specific error.

- Click the **Rejection Details** tab.

A listing of drug identifiers with rejected financial data displays. Refer to *Figure 71*.

Row Number	Column with Error	Value	Error Message
2	Drug Identifier	999999-9999-99	NDC1 error: NDC1 must have 5 digits including leading zeros.

Figure 71: Upload Financial Data - Reported Rejection Details

The Module lists all errors found in submitted data by **Row Number**, **Column with Error**, **Value** and **Error Message** under **Drugs with rejected financial data**.

8. Return to the **Add/Update Financial Data for Current Quarter** section of the Module to request any changes to your product data.

3.4 Restating Financial Data

Manufacturers of drugs and biologicals payable under Medicare Part B have an obligation to report accurate ASP data to CMS, including addressing data miscalculations and other errors in previously submitted data. Upon identifying an error, manufacturers must submit corrected data through the ASP Module. Additionally, CMS may identify an error and contact the manufacturer to request corrected data for prior quarters.

CMS evaluates resubmitted data and decides whether to issue a restatement of the payment limit. Criteria evaluated includes, but is not limited to, timing of the corrected data, changes to the payment limit, and/or administrative burden.

The following sections describe how to add/update or upload restate financial data using the online data entry process.

3.4.1 Add/Update Restate Financial Data

Follow these steps to add/update restate financial data:

1. Click the **Financial Data** tab; select **Restate Financial Data or Add for Prior Quarters**. Refer to *Figure 72*.

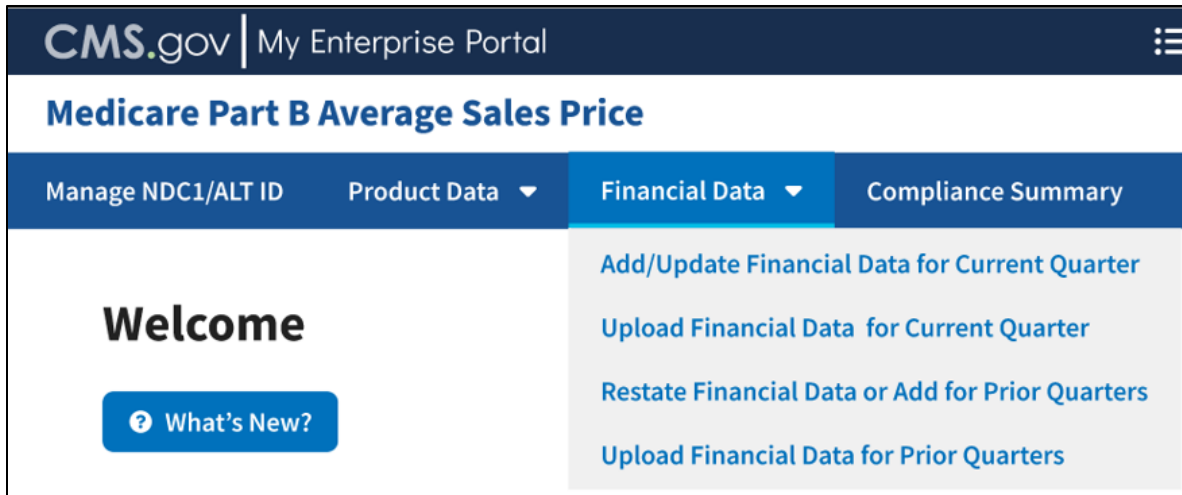

Figure 72: Financial Data - Main Dropdown

The **Restate Financial Data or Add for Prior Quarters** page opens, listing the financial quarter and year for the upcoming reporting period. Refer to *Figure 73*.

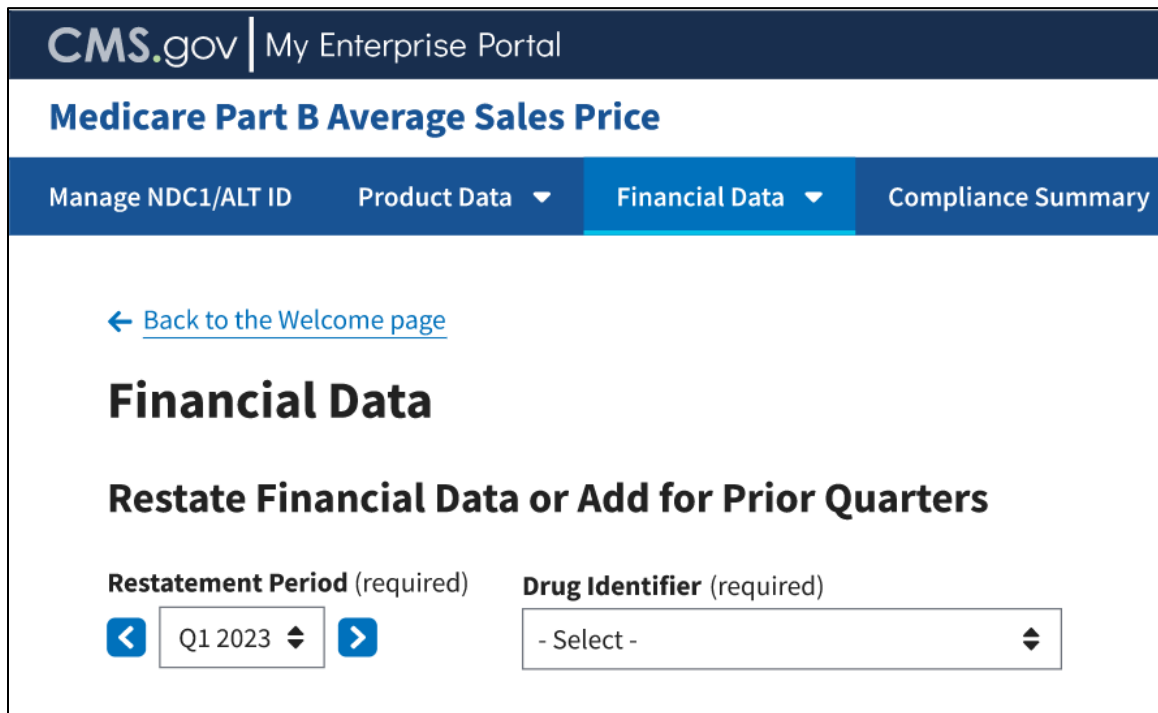

Figure 73: Financial Data - Add/Update Restate Financial Data

Note: Click the **Restatement Period (required)** drop-down in the top left to scroll through previous quarters. Click the blue arrows to navigate to a previous quarter starting with the most recent or next quarter.

2. Click the **-Select-** box under **Drug Identifier (required)** to expand the list of submitted drugs in the Module. Refer to *Figure 74*.

Figure 74: Add/Update Restate Financial Data - Drug Identifier Drop-down

Select the **Drug Identifier** you need to close the drop-down. Once you click a product, the **Review Restatement List** expands to show the selected restatement. Refer to *Figure 75*.

Figure 75: Add/Update Restate Page - Review Restatement List

3. Review and make any corrections necessary for the drug to the **Manufacturer's ASP**, **Number of ASP Units**, **Wholesale Acquisition Cost (all required)** and **Average Wholesale Price** fields.
4. Click the **plus** symbol on each row of the table to expand each product's information and view additional categories previously submitted or acknowledged in the **Product Data** section.
5. Click the **Save** button to submit your data.

A message displays confirming you have successfully updated your **Restate Financial Data**. Refer to *Figure 76*.

Figure 76: Add/Update Restate Page - Restate Data Successfully Saved

6. Contact your Certifier to recertify the corrected data you submitted to the Module.

3.4.2 Upload Restate Financial Data

Follow these steps to upload restate financial data:

1. From the Medicare Part B Average Sales Price homepage, click the **Financial Data** tab; then select **Upload Financial Data for Prior Quarters**. Refer to *Figure 77*.

Figure 77: Financial Data - Main Drop-down

The **Upload Financial Data for Prior Quarters** page opens, listing the financial quarter and year for the upcoming reporting period. Refer to *Figure 78*.

Figure 78: Upload Financial Data for Prior Quarters Restate Financial Data

Note: Under **Upload New or Corrected Financial Data**, there is a **Restatement Financial Data Template (Excel)** available for download. Click the button to download a desktop copy.

2. Upon preparing your **.xlsx file (required)** and verifying your information for accuracy, click **Select File** to browse your desktop and upload the file to the Module. You may also drag the file into the **Select File** box. Refer to *Figure 79*.

Figure 79: Upload Financial Data for Prior Quarters - Uploading Files From Desktop

A download bar displays as your file uploads. A message displays confirming you have successfully uploaded your **.xlsx** file. Refer to *Figure 80*.

Note: If the Module cannot process your file, an error message displays, and a **New Report** generates under **Uploaded Files**.

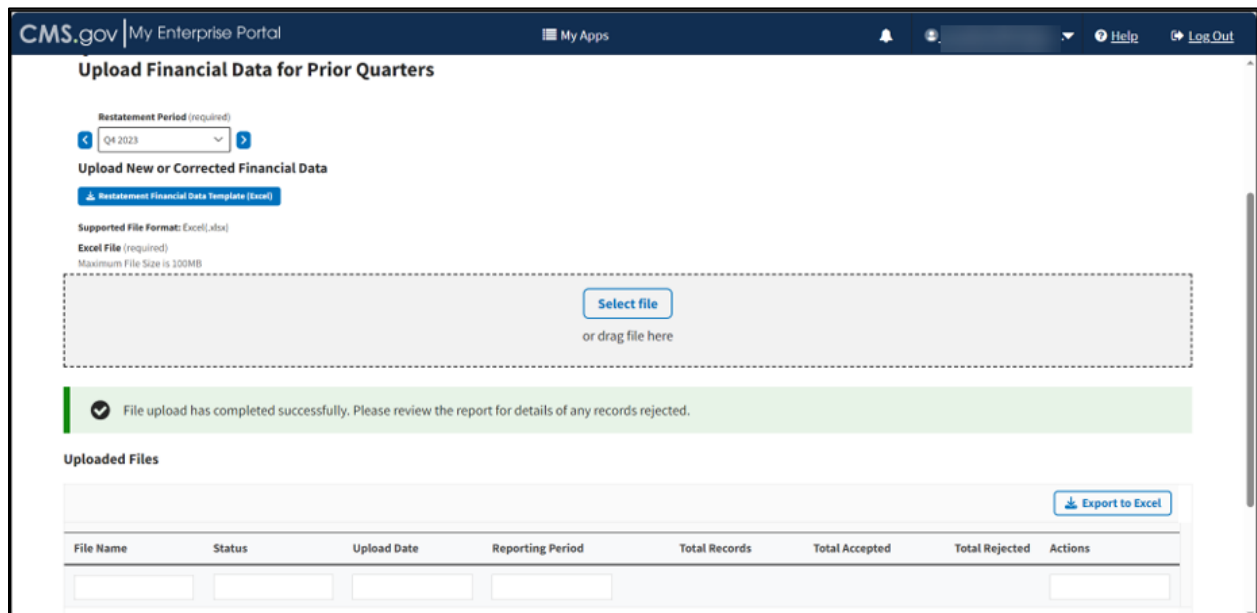

Figure 80: Upload Financial Data for Prior Quarters - New File Successfully Uploaded

The **Uploaded Files** section displays files you uploaded recently as well as previous files still in the Module. Refer to *Figure 81*.

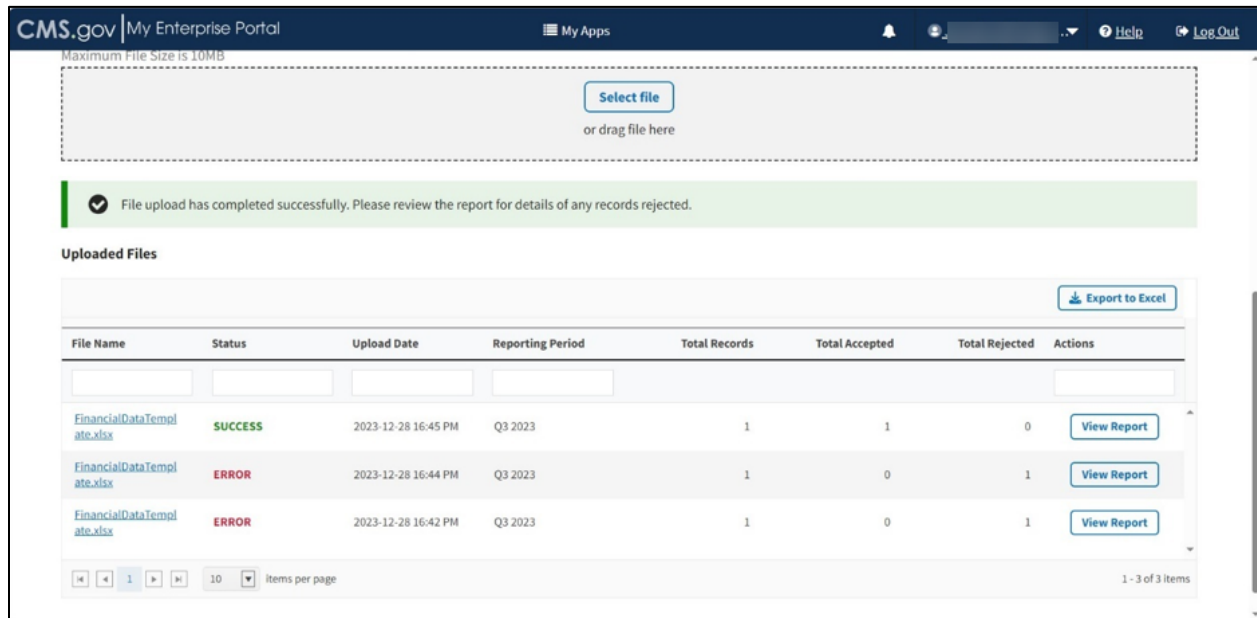

Figure 81: Upload Financial Data for Prior Quarters - Uploaded Files

Each uploaded file displays the **File Name**, **Status**, **Upload Date**, **Reporting Period**, **Total Records**, **Total Accepted**, **Total Rejected**, and **Actions** categories submitted to the Module.

3. Click **View Report** under **Actions** in the **Uploaded Files** section to view the full report for a submitted file.

The report opens on the next page. Refer to *Figure 82*.

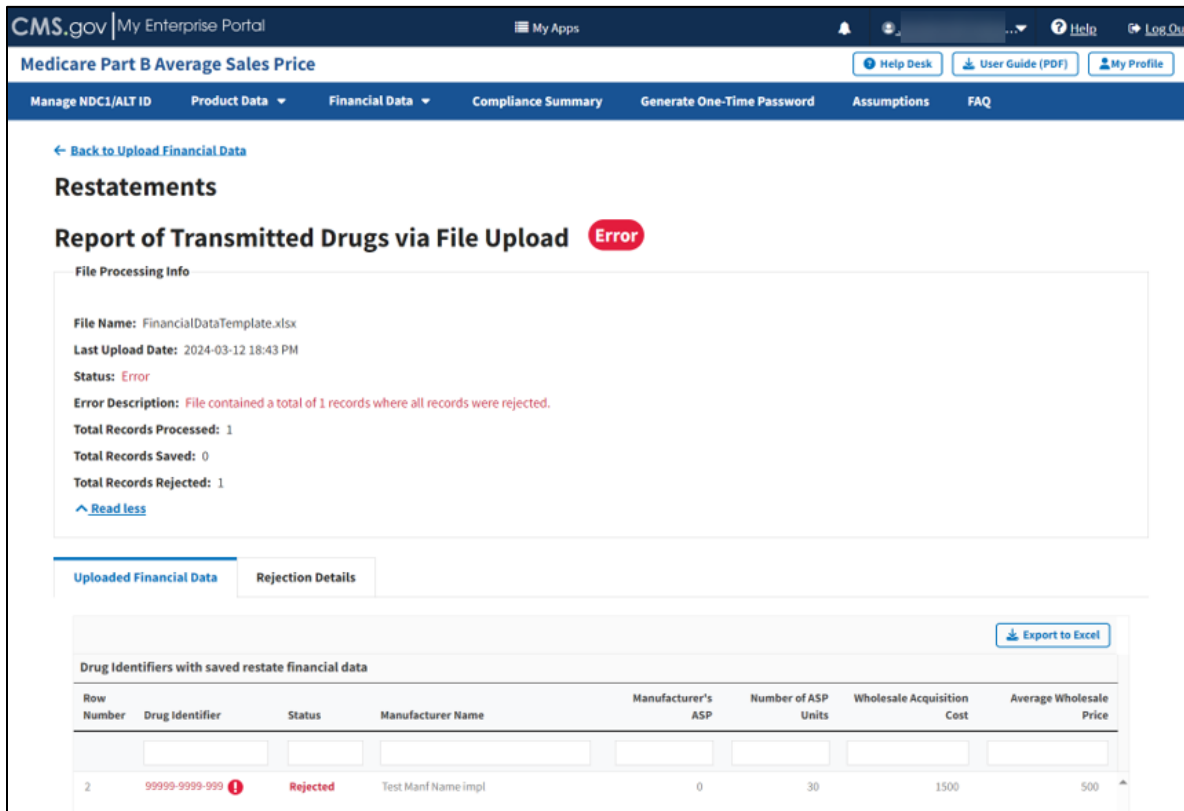

Figure 82: Upload Financial Data for Prior Quarters - Report of Transmitted Drugs

The report lists all drug identifiers with saved restate financial data in the ASP system. The Module organizes the full list by row number and includes each drug identifier, status, and other previously submitted information from the **Add Product Data** sections.

Note: The Module highlights errors in red. Hover over the red text to display information about the specific error.

- Click the **Rejection Details** tab.

A listing of drug identifiers with rejected restate financial data displays. Refer to *Figure 83*.

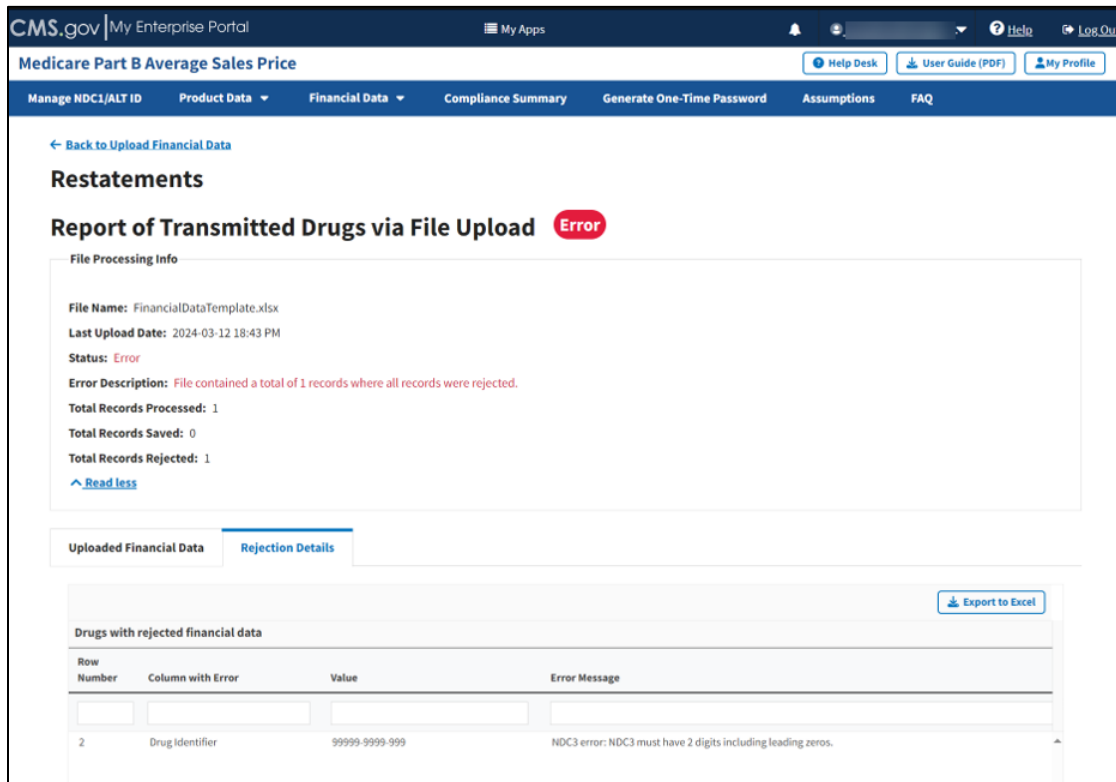

Figure 83: Upload Financial Data for Prior Quarters - Reported Rejection Details

The Module lists all errors found in submitted data by **Row Number**, **Column with Error**, **Value** and **Error Message** under **Drugs with rejected financial data**.

5. Return to the **Add/Update Financial Data** section of the Module to request any changes to your product data.
6. Contact your Certifier to recertify the corrected data you submitted to the Module.

3.5 Compliance Summary

The features in the **Compliance Summary** section allow drug manufacturers to determine if their products meet the current submission reporting requirements.

The **Compliance Summary** consists of the following sections:

- **Missing:** Displays drug products that are missing financial data for the selected reporting period.
- **Pending:** Displays drug products that are both pending certification and pending restatement certification, combined under one tab.
- **Certified:** Displays previously certified drug products for the selected reporting period.

Note: Financial data will be suppressed for prior quarters.

- **New:** Displays drug products with a first marketing date in the same reporting period.
- **Off Cycle:** Displays drug products added on or after the first day of the submission window of the current quarter.

- **Expired:** Displays drug products that have an expired date of final lot sold. A drug product that expired in an earlier quarter will continue to show in subsequent quarters.

Follow these steps to navigate the **Compliance Summary** section:

1. **From the Medicare Part B Average Sales Price homepage, click the **Compliance Summary** tab.**

The **Compliance Summary** page opens. The page displays the status for each submitted drug product regarding the drug manufacturer's compliance for the selected reporting period. The page automatically defaults to the **Missing** tab. Refer to *Figure 84*.

Note: *Figure 84* shows an alert message under **Reporting Period** stating that there are drug products in need of attention.

Figure 84: Compliance Summary

Note: Click the **Reporting Period (required)** tab in the top left to scroll through previous quarters. Click the blue arrows to navigate to a previous quarter starting with the most recent or next quarter.

3.5.1 Missing

Follow these steps to add data in the **Missing** tab of the **Compliance Summary**:

1. Under **Drug Identifiers waiting for data entry**, review and identify the missing fields or incorrect financial information to address; confirm the accuracy of all the necessary financial information listed on the page.

The Module organizes the full list by **Drug Identifier** and **Manufacturer Name**, and includes **Reporting Period**, **Manufacturer's ASP**, **Number of ASP Units**, **Wholesale Acquisition Cost**, and **Average Wholesale Price** fields.

Note: Click the **Export to Excel** button to download all products under the **Missing** tab.

2. Click the **Add Data** tab next to the appropriate drug product.

An **Add Financial Data** window opens. Refer to *Figure 85*.

The image shows a modal window titled "Add Financial Data" with a close button (X) in the top right corner. The window contains several input fields with labels and a "Save" button at the bottom right.

Field Label	Value
Drug Identifier	00000-9999-11
Manufacturer Name	
Reporting Period	Q4 2024
Manufacturer's ASP (required)	\$
Number of ASP Units (required)	
Wholesale Acquisition Cost (required)	\$
Average Wholesale Price	\$

Buttons: Cancel, Save

Figure 85: Compliance Summary - Add Data Screen

3. Type the requested information in the empty **Manufacturer's ASP (required)**, **Number of ASP Units (required)**, **Wholesale Acquisition Cost (required)**, and **Average Wholesale Price (required)** fields.
4. Click **Save** to submit your information to the Module.

A message displays confirming you have successfully added your data, and that your product is now pending certification. Refer to *Figure 86*.

The Module organizes the full list by **Drug Identifier** and **Manufacturer Name** and includes **First Marketing Date** and **Expiration Date of Final Lot Sold** fields.

3.6 Generate One-Time Password

Once you successfully enter product and financial data in the ASP Module, you can generate a one-time password (OTP) for each manufacturer name. Note the following about OTPs:

- OTPs protect sensitive information and product specific drug-data from tampering or alterations by others outside of the Submitter or Certifier.
- The OTP is a one-time authentication step to link a Submitter to a Certifier within the system. This step does not need to take place during every submission. There can only be one active Certifier per manufacturer. If the Certifier changes, the Submitter must create and share a new OTP with the new Certifier.
- The Submitter and Certifier cannot be the same person within your organization.
- You can share the OTP with the Certifier. This passcode will remain the same for as long as the Certifier is the same person in your organization who uses the ASP Module.
- If the OTP expires, you can generate another OTP and provide it to the Certifier again.

Note: Refer to the Certifier User Guide for more information about the Certifier role.

Follow these steps to generate an OTP:

- From the Medicare Part B ASP Homepage, click the **Generate One-Time Password** tab.

The **Generate One-Time Password** page opens. Refer to *Figure 96*.

Figure 96: Generate One-Time Password

2. Click the **-Select-** box under **Manufacturer Name (required)** to expand the list. Refer to *Figure 97*.

Figure 97: Generate One-Time Password - Manufacturer Name

3. Select the appropriate manufacturer name.
A new OTP displays. Refer to *Figure 98*.

Figure 99: Generate One-Time Password - Password Copied

- Copy the OTP and send it to your Certifier. You must recreate the OTP if the Certifier cannot confirm the OTP on the Module, or if it expires.

Note: A message displays at the bottom of the window noting the expiration date for your new password. The Certifier must log in to the ASP Module to use that OTP before the noted expiration date.

Note: An OTP is only valid for seven days. After seven days, you must generate a new OTP.

3.7 Assumptions

Drug manufacturers can submit comments regarding their certifications to CMS. Manufacturers may submit these comments for either the current or prior reporting periods. Each quarter, manufacturers will submit these comments for the current reporting period, or they may submit assumptions for any previous quarters they are restating and resubmitting. Submitters can enter assumptions, but certifiers must complete the assumptions form before certification.

3.7.1 Reasonable Assumptions

Follow these steps to submit certification assumptions to CMS:

- From the **Medicare Part B Average Sales Price** homepage, click the **Assumptions** tab.

The **Assumptions** page opens, and defaults to the current quarter and year. Select the appropriate reporting period before clicking the **Reasonable Assumptions** tab. Refer to *Figure 100*.

Note: Click the **Reporting Period (Required)** tab in the top left to scroll through previous quarters.

- Click the **Reasonable Assumptions Form** button.

The **Reasonable Assumption Form** window displays. The Module automatically defaults to the **Reporting Period** selected on the **Assumptions** default page with a **Manufacturer Name (required)** drop-down menu and empty required response fields. Refer to *Figure 101*.

The screenshot shows the 'Reasonable Assumptions Form' for Medicare Part B Average Sales Price. The form is titled 'Reasonable Assumptions Form' and includes a 'Reporting Period' dropdown set to 'Q1 2025'. Below this is a 'Manufacturer Name (required)' dropdown menu with '- Select -' as the current selection. A blue information box states: 'Manufacturers must provide all required information below in the form fields. If you do not have reasonable assumptions for a particular area, put "N/A" in the box. If you have additional verbiage for any of the areas below, attach a cover letter when submitting this form.' The form is divided into two main sections: 'Bona Fide Service Fees' and 'Bundled Sales'. Each section has a text area for the 'Response (required)' with a '1,000 characters left' indicator. The 'Bona Fide Service Fees' section includes a description: 'Provide an overview of contractual arrangements that the submitting manufacturer has with entities for which it pays a bona fide service fee(s) as well as the fair market value analysis for service arrangements each time an arrangement is issued or renewed.' The 'Bundled Sales' section includes a description: 'Provide an overview of bundled sale arrangements and the discount reallocation for each arrangement.'

 - Billing Corrections

Sales to U.S. Territories

Confirm how the manufacturer considers sales to customers in United States territories in the calculation of ASP..

Response (required)

1,000 characters left

[View All](#)

Figure 102: View All Required Response Fields

5. Complete all the response fields. Enter **NA** if reasonable assumptions are not available for a particular field.

Note: Each required field allows for 1,000 characters of text to provide a summary of the assumption. If a response exceeds the character limit, please submit or upload the additional verbiage on the **Other Assumptions** tab. Refer to *Section 3.7.2 - Other Assumptions* for instructions.

6. Click the **Save Form** button located at the bottom of the form. Refer to *Figure 103*.

Returned Goods

Confirm how returned goods will be treated in the ASP calculation.

Response (required)

3.7.2 Other Assumptions

This section provides instructions on how drug manufacturers can submit comments regarding their certifications to CMS via **Create Assumptions** or **Upload Assumptions**.

3.7.2.1 Create Assumptions

Follow these steps to create an assumption:

1. From the **Medicare Part B Average Sales Price** homepage, click the **Assumptions** tab. The Module automatically defaults to the **Reasonable Assumptions** tab. Click the **Other Assumptions** tab. Refer to *Figure 106*.

Figure 106: Create Other Assumptions

Note: Click the **Reporting Period** tab in the top left to view previous quarters. Use the drop-down menu to navigate to select the appropriate quarter.

2. Click the **Other Assumptions** file button.

The Module automatically defaults to the **Create Assumptions** radio button with a **Manufacturer Name (required)** drop-down menu and empty **Short Description** and **Text for Assumption file** fields. Refer to *Figure 106*.

3. From the **Manufacturer Name (required)** drop-down menu, click the **-Select-** drop-down menu to expand the list and select the manufacturer name.
4. Complete the **Short Description** and **Text for Assumption file** fields.

Note: The **Short Description** field is optional and allows for 500 characters of text to provide a summary of the complete assumption you are submitting to CMS. The **Text for Assumption file** field is required and allows for 1,000 characters to provide as much detail as possible related to the selected period's financial submission.

5. Click the **Save Form** button.

A message displays confirming you have successfully created your **Assumption**. Refer to *Figure 107*.

✓ Other Assumptions Form has been saved successfully.

Figure 107: Other Assumptions Saved Successfully

3.7.2.2 Upload Assumption File

Follow these steps to upload an assumption file to the Module:

1. Click the **Other Assumptions** file tab.

The **Create Assumption or Upload Assumption File** window displays. The Module automatically defaults to the **Create Assumption** radio button.

2. Click the **Upload Assumption File** radio button.

A **Manufacturer Name (required)** drop-down menu and empty **File Description (required)** field display. Refer to *Figure 108*.

4. Technical Support Contact Information

Contact the FFSDCS (ASP) Application Helpdesk for issues such as:

- Account unlock
- Password reset
- Registration process questions
- System availability escalations

Table 1 provides contact information for technical support.

Table 1: Technical Support Contacts

Email Address	Phone Number	Hours
ASPHelpDesk@dcca.com	1-844-876-0765	9:00 a.m. to 6:00 p.m. Eastern Standard Time (EST), Monday through Friday

Appendix A: Field Definitions

Table 2 provides an overview of field definitions for this document.

Table 2: Field Definitions

Column/Field Name	Format	Allowed/Sample Values	Required/Optional	Notes
Manufacturer Name	Alphanumeric	Maximum of 250 characters	Required	<ul style="list-style-type: none"> When entering product data for the same Manufacturer more than once, be sure the spelling matches. Special characters (comma, dash, period) allowed.
NDC1	5-digit number	e.g., 12345	Required	<ul style="list-style-type: none"> First segment of the National Drug Code (NDC) that identifies the labeler. Products that do not have an NDC should only use the Alternate ID column. Not required if the product has an Alternate ID. Leading zero allowed.
NDC2	4-digit number	e.g., 1234	Required	<ul style="list-style-type: none"> Not required if the product has an Alternate ID. The NDC2 is the sixth through the ninth digits of the 11-digit NDC that identifies the product.
NDC3	2-digit number	e.g., 12	Required	<ul style="list-style-type: none"> Not required if the product has an Alternate ID. The NDC3 is the last two digits of the 11-digit NDC that identify the package size.
Alternate ID	alphanumeric	maximum of 23 characters	Required	<ul style="list-style-type: none"> Not required if the product has an NDC. Must match product ID exactly as listed publicly on the manufacturer's website. Special characters (colon, dash, period) allowed.
Alternate ID Website URL	NA	e.g., http://www.medicare.gov	NA	Must have http:// or https:// prefix.

Column/Field Name	Format	Allowed/Sample Values	Required/Optional	Notes
Brand Name	Alphanumeric	Maximum of 250 characters	Optional	Enter strength and package size in their respective fields unless it is a part of the registered brand name.
Generic Name	Alphanumeric	Maximum of 250 characters	Required	Refer to valid values in Generic Name.
Volume Per Item	Numeric	NA	Required	For Alternate ID, report the volume amount in one item. (For instance, enter 10 for 10 ml in one vial, and enter 1 for powders, sheets, or patches.)
Unit for Volume per Item	NA	NA	NA	See valid value in Unit of Volume per Item. For example, for Alternate ID, select EACH for powders, sheets, or patches.
Number of Items Per NDC or Alternate ID	Numeric	Maximum of 9 digits and 2 decimal places	Required	<ul style="list-style-type: none"> For NDCs: Indicates the number units within the NDC package (for instance, enter 5 for 5 vials in a package). For Alternate IDs: Indicates the number of units within the Alternate ID. (for instance, enter 5 for 5 grafts in a package).
Package Type	Alphanumeric	2 characters	Required	Enter SD, MD, or NA. (SD = Single dose, MD = Multi dose, NA = Not Applicable)
Strength	Numeric	e.g., 300	Required	NA
Unit for Strength	NA	NA	NA	See valid values in Unit for Strength
FDA Application Number/Registration Number	Alphanumeric	Maximum of 6 characters	Required	<ul style="list-style-type: none"> Enter FDA Application Number for NDCs and Registration Number for Alternate IDs. Enter Facility Registration Number for Human Cells, Tissues, and Cellular and Tissue-Based Products (HCT/Ps).
FDA Application Supplement Number	Alphanumeric	Maximum of 9 characters	Optional	NA

Column/Field Name	Format	Allowed/Sample Values	Required/Optional	Notes
Additional FDA Application Number #1	Alphanumeric	Maximum of 6 characters	Optional	NA
Additional FDA Application Supplement Number #1	Alphanumeric	Maximum of 9 characters	Optional	NA
Additional FDA Application Number #2	Alphanumeric	Maximum of 6 characters	Optional	NA
Additional FDA Application Supplement Number #2	Alphanumeric	Maximum of 9 characters	Optional	NA
FDA Approval/Registration Date	MM/DD/YYYY	e.g., 01/01/2023	Required	Must be prior to the current submission period start date.
FDA Approval Type	NA	NA	Required	Refer to valid values in FDA Approval Type.
First Marketing Date	MM/DD/YYYY	e.g., 01/01/2023	Required	<ul style="list-style-type: none"> • Must be on or after the FDA Approval Date. • Must be prior to the current submission period start date. If the date is after the current submission period start date, it must be submitted as an off-cycle submission. • NDC: For drugs marketed under an FDA-approved application (e.g., Abbreviated New Drug Application (ANDA), Biologics License Application (BLA), New Drug Application (NDA)), the earliest date the drug was first marketed under the application number by any labeler. If a drug was purchased or otherwise acquired from another labeler, the First Marketing Date should be equal to the First Marketing Date of the original product.

Column/Field Name	Format	Allowed/Sample Values	Required/Optional	Notes
First Marketing Date (continued)	MM/DD/YYYY	e.g., 01/01/2023	Required	<ul style="list-style-type: none"> • Alternate ID: For products marketed under an FDA-approved application/registration (e.g., 510(k), HCT/P, Premarket Approval (PMA)), the earliest date the product was first marketed under the application/registration number by any labeler. If a product was purchased or otherwise acquired from another labeler, the date should be equal to the First Marketing Date of the original product.
Date of First Sale for this Product	MM/DD/YYYY	e.g., 01/01/2023	Required	<ul style="list-style-type: none"> • Must be after the First Marketing Date. • Must be prior to the current submission reporting period start date unless it is an off-cycle submission. • NDC: The date of first sale of individual NDCs. • Alternate ID: The date of first sale of individual Alternate IDs.

Appendix B: Revision History

Table 3 provides a revision history for this document.

Table 3: Revision History

Version Number	Date	Author/Editor	Description of Change
1.0	03/15/2024	Index Analytics/DCCA	Initial version of ASP Data Collection System Submitter User Guide
2.0	07/11/2025	Index Analytics/DCCA	<ul style="list-style-type: none">• Updated based on updates to the ASP Data Collection System.• Made various font, grammatical, punctuation, shading, formatting, date, version, pagination, glossary, and alignment corrections.
2.1	08/29/2025	Index Analytics/DCCA	<ul style="list-style-type: none">• Updated <i>Section 3.7</i>.• Made various font, grammatical, punctuation, shading, formatting, date, version, pagination, glossary, and alignment corrections.

Appendix C: Glossary

Table 4 provides a list of terms, acronyms, and definitions in this document.

Table 4: Glossary

Expanded Form	Acronym/Term	Definition
510(k)	NA	A 510(k) submission is the mechanism through which the majority of medical devices obtain U.S. marketing clearance. Such devices include catheters, contact lenses, and absorbable sutures.
Abbreviated New Drug Application	ANDA	An ANDA is an application for a U.S. generic drug approval for an existing licensed medication or approved drug. Authorized generics do not require ANDAs.
Average Sales Price	ASP	ASP refers to the price at which an organization typically sells a certain class of good or service. CMS uses manufacturer-reported ASPs, based on manufacturers' actual quarterly drug sales, to calculate provider payment amounts for these drugs. Federal law defines the price.
Biologics License Application	BLA	A BLA is used to request permission to introduce or deliver a biologic product into interstate commerce.
Center for Medicare Management	CMM	The CMM oversees the fee-for-service Medicare program.
Centers for Medicare & Medicaid Services	CMS	CMS is a federal agency within the U.S. Department of Health and Human Services that administers the Medicare program and works in partnership with state governments to administer Medicaid, the State Children's Health Insurance Program, and health insurance portability standards.
Consolidated Appropriations Act, 2021	CAA	The CAA establishes protections for consumers related to surprise billing and transparency in health care. The No Surprises Act (NSA) is part of the CAA.
Eastern Standard Time	EST	EST is the standard time in the 5th time zone west of Greenwich, reckoned at the 75th meridian. This time zone is in the eastern part of the United States.
Fee-for-Service Data Collection System	FFSDCS	The FFSDCS is an instrument to collect cost, revenue, utilization, and other information for FFS claims.
Human Cells, Tissues, and Cellular Products	HCT/P	HCT/Ps include human cells or tissue intended for implantation, transplantation, infusion, or transfer into a human recipient. The FDA Center for Biologics Evaluation and Research (CBER) regulates HCT/Ps.
Interactive Voice Response	IVR	IVR is a technology that allows a computer to detect voice and DTMF keypad inputs.

Expanded Form	Acronym/Term	Definition
Medicare	NA	Medicare is the federal system of health insurance for people over 65 years of age and for certain younger people with disabilities.
Medicare Part B	NA	Medicare Part B is the part of Medicare that covers doctor services, outpatient hospital care, and other medical services that Part A does not cover such as physical and occupational therapy, X-rays, medical equipment, or limited ambulance service.
New Drug Application	NDA	An NDA is the vehicle through which drug sponsors formally propose that the FDA approve a new pharmaceutical drug for sale and marketing.
Okta	NA	Okta is an enterprise-grade, identity management service, built for the cloud, but compatible with many on-premises applications.
One-Time Password	OTP	An OTP is a password that is valid for only one login session or transaction.
Premarket Approval	PMA	PMA is the FDA process of scientific and regulatory review to evaluate the safety and effectiveness of Class III medical devices. Such devices include implants, ventilators, and pacemakers.
Short Message Service	SMS	SMS is a text messaging service component of phone, web, or mobile communication systems. It uses standardized communication protocols to allow fixed-line or mobile phone devices to exchange short text messages.
Social Security Act	SSA	The SSA is a law that provides income to retired workers aged 65 or older.
Uniform Resource Locator	URL	The URL is a global address of documents and other resources on the World Wide Web.
