# CHAPTER 1:

## Get started as a member

### SECTION 1     You're a member of [\[insert 2027 plan name\]](#)

---

#### Section 1.1     You're enrolled in [\[insert 2027 plan name\]](#), which is a Medicare HMO [\[insert if applicable: Point-of-Service plan\]](#)

You're covered by Medicare, and you chose to get your Medicare health coverage through our plan, [\[insert 2027 plan name\]](#). Our plan covers all Part A and Part B services. However, cost sharing and provider access in this plan are different from Original Medicare.

[\[Insert 2027 plan name\]](#) is a Medicare Advantage HMO Plan (HMO stands for Health Maintenance Organization) [\[insert if applicable: with a Point-of-Service \(POS\) option\]](#) approved by Medicare and run by a private company. [\[Insert if applicable: Point-of-Service means you can use providers outside our plan's network for an additional cost. \(Go to Chapter 3, Section 2.4 for information about using the Point-of-Service option.\)\]](#) [\[Insert 2027 plan name\]](#) doesn't include Part D drug coverage.

#### Section 1.2     Legal information about the *Evidence of Coverage*

This *Evidence of Coverage* is part of our contract with you about how [\[insert 2027 plan name\]](#) covers your care. Other parts of this contract include your enrollment form and any notices you get from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called *riders* or *amendments*.

The contract is in effect for the months you're enrolled in [\[insert 2027 plan name\]](#) between January 1, 2027, and December 31, 2027.

Medicare allows us to make changes to plans we offer each calendar year. This means we can change the costs and benefits of [\[insert 2027 plan name\]](#) after December 31, 2027. We can also choose to stop offering our plan in your service area, after December 31, 2027.

Medicare (the Centers for Medicare & Medicaid Services) must approve [\[insert 2027 plan name\]](#) each year. You can continue to get Medicare coverage as a member of our plan as long as we choose to continue offering our plan and Medicare renews approval of our plan.

## **SECTION 2      Plan eligibility requirements**

---

### **Section 2.1      Eligibility requirements**

You're eligible for membership in our plan as long as you meet all these conditions:

- You have both Medicare Part A and Medicare Part B
- You live in our geographic service area (described in Section 2.2). *[Plans with grandfathered members who were outside of area prior to January 1999, insert: If you've been a member of our plan continuously since before January 1999 and you were living outside our service area before January 1999, you're still eligible for our plan as long as you haven't moved since before January 1999.]* People who are incarcerated aren't considered to be living in the geographic service area, even if they're physically located in it
- You're a United States citizen or lawfully present in the United States

### **Section 2.2      Plan service area for *[insert 2027 plan name]***

*[Insert 2027 plan name]* is only available to people who live in our plan service area. To stay a member of our plan, you *[if a continuation area is offered under 42 CFR 422.54, insert: generally here and add a sentence describing the continuation area]* must continue to live in our plan service area. The service area is described *[insert as appropriate: below OR in an appendix to this Evidence of Coverage]*.

*[Insert plan service area here or within an appendix. Plans can include references to territories, as appropriate. Use the county name only if approved for the entire county. For an approved partial county, use the county name plus the approved zip code(s). Examples of the format for describing the service area are provided below. If needed, plans can insert more than one row to describe its service area.]*

Our service area includes all 50 states

Our service area includes these states: *[insert states]*

Our service area includes these counties in *[insert state]*: *[insert counties]*

Our service area includes these parts of counties in *[insert state]*: *[insert county]*, the following zip codes only *[insert zip codes]*

*[Optional information: multi-state plans can include the following: We offer coverage in *[insert as applicable: several OR all]* states *[insert if applicable: and territories]*. However, there may be cost or other differences between plans we offer in each state. If you move out of a state *[insert if applicable: or territory]* and into a state *[insert if applicable: or territory]* that is still within our service area, you must call Member Services at *[insert Member Services number]**

**Chapter 1 Get started as a member**

---

(TTY users call [\[insert TTY number\]](#)) to update your information. *[National plans may delete this paragraph.]*

If you move out of our plan's service area, you can't stay a member of this plan. Call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) to see if we have a plan in your new area. When you move, you'll have a Special Enrollment Period to either switch to Original Medicare or enroll in a Medicare health plan in your new location.

If you move or change your mailing address, it's also important to call Social Security. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

**Section 2.3 U.S. citizen or lawful presence**

You must be a U.S. citizen or lawfully present in the United States to be a member of a Medicare health plan. Medicare (the Centers for Medicare & Medicaid Services) will notify [\[insert 2027 plan name\]](#) if you're not eligible to stay a member of our plan on this basis. [\[insert 2027 plan name\]](#) must disenroll you if you don't meet this requirement.

**SECTION 3 Important membership material**

---

**Section 3.1 Our plan membership card**

Use your membership card whenever you get services covered by our plan. You should also show the provider your Medicaid card, if you have one. Sample membership card:

*[Insert picture of front and back of member ID card. Mark it as a sample card (for example, by superimposing the word: sample, on the image of the card).]*

DON'T use your red, white and blue Medicare card for covered medical services while you're a member of this plan. If you use your Medicare card instead of your [\[insert 2027 plan name\]](#) membership card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare-approved clinical research studies (also called clinical trials).

If our plan membership card is damaged, lost, or stolen, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) right away and we'll send you a new card.

**Section 3.2 Provider Directory**

The *Provider Directory* [\[insert direct URL to provider directory\]](#) lists our current network providers [\[insert if applicable: and durable medical equipment suppliers\]](#). **Network providers**

**Chapter 1 Get started as a member**

are the doctors and other health care professionals, medical groups, *[insert if applicable: durable medical equipment suppliers,]* hospitals, and other health care facilities that have an agreement with us to accept our payment and any plan cost sharing as payment in full.

You must use network providers to get your medical care and services. *[Plans with sub-networks (e.g., limiting members to providers within their PCP's sub-network) insert a brief explanation of the additional limitations of your sub-network structure. Refer to the current Medicare Advantage and Section 1876 Cost Plan Network Adequacy Guidance for guidance on sub-networks.]* If you go elsewhere without proper authorization, you'll have to pay in full. The only exceptions are emergencies, urgently needed services when the network isn't available (that is, situations where it's unreasonable or not possible to get services in-network), out-of-area dialysis services, and cases when *[insert 2027 plan name]* authorizes use of out-of-network providers.

*[Plans with a Point-of-Service (POS) option must briefly describe the POS option here. The details of the POS should be addressed in Chapter 3.]*

*[Insert as applicable: We included a copy of our Provider Directory in the envelope with this document.] [Insert as applicable: We [insert as applicable: also] included a copy of our Durable Medical Equipment Supplier Directory in the envelope with this document.] [Get the most recent list of providers [insert as applicable: and suppliers] on our website at [insert URL].]*

If you don't have a *Provider Directory*, you can ask for a copy (electronically or in paper form) from Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*). Requested paper *Provider Directories* will be mailed to you within 3 business days.

**Many members are required to pay other Medicare premiums.**

*[Plans that include a Part B premium reduction benefit can describe the benefit within this section.]*

*[Plans with no monthly plan premium, omit: In addition to paying the monthly plan premium,]*

**Section 4.3      Optional Supplemental Benefit Premium**

If you signed up for extra benefits, also called *optional supplemental benefits*, you pay an additional premium each month for these extra benefits. Go to Chapter 4, Section 2.1 for details. *[If our plan describes optional supplemental benefits within Chapter 4, then our plan must include the premium amounts for those benefits in this section.]*

*[Delete Chapter 1, Section 4.3 if our plan doesn't offer optional supplemental benefits. Renummer remaining sections as appropriate.]*

## **SECTION 5      More information about your monthly plan premium**

---

### **Section 5.1      How to pay our plan premium**

*[Plans indicating in Section 4.1 that there's no monthly plan premium: Delete this section.]*

There are *[insert number of payment options]* ways you can pay our plan premium.

#### **Option 1: Pay by check**

*[Insert plan specifics regarding premium/penalty payment intervals (e.g., monthly, quarterly- note that members must have the option to pay their premiums monthly), how they can pay by check, including an address, whether they can drop off a check in person, and by what day the check must be received (e.g., the 5<sup>th</sup> of each month). It should be emphasized that checks should be made payable to our plan and not CMS nor HHS. If our plan uses coupon books, explain when they will get it and to call Member Services for a new one if they run out or lose it. In addition, include information if you charge for bounced checks.]*

#### **Option 2: *[Insert option type]***

*[If applicable: Insert information about other premium/penalty payment options. Or delete this option.]*

*Include specific information about all relevant choices (e.g., automatically withdrawn from your checking or savings account, charged directly to your credit or debit card, or billed each month directly by our plan). Insert information on the frequency of automatic deductions (e.g., monthly, quarterly – note that members must have the option to pay their premiums monthly), the approximate day of the month the deduction will be made, and how this can be set up. While we process your new payment method, you're still responsible for making sure your *[plans with a premium insert: plan premium] [plans without a premium insert: Part D*

**Chapter 1 Get started as a member**

---

*[late enrollment penalty]* is paid on time. To change your payment method *[plans must indicate how the member can change their selected payment method]*.

**If you have trouble paying our plan premium**

*[Plans that don't disenroll members for non-payment can modify this section as needed.]*

Your plan premium is due in our office by the *[insert day of the month]*. If we don't get your payment by the *[insert day of the month]*, we'll send you a notice letting you know our plan membership will end if we don't get your premium payment within *[insert length of plan grace period]*.

If you have trouble paying your premium on time, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) to see if we can direct you to programs that will help with your costs.

If we end your membership because you did not pay your premiums, you'll have health coverage under Original Medicare. *[Insert if applicable: At the time we end your membership, you may still owe us for unpaid premiums. [Insert one or both statements as applicable for our plan: We have the right to pursue collection of the amount you owe. AND/OR if you want to enroll again in our plan (or another plan that we offer), you'll need to pay the late premiums before you can enroll.]]*

If you think we wrongfully ended your membership, you can make a complaint (also called a grievance). If you had an emergency circumstance out of your control that made you unable to pay your premiums within our grace period, you can make a complaint. For complaints, we'll review our decision again. Go to Chapter 7 to learn how to make a complaint or call us at *[insert phone number]* between *[insert hours of operation]*. TTY users call *[insert TTY number]*. You must make your complaint no later than 60 calendar days after the date your membership ends.

**Section 5.2 Our monthly plan premium won't change during the year**

We're not allowed to change our plan's monthly plan premium amount during the year. If the monthly plan premium changes for next year, we'll tell you in September and the new premium will take effect on January 1.

**SECTION 6 Keep our plan membership record up to date**

---

*[In the heading and this section, plans should substitute the name used for this file if different from membership record.]*

**Chapter 1 Get started as a member**

---

Your membership record has information from your enrollment form, including your address and phone number. It shows your specific plan coverage *[insert as appropriate: including your Primary Care Provider/Medical Group/IPA]*.

The doctors, hospitals, and other providers in our plan's network **use your membership record to know what services are covered and your cost-sharing amounts**. Because of this, it's very important to help us keep your information up to date.

**If you have any of these changes, let us know:**

- Changes to your name, address, or phone number
- Changes in any other health coverage you have (such as from your employer, your spouse or domestic partner's employer, workers' compensation, or Medicaid)
- Any liability claims, such as claims from an automobile accident
- If you're admitted to a nursing home
- If you get care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you participate in a clinical research study (**Note:** You're not required to tell our plan about clinical research studies you intend to participate in, but we encourage you to do so.)

If any of this information changes, let us know by calling Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*). *[Plans that allow members to update this information online can describe that option here.]*

It's also important to contact Social Security if you move or change your mailing address. Call Social Security at 1-800-772-1213 (TTY users call 1-800-325-0778).

---

**SECTION 7      How other insurance works with our plan**

---

*[Plans collecting information by phone revise heading and section as needed to reflect process.]*

Medicare requires us to collect information about any other medical or drug coverage you have so we can coordinate any other coverage with your benefits under our plan. This is called **Coordination of Benefits**.

Once a year, we'll send you a letter that lists any other medical or drug coverage we know about. Read this information carefully. If it's correct, you don't need to do anything. If the information isn't correct, or if you have other coverage that's not listed, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*). You may need to give

**Chapter 1 Get started as a member**

---

our plan member ID number to your other insurers (once you confirm their identity) so your bills are paid correctly and on time.

When you have other insurance (like employer group health coverage), Medicare rules decide whether our plan or your other insurance pays first. The insurance that pays first (“the primary payer”) pays up to the limits of its coverage. The insurance that pays second (“the secondary payer”) only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member’s current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
  - If you’re under 65 and disabled and you (or your family member) are still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan has more than 100 employees.
  - If you’re over 65 and you (or your spouse or domestic partner) are still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers’ compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

# CHAPTER 3:

## Using our plan for your medical services

### SECTION 1      How to get medical care as a member of our plan

---

This chapter explains what you need to know about using our plan to get your medical care covered.

For details on what medical care our plan covers and how much you pay when you get care, go to the Medical Benefits Chart in Chapter 4.

#### Section 1.1      Network providers and covered services

- **Providers** are doctors and other health care professionals licensed by the state to provide medical services and care. The term “providers” also includes hospitals and other health care facilities.
- **Network providers** are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and your cost-sharing amount as payment in full. We arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay only your share of the cost for their services.
- **Covered services** include all the medical care, health care services, supplies, and equipment that are covered by our plan. Your covered services for medical care are listed in the Medical Benefits Chart in Chapter 4.

#### Section 1.2      Basic rules for your medical care to be covered by our plan

As a Medicare health plan, [\[insert 2027 plan name\]](#) must cover all services covered by Original Medicare and follow Original Medicare’s coverage rules.

[\[insert 2027 plan name\]](#) will generally cover your medical care as long as:

- **The care you get is included in our plan’s Medical Benefits Chart** in Chapter 4.
- **The care you get is considered medically necessary.** Medically necessary means that the services, supplies, equipment, or drugs are needed for the prevention,

diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.

- *[Plans may omit or edit the PCP-related bullets as necessary.]* **You have a network primary care provider (a PCP) providing and overseeing your care.** As a member of our plan, you must choose a network PCP (go to Section 2.1 of this chapter for more information).
  - In most situations, *[insert as applicable: your network PCP OR our plan]* must give you approval in advance (a referral) before you can use other providers in our plan's network, such as specialists, hospitals, skilled nursing facilities, or home health care agencies. For more information, go to Section 2.3.
  - You don't need referrals from your PCP for emergency care or urgently needed services. To learn about other kinds of care you can get without getting approval in advance from your PCP, go to Section 2.2.
- *[Plans with a POS option may edit the network provider bullets as necessary.]* **You must get your care from a network provider** (go to Section 2). In most cases, care you get from an out-of-network provider (a provider who's not part of our plan's network) won't be covered. This means you have to pay the provider in full for services you get. *Here are 3 exceptions:*
  - Our plan covers emergency or urgently needed services you get from an out-of-network provider. For more information and to see what emergency or urgently needed services are, go to Section 3.
  - If you need medical care that Medicare requires our plan to cover but there are no specialists in our network that provide this care, you can get this care from an out-of-network provider at the same cost sharing you normally pay in-network. *[Plans may specify if authorization should be gotten from our plan prior to seeking care.]* In this situation, you pay the same as you pay if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, go to Section 2.4.
  - Our plan covers kidney dialysis services you get at a Medicare-certified dialysis facility when you're temporarily outside our plan's service area or when your provider for this service is temporarily unavailable or inaccessible. The cost sharing you pay our plan for dialysis can never be higher than the cost sharing in Original Medicare. If you're outside our plan's service area and get dialysis from a provider outside our plan's network, your cost sharing can't be higher than the cost sharing you pay in-network. However, if your usual in-network provider for dialysis is temporarily unavailable and you choose to get services inside our service area from a provider outside our plan's network, your cost sharing for the dialysis may be higher.

## **SECTION 2      Use providers in our plan's network to get medical care**

---

### **Section 2.1      You *[insert as applicable: may OR must]* choose a Primary Care Provider (PCP) to provide and oversee your medical care**

*[Note: Insert this section only if plan uses PCPs. Plans may edit this section to refer to a Physician of Choice (POC) instead of PCP.]*

#### **What is a PCP and what does the PCP do for you?**

*[Plans should describe the following in the context of its plans:*

- *What is a PCP?*
- *What types of providers may act as a PCP?*
- *Explain the role of a PCP in our plan.*
- *What is the role of the PCP in coordinating covered services?*
- *What is the role of the PCP in making decisions about or getting prior authorization (PA), if applicable?]*

#### **How to choose a PCP?**

*[Plans should describe how to choose a PCP.]*

#### **How to change your PCP**

You can change your PCP for any reason, at any time. It's also possible that your PCP might leave our plan's network of providers, and you'd need to choose a new PCP. *[Explain if the member changes their PCP this may result in being limited to specific specialists or hospitals to which that PCP refers (i.e., sub-network, referral circles). Also noted in Section 2.3.]*

*[Plans should describe how to change a PCP and indicate when that change will take effect (e.g., on the first day of the month following the date of the request, immediately upon receipt of request, etc.).]*

### **Section 2.2      Medical care you can get without a PCP referral**

*[Note: Insert this section only if plans use PCPs or require referrals to network providers.]*

You can get the services listed below without getting approval in advance from your PCP:

- Routine women's health care, including breast exams, screening mammograms (x-rays of the breast), Pap tests, and pelvic exams *[insert if applicable: as long as you get them from a network provider]*
- Flu shots, COVID-19 vaccines, *[insert if applicable: Hepatitis B vaccines, and pneumonia vaccines]* *[insert if appropriate: as long as you get them from a network provider]*
- Emergency services from network providers or from out-of-network providers
- Urgently needed plan-covered services are services that require immediate medical attention (but not an emergency) if you're either temporarily outside our plan's service area, or if it's unreasonable given your time, place, and circumstances to get this service from network providers. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. Medically necessary routine provider visits (like annual checkups) aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you're temporarily outside our plan's service area. If possible, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) before you leave the service area so we can help arrange for you to have maintenance dialysis while you're away.
- *[Plans should add additional bullets as appropriate.]*

### **Section 2.3      How to get care from specialists and other network providers**

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. For example:

- Oncologists care for patients with cancer
- Cardiologists care for patients with heart conditions
- Orthopedists care for patients with certain bone, joint, or muscle conditions

*[Plans should describe how members access specialists and other network providers, including:*

- *What is the role (if any) of the PCP in referring members to specialists and other providers?*
- *Include an explanation of the process for getting PA, including who makes the PA decision (e.g., our plan, PCP, another entity) and who is responsible for getting the PA*

*(e.g., PCP, member). Refer members to Chapter 4, Section 2.1 for information about which services require PA.*

- *Explain if the selection of a PCP results in being limited to specific specialists or hospitals to which that PCP refers (i.e., sub-network, referral circles).]*

### **When a specialist or another network provider leaves our plan**

We may make changes to the hospitals, doctors and specialists (providers) in our plan's network during the year. If your doctor or specialist leaves our plan, you have these rights and protections:

- Even though our network of providers may change during the year, Medicare requires that you have uninterrupted access to qualified doctors and specialists.
- We'll notify you that your provider is leaving our plan so that you have time to choose a new provider.
  - If your primary care or behavioral health provider leaves our plan, we'll notify you if you visited that provider within the past 3 years.
  - If any of your other providers leave our plan, we'll notify you if you're assigned to the provider, currently get care from them or visited them within the past 3 months.
- We'll help you choose a new qualified in-network provider for continued care.
- If you're undergoing medical treatment or therapies with your current provider, you have the right to ask to continue getting medically necessary treatment or therapies. We'll work with you so you can continue to get care.
- We'll give you information about available enrollment periods and options you may have for changing plans.
- When an in-network provider or benefit is unavailable or inadequate to meet your medical needs, we'll arrange for any medically necessary covered benefit outside of our provider network at in-network cost sharing. *[Plans should indicate if prior authorization is needed.]*
- If you find out your doctor or specialist is leaving our plan, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) so we can help you choose a new provider to manage your care.
- If you believe we haven't furnished you with a qualified provider to replace your previous provider, or that your care isn't being appropriately managed, you have the right to file a quality-of-care complaint to the QIO, a quality-of-care grievance to our plan, or both. (Go to Chapter 7)

## **Section 2.4      How to get care from out-of-network providers**

*[Plans with a POS option: Describe POS option here. Tell members under what circumstances they can get services from out-of-network providers and what restrictions apply. General information (no specific dollar amounts) about cost sharing applicable to the use of out-of-network providers in HMO/POS plans should be inserted here, with reference to the Medical Benefits Chart where detailed information can be found.]*

*[Plans without a POS option: Tell members under what circumstances they may get services from out-of-network providers (e.g., when providers of specialized services aren't available in network). Describe the process for getting authorization, including who is responsible for getting authorization.]* **[Note: Members are entitled to get services from out-of-network providers for emergency or urgently needed services. In addition, plans must cover dialysis services for ESRD members who have traveled outside our plan's service area and aren't able to access contracted ESRD providers.]**

## **SECTION 3      How to get services in an emergency, disaster, or urgent need for care**

---

### **Section 3.1      Get care if you have a medical emergency**

A **medical emergency** is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and, if you're a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that's quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You don't need to get approval or a referral first from your PCP. You don't need to use a network doctor. You can get covered emergency medical care whenever you need it, anywhere in the United States or its territories, and from any provider with an appropriate state license even if they're not part of our network *[plans may modify this sentence to identify whether this coverage is within the U.S. or world-wide emergency/urgent coverage]*.
- ***[Plans add if applicable: As soon as possible, make sure our plan has been told about your emergency.*** We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48

*hours. [Plans must provide either the phone number and days and hours of operation or explain where to find the number (e.g., on the back of our plan membership card).]*

### **Covered services in a medical emergency**

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

The doctors giving you emergency care will decide when your condition is stable, and when the medical emergency is over.

*[Plans may modify this paragraph as needed to address the post-stabilization care for our plan.]* After the emergency is over, you're entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan.

If your emergency care is provided by out-of-network providers, we'll try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

### **What if it wasn't a medical emergency?**

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it wasn't an emergency, as long as you reasonably thought your health was in serious danger, we'll cover your care.

However, after the doctor says it wasn't an emergency, we'll cover additional care *only* if you get the additional care in one of these 2 ways:

- You go to a network provider to get the additional care.
- The additional care you get is considered urgently needed services and you follow the rules below for getting this urgent care.

### **Section 3.2 Get care when you have an urgent need for services**

A service that requires immediate medical attention (but isn't an emergency) is an urgently needed service if you're either temporarily outside our plan's service area, or if it's unreasonable given your time, place, and circumstances to get this service from network providers. Examples of urgently needed services are unforeseen medical illnesses and injuries, or unexpected flare-ups of existing conditions. However, medically necessary routine

provider visits such as annual checkups, aren't considered urgently needed even if you're outside our plan's service area or our plan network is temporarily unavailable.

*[Plans must insert instructions for how to access urgently needed services (e.g., using urgent care centers, a provider hotline, etc.)]*

*[Insert if applicable: Plans without world-wide emergency/urgent coverage as a supplemental benefit: Our plan doesn't cover emergency services, urgently needed services, or any other services you get outside of the United States and its territories.]*

*[Insert if applicable: Plans with world-wide emergency/urgent coverage as a supplemental benefit: Our plan covers worldwide [Insert as applicable: emergency and urgent care OR emergency OR urgent care] services outside the United States under the following circumstances [insert details].]*

### **Section 3.3      Get care during a disaster**

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you're still entitled to care from our plan.

Visit *[insert website]* for information on how to get needed care during a disaster.

If you can't use a network provider during a disaster, our plan will allow you to get care from out-of-network providers at in-network cost sharing.

## **SECTION 4      What if you're billed directly for the full cost of covered services?**

---

If you paid more than our plan cost-sharing for covered services, or if you got a bill for the full cost of covered medical services, you can ask us to pay our share of the cost of covered services. Go to Chapter 5 for information about what to do.

### **Section 4.1      If services aren't covered by our plan, you must pay the full cost**

*[Insert 2027 plan name]* covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4. If you get services that aren't covered by our plan or you get services out-of-network without authorization, you're responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you use up your benefit for that type of covered service. *[Plans should explain*

*whether paying for costs once a benefit limit has been reached will count toward an out-of-pocket maximum.]*

## **SECTION 5      Medical services in a clinical research study**

---

### **Section 5.1      What is a clinical research study**

A clinical research study (also called a *clinical trial*) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research studies are approved by Medicare. Clinical research studies approved by Medicare typically ask for volunteers to participate in the study. When you're in a clinical research study, you can stay enrolled in our plan and continue to get the rest of your care (care that's not related to the study) through our plan.

**If you participate in a Medicare-approved study, Original Medicare pays most of the costs for covered services you get as part of the study.** If you tell us you're in a qualified clinical trial, then you're only responsible for the in-network cost sharing for the services in that trial. If you paid more—for example, if you already paid the Original Medicare cost-sharing amount—we'll reimburse the difference between what you paid and the in-network cost sharing. You'll need to provide documentation to show us how much you paid.

If you want to participate in any Medicare-approved clinical research study, you don't need to tell us or get approval from us *[plans that don't use PCPs may delete the rest of this sentence]* or your PCP. The providers that deliver your care as part of the clinical research study don't need to be part of our plan's network. (This doesn't apply to covered benefits that include require a clinical trial or registry to assess the benefit, including certain benefits requiring coverage with evidence development (NCDs-CED) and investigational exemption device (IDE) studies. These benefits may also be subject to prior authorization and other plan rules.)

While you don't need our plan's permission to be in a clinical research study, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

*[For plans that offer its own studies insert the paragraph: Our plan also covers some clinical research studies. For these studies, we have to approve your participation. Participation in the clinical research study is voluntary.]*

If you participate in a study not approved by Medicare *[plans that conduct or cover clinical trials that aren't approved by Medicare insert: or our plan]*, you'll be responsible for paying all costs for your participation in the study.

## **Section 5.2      Who pays for services in a clinical research study**

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine items and services you get as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it's part of the research study.
- Treatment of side effects and complications of the new care.

After Medicare pays its share of the cost for these services, our plan will pay the difference between the cost sharing in Original Medicare and your in-network cost sharing as a member of our plan. This means you'll pay the same amount for services you get as part of the study as you would if you got these services from our plan. However, you must submit documentation showing how much cost-sharing you paid. Go to Chapter 5 for more information on submitting requests for payments.

*Example of cost sharing in a clinical trial:* Let's say you have a lab test that costs \$100 as part of the research study. Your share of the costs for this test is \$20 under Original Medicare, but the test would be \$10 under our plan. In this case, Original Medicare would pay \$80 for the test, and you would pay the \$20 copay required under Original Medicare. You would notify our plan that you got a qualified clinical trial service and submit documentation, (like a provider bill) to our plan. Our plan would then directly pay you \$10. This makes your net payment for the test \$10, the same amount you pay under our plan's benefits.

When you're in a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare won't pay for the new item or service the study is testing unless Medicare would cover the item or service even if you weren't in a study.
- Items or services provided only to collect data and not used in your direct health care. For example, Medicare won't pay for monthly CT scans done as part of a study if your medical condition would normally require only one CT scan.
- Items and services provided by the research sponsors free-of-charge for people in the trial.

## **SECTION 6 Rules for getting care in a religious non-medical health care institution**

---

### **Section 6.1 A religious non-medical health care institution**

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we'll instead cover care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

### **Section 6.2 How to get care from a religious non-medical health care institution**

To get care from a religious non-medical health care institution, you must sign a legal document that says you're conscientiously opposed to getting medical treatment that is **non-excepted**.

- **Non-excepted** medical care or treatment is any medical care or treatment that's *voluntary* and *not required* by any federal, state, or local law.
- **Excepted** medical treatment is medical care or treatment you get that's *not* voluntary or *is required* under federal, state, or local law.

To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan only covers non-religious aspects of care.
- If you get services from this institution provided to you in a facility, the following [\[insert as applicable: conditions apply OR condition applies\]](#):
  - You must have a medical condition that would allow you to get covered services for inpatient hospital care or skilled nursing facility care;

- *[Omit this bullet if not applicable]* – and – You must get approval in advance from our plan before you're admitted to the facility, or your stay won't be covered.

*[Plans must explain whether Medicare Inpatient Hospital coverage limits apply (include a reference to the Medical Benefits Chart in Chapter 4) or whether there's unlimited coverage for this benefit.]*

## **SECTION 7      Rules for ownership of durable medical equipment**

---

### **Section 7.1      You won't own some durable medical equipment after making a certain number of payments under our plan**

*[Plans that allow transfer of ownership of certain DME items to members must modify this section to explain the conditions under which and when the member can own specified DME.]*

Durable medical equipment (DME) includes items like oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for members to use in the home. The member always owns some DME items, like prosthetics. Other types of DME you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. **As a member of *[insert 2027 plan name]*, however, you *[insert if our plan sometimes allows ownership: usually]* won't get ownership of rented DME items no matter how many copayments you make for the item while a member of our plan.** You won't get ownership even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan. *[Insert if our plan sometimes allows transfer of ownership for items other than prosthetics: Under some limited circumstances, we'll transfer ownership of the DME item to you. Call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) for more information.]*

### **What happens to payments you made for durable medical equipment if you switch to Original Medicare?**

If you didn't get ownership of the DME item while in our plan, you'll have to make 13 new consecutive payments after you switch to Original Medicare to own the DME item. The payments you made while enrolled in our plan don't count towards these 13 payments.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare don't count. *[If our plan allows ownership insert: You'll have to make 13 payments to our plan before owning the item.]*  
*[Plans that want to honor former payments should state so.]*

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You didn't get ownership of the item while in our plan. You then go back to Original Medicare. You'll have to make 13 consecutive new payments to own the item once you rejoin Original Medicare. Any payments you already made (whether to our plan or to Original Medicare) don't count.

## **Section 7.2 Rules for oxygen equipment, supplies and maintenance**

If you qualify for Medicare oxygen equipment coverage, [\[insert 2027 plan name\]](#) will cover:

- Rental of oxygen equipment
- Delivery of oxygen and oxygen contents
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents
- Maintenance and repairs of oxygen equipment

If you leave [\[insert 2027 plan name\]](#) or no longer medically require oxygen equipment, the oxygen equipment must be returned.

### **What happens if you leave our plan and return to Original Medicare?**

Original Medicare requires an oxygen supplier to provide you services for 5 years. During the first 36 months, you rent the equipment. For the remaining 24 months, the supplier provides the equipment and maintenance (you're still responsible for the copayment for oxygen). After 5 years, you can choose to stay with the same company or go to another company. At this point, the 5-year cycle starts over again, even if you stay with the same company, and you're again required to pay copayments for the first 36 months. If you join or leave our plan, the 5-year cycle starts over.

# CHAPTER 4:

## Medical Benefits Chart

### (what's covered and what you pay)

#### **SECTION 1      Understanding your out-of-pocket costs for covered services**

---

The Medical Benefits Chart lists your covered services and shows how much you pay for each covered service as a member of *[insert 2027 plan name]*. This section also gives information about medical services that aren't covered *[Insert if applicable: and explains limits on certain services]*. *[If applicable, you may mention other places where benefits, limitations, and exclusions are described, such as optional additional benefits, or addenda.]*

##### **Section 1.1      Out-of-pocket costs you may pay for covered services**

*[Describe all applicable types of cost sharing our plan uses. You may omit those that aren't applicable.]*

Types of out-of-pocket costs you may pay for covered services include:

- **Deductible:** the amount you must pay for medical services before our plan begins to pay its share. *[Insert if applicable: (Section 1.2 tells you more about our plan deductible.)]* *[Insert if applicable: (Section 1.3 tells you more about your deductibles for certain categories of services.)]*
- **Copayment:** the fixed amount you pay each time you get certain medical services. You pay a copayment at the time you get the medical service. (The Medical Benefits Chart tells you more about your copayments.)
- **Coinsurance:** the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service. (The Medical Benefits Chart tells you more about your coinsurance.)

Most people who qualify for Medicaid or for the Qualified Medicare Beneficiary (QMB) program don't pay deductibles, copayments or coinsurance. If you're in one of these programs, be sure to show your proof of Medicaid or QMB eligibility to your provider.

**Chapter 4 Medical Benefits Chart (what's covered and what you pay)**

---

**Section 1.2 Our plan deductible**

*[Plans with no deductibles, delete this section and renumber remaining subsections in Section 1.]*

*[POS plans with a deductible that applies only to POS services: modify this section as needed.]*

**Your deductible is *[insert deductible amount]*.** Until you've paid the deductible amount, you must pay the full cost of your covered services. After you pay your deductible, we'll start to pay our share of the costs for covered medical services, and you'll pay your share (*[insert as applicable: your copayment OR your coinsurance amount OR your copayment or coinsurance amount]*) for the rest of the calendar year.

*[Plans may revise the paragraph to describe the services that are subject to the deductible.]* The deductible doesn't apply to some services. This means that we pay our share of the costs for these services even if you haven't paid your deductible yet. The deductible doesn't apply to the following services:

- *[Insert services not subject to the deductible. Plans must include the \$0.00 Medicare preventive services, emergency/urgently needed services and insulin furnished through an item of durable medical equipment.]*

**Section 1.3 Our plan *[insert if plan has an overall deductible described in Section 1.2: also]* has a *[insert if plan has an overall deductible described in Section 1.2: separate]* deductible for certain types of services**

*[Plans with service category deductibles: insert this section. If applicable, plans may revise the text as needed to describe how the service category deductible(s) work with the overall plan deductible.]*

*[Plans with a service category deductible that is not based on the calendar year – e.g., a per stay deductible – should revise this section as needed.]*

*[Insert if plan has an overall deductible described in Section 1.2: In addition to our plan deductible that applies to all covered medical services, we also have a deductible for certain types of services.]*

*[Insert if plan doesn't have an overall deductible and Section 1.2 was therefore omitted: We have a deductible for certain types of services.]*

*[Insert if plan has one service category deductible: Our plan has a deductible amount for certain services. Until you've paid the deductible amount, you must pay the full cost for *[insert service category]*. After you pay your deductible, we'll pay our share of the costs for*

these services, and you'll pay your share. *[Insert if applicable: Both our plan deductible and the deductible for [insert service category] apply to your covered [insert service category]. This means that once you meet either our plan deductible or the deductible for [insert service category], we'll begin to pay our share of the costs of your covered [insert service category].]*

The Medical Benefits Chart shows the service category deductibles.

#### **Section 1.4 What's the most you'll pay for *[insert if applicable: Medicare Part A and Part B]* covered medical services?**

*[POS plans may revise this information as needed to describe our plan's MOOP(s).]*

Medicare Advantage Plans have limits on the total amount you have to pay out of pocket each year for in-network medical services covered *[insert as applicable: under Medicare Part A and Part B OR by our plan]*. This limit is called the maximum out-of-pocket (MOOP) amount for medical services. **For calendar year 2027 the MOOP amount is *[insert MOOP]*.**

The amounts you pay for *[insert applicable terms: deductibles, copayments, and coinsurance]* for in-network covered services count toward this maximum out-of-pocket amount. *[Plans with no premium may delete the following sentence]* (The amount you pay for plan premium doesn't count toward your maximum out-of-pocket amount.) *[Insert if applicable, revising reference to asterisk as needed: In addition, amounts you pay for some services don't count toward your maximum out-of-pocket amount. These services are marked with an asterisk in the Medical Benefits Chart.]* If you reach the maximum out-of-pocket amount of *[insert MOOP]*, you won't have to pay any out-of-pocket costs for the rest of the year for in-network covered *[insert if applicable: Part A and Part B]* services. However, you must continue to pay *[insert if plan has a premium: our plan premium and]* the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

#### **Section 1.5 Our plan also limits your out-of-pocket costs for certain types of services**

*[Plans with service category OOP maximums: insert this section.]*

*[Plans with a service category OOP maximum that isn't based on the calendar year – e.g., a per stay maximum – should revise this section as needed.]*

*[In addition to the maximum out-of-pocket amount for covered [insert if applicable: Part A and Part B] services (described above), we also have a separate maximum out-of-pocket amount that applies only to certain types of services.]*

*[Insert if plan has one service category MOOP: Our plan has a maximum out-of-pocket amount of [insert service category MOOP] for [insert service category]. Once you've paid [insert service category MOOP] out of pocket for [insert service category], our plan will cover these services at no cost to you for the rest of the calendar year. [Insert if service category is included in MOOP]*

**Chapter 4 Medical Benefits Chart (what's covered and what you pay)**

---

*described in Section 1.4: Both the maximum out-of-pocket amount for [insert as applicable: Part A and Part B OR all covered] medical services and the maximum out-of-pocket amount for [insert service category] apply to your covered [insert service category]. This means that once you've paid either [insert MOOP] for [insert as applicable: Part A and Part B OR all covered] medical services or [insert service category OOP max] for your [insert service category], our plan will cover your [insert service category] at no cost to you for the rest of the year.]] The Medical Benefits Chart shows the service category out-of-pocket maximums.]*

**Section 1.6 Providers aren't allowed to balance bill you**

As a member of *[insert 2027 plan name]*, you have an important protection because *[plans with a plan-level deductible insert, after you meet any deductibles,]* you only have to pay your cost-sharing amount when you get services covered by our plan. Providers can't bill you for additional separate charges, called **balance billing**. This protection applies even if we pay the provider less than the provider charges for a service, and even if there's a dispute and we don't pay certain provider charges.

Here's how protection from balance billing works:

- If your cost sharing is a copayment (a set amount of dollars, for example, \$15.00), you pay only that amount for any covered services from a network provider.
- If your cost sharing is a coinsurance (a percentage of the total charges), you never pay more than that percentage. However, your cost depends on which type of provider you see:
  - If you get covered services from a network provider, you pay the coinsurance percentage multiplied by our plan's reimbursement rate (this is set in the contract between the provider and our plan).
  - If you get covered services from an out-of-network provider who participates with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for participating providers. (Our plan covers services from out-of-network providers only in certain situations, such as when you get a referral or for emergencies or urgently needed services.)
  - If you get the covered services from an out-of-network provider who doesn't participate with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for non-participating providers. (Our plan covers services from out-of-network providers only in certain situations, such as when you get a referral, or for emergencies or for urgently needed services outside the service area.)
- If you think a provider has balance billed you, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*).

**Chapter 4 Medical Benefits Chart (what's covered and what you pay)**

**SECTION 2      The Medical Benefits Chart shows your medical benefits and costs**

---

The Medical Benefits Chart on the next pages lists the services *[insert 2027 plan name]* covers and what you pay out of pocket for each service. The services listed in the Medical Benefits Chart are covered only when these are met:

- Your Medicare-covered services must be provided according to the Medicare coverage guidelines.
- Your services (including medical care, services, supplies, equipment, and Part B drugs) *must* be medically necessary. Medically necessary means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- For new enrollees, your MA coordinated care plan must provide a minimum 90-day transition period, during which time the new MA plan can't require prior authorization for any active course of treatment, even if the course of treatment was for a service that commenced with an out-of-network provider
- *[Insert if applicable: You get your care from a network provider. In most cases, care you get from an out-of-network provider won't be covered, unless it's emergency or urgent care, or unless our plan or a network provider gave you a referral. This means you pay the provider in full for out-of-network services you get.]*
- *[Insert if applicable: You have a primary care provider (a PCP) providing and overseeing your care. [Plans that don't require referrals may omit the rest of this bullet] In most situations, your PCP must give you approval in advance (a referral) before you can see other providers in our plan's network.]*
- *[Insert if applicable: Some services listed in the Medical Benefits Chart are covered **only** if your doctor or other network provider gets approval from us in advance (sometimes called prior authorization). Covered services that need approval in advance are marked in the Medical Benefits Chart [insert as appropriate: by an asterisk OR by a footnote OR in bold OR in italics] [Insert if applicable: These services not listed in the Medical Benefits Chart also require prior authorization: [insert list].]*
- *[Insert as applicable: If your coordinated care plan provides approval of a prior authorization request for a course of treatment, the approval must be valid for as long as medically reasonable and necessary to avoid disruptions in care in accordance with applicable coverage criteria, your medical history, and the treating provider's recommendation.]*
- *[Insert as applicable: We may also charge you administrative fees for missed appointments or for not paying your required cost sharing at the time of service. Call*

Other important things to know about our coverage:

- Like all Medicare health plans, we cover everything that Original Medicare covers. For some of these benefits, you pay *more* in our plan than you would in Original Medicare. For others, you pay *less*. (To learn more about the coverage and costs of Original Medicare, go to your *Medicare & You 2027* handbook. - For preventive services covered at no cost under Original Medicare, we also cover those services at no cost to you. *[Insert as applicable: However, if you're also treated or monitored for an existing medical condition during the visit when you get the preventive service, a copayment will apply for the care you got for the existing medical condition.]*
- If Medicare adds coverage for any new services during 2027, either Medicare or our plan will cover those services.

**Section 2.1 Extra optional supplemental benefits you can buy**

*[Include this section if you offer optional supplemental benefits in our plan and describe benefits below. You may include this section either in the EOC or as an insert to the EOC.]*

Our plan offers some extra benefits that aren't covered by Original Medicare and not included in your benefits package. These extra benefits are called **Optional Supplemental Benefits**. If you want these optional supplemental benefits, you must sign up for them *[insert if applicable: and you may have to pay an additional premium for them]*. The optional supplemental benefits described in *[insert as applicable: this section OR the enclosed insert]* are subject to the same appeals process as any other benefits.

*[Insert plan specific optional benefits, premiums, deductible, copayment and coinsurance and rules using a chart like the Medical Benefits Chart above. Insert plan specific procedures on how to elect optional supplemental coverage, including application process and effective dates and on how to discontinue optional supplemental coverage, including refund of premiums. Also insert any restrictions on members' re-applying for optional supplemental coverage (e.g., must wait until next Open Enrollment Period).]*

**Section 2.2 Get care using our plan's optional visitor/traveler benefit**

*[If our plan offers a visitor/traveler program to members who are out of your service area, insert this section, adapting and expanding the following paragraphs as needed to describe the traveler benefits and rules related to getting the out-of-area coverage. If you allow extended periods of enrollment out-of-area per the exception in 42 CFR 422.74(b)(4)(iii) (for more than 6 months up to 12 months) also explain that here based on the language suggested below.*

If you don't permanently move but are continuously away from our plan's service area for more than 6 months, we usually must disenroll you from our plan. However, we offer a visitor/traveler program *[specify areas where the visitor/traveler program is being offered]*, that will allow you to stay enrolled when you're outside of our service area for less than 12 months. Under our visitor/traveler program you can get all plan covered services at in-network cost sharing. Contact our plan for help locating a provider when using the visitor/traveler benefit.

If you're in the visitor/traveler area, you can stay enrolled in our plan for up to 12 months. If you don't return to our plan's service area within 12 months, you'll be disenrolled from our plan.]

**SECTION 3 Services that aren't covered by our plan (exclusions)**

---

This section tells you what services are *excluded* from Medicare coverage and therefore, aren't covered by this plan.

The chart below lists services and items that either aren't covered under any condition or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself except under the specific conditions listed below. Even if you get the excluded services at an emergency facility, the excluded services are still not covered, and our plan won't pay for them. The only exception is if the service is appealed and decided upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we made to not cover a medical service, go to Chapter 7, Section 5.3.)

*[The services listed in the chart below are excluded from Original Medicare's benefit package. If any services below are covered supplemental benefits, delete them from this list. When plans partially exclude services excluded by Medicare, they don't need to delete the item completely but may revise the text accordingly to describe the extent of the exclusion. Plans may add parenthetical references to the Medical Benefits Chart for descriptions of covered services/items*

## CHAPTER 5:

# Asking us to pay our share of a bill for covered medical services

### **SECTION 1      Situations when you should ask us to pay our share for covered services**

---

Sometimes when you get medical care, you may need to pay the full cost. Other times, you may find you pay more than you expected under the coverage rules of our plan, or you may get a bill from a provider. In these cases, you can ask our plan to pay you back (reimburse you). It's your right to be paid back by our plan whenever you've paid more than your share of the cost for medical services covered by our plan. There may be deadlines that you must meet to get paid back. Go to Section 2 of this chapter.

There may also be times when you get a bill from a provider for the full cost of medical care you got or for more than your share of cost sharing as discussed in this material. First try to resolve the bill with the provider. If that doesn't work, send the bill to us instead of paying it. We'll look at the bill and decide whether the services should be covered. If we decide they should be covered, we'll pay the provider directly. If we decide not to pay it, we'll notify the provider. You should never pay more than plan-allowed cost sharing. If this provider is contracted, you still have the right to treatment.

Examples of situations in which you may need to ask our plan to pay you back or to pay a bill you got:

#### **1. When you've got emergency or urgently needed medical care from a provider who's not in our plan's network**

Outside the service area, you can get emergency or urgently needed services from any provider, whether or not the provider is a part of our network. In these cases,

- You're only responsible for paying your share of the cost for emergency or urgently needed services. Emergency providers are legally required to provide emergency care.
- If you pay the entire amount yourself at the time you get the care, ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you made.

**Chapter 5 Asking us to pay our share of a bill for covered medical services**

---

- You may get a bill from the provider asking for payment you think you don't owe. Send us this bill, along with documentation of any payments you already made.
  - If the provider is owed anything, we'll pay the provider directly.
  - If you already paid more than your share of the cost of the service, we'll determine how much you owed and pay you back for our share of the cost.

**2. When a network provider sends you a bill you think you shouldn't pay**

Network providers should always bill our plan directly and ask you only for your share of the cost. But sometimes they make mistakes and ask you to pay more than your share.

- You only have to pay your cost-sharing amount when you get covered services. We don't allow providers to add additional separate charges, called **balance billing**. This protection (that you never pay more than your cost-sharing amount) applies even if we pay the provider less than the provider charges for a service and even if there's a dispute and we don't pay certain provider charges.
- Whenever you get a bill from a network provider you think is more than you should pay, send us the bill. We'll contact the provider directly and resolve the billing problem.
- If you already paid a bill to a network provider, but feel you paid too much, send us the bill along with documentation of any payment you made and ask us to pay you back the difference between the amount you paid and the amount you owed under our plan.

**3. If you're retroactively enrolled in our plan**

Sometimes a person's enrollment in our plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any covered services after your enrollment date, you can ask us to pay you back for our share of the costs. You need to submit paperwork such as receipts and bills for us to handle the reimbursement.

*[Plans should insert additional circumstances under which they will accept a paper claim from a member.]*

When you send us a request for payment, we'll review your request and decide whether the service or drug should be covered. This is called making a **coverage decision**. If we decide it should be covered, we'll pay *[insert if our plan has cost sharing: for our share of the cost]* for the service or drug. If we deny your request for payment, you can appeal our decision.

Chapter 7 has information about how to make an appeal.

## **SECTION 2      How to ask us to pay you back or pay a bill you got**

---

You can ask us to pay you back by *[If our plan allows members to submit oral payment requests, insert the following language: either calling us or]* sending us a request in writing. If you send a request in writing, send your bill and documentation of any payment you've made. It's a good idea to make a copy of your bill and receipts for your records. *[Insert if applicable: You must submit your claim to us within [insert timeframe] of the date you got the service or item.]*

*[If our plan has developed a specific form for requesting payment, insert the following language: To make sure you're giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.]*

- You don't have to use the form, but it'll help us process the information faster. *[Insert the required data needed to make a decision (e.g., name, date of services, item, etc.)]*
- Download a copy of the form from our website (*[insert URL]*) or call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) and ask for the form.]

Mail your request for payment together with any bills or paid receipts to us at this address:

*[Insert address]*

## **SECTION 3      We'll consider your request for payment and say yes or no**

---

When we get your request for payment, we'll let you know if we need any additional information from you. Otherwise, we'll consider your request and make a coverage decision.

- If we decide the medical care is covered and you followed all the rules, we'll pay for our share of the cost. If you already paid for the service, we'll mail your reimbursement of our share of the cost to you. If you haven't paid for the service yet, we'll mail the payment directly to the provider.
- If we decide the medical care is *not* covered, or you did *not* follow all the rules, we won't pay for our share of the cost. We'll send you a letter explaining the reasons why we aren't sending the payment and your rights to appeal that decision.

### **Section 3.1      If we tell you that we won't pay for all or part of the medical care or drug, you can make an appeal**

If you think we made a mistake in turning down your request for payment or the amount we're paying, you can make an appeal. If you make an appeal, it means you're asking us to

**Chapter 5 Asking us to pay our share of a bill for covered medical services**

---

change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 7.

# CHAPTER 6:

## Your rights and responsibilities

*[Note: Plans may add to or revise this chapter as needed to reflect NCQA-required language.]*

### **SECTION 1      Our plan must honor your rights and cultural sensitivities**

---

**Section 1.1** *[Plans can edit the section heading and content to reflect the types of alternate format materials available to plan members. Plans can't edit references to language except as noted below.]* **We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, braille, large print, or other alternate formats, etc.)**

*[Plans must insert a translation of Section 1.1 in all languages that meet the language threshold.]*

Our plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how our plan may meet these accessibility requirements include, but aren't limited to, provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. *[If applicable, plans may insert information about the availability of written materials in languages other than English.]* We can also give you materials in *[insert if required to provide materials in any non-English languages per 42 CFR § 422.2267(a): in languages other than English including <required languages> and]* braille, in large print, or other alternate formats at no cost if you need it. We're required to give you information about our plan's benefits in a format that's accessible and appropriate for you. To get information from us in a way that works for you, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*).

Our plan is required to give female enrollees the option of direct access to a women's health specialist within the network for women's routine and preventive health care services.

If providers in our plan's network for a specialty aren't available, it's our plan's responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you'll only pay in-network cost sharing. If you find yourself

**Chapter 6 Your rights and responsibilities**

---

in a situation where there are no specialists in our plan's network that cover a service you need, call our plan for information on where to go get this service at in-network cost sharing.

If you have any trouble getting information from our plan in a format that's accessible and appropriate for you, seeing a women's health specialist or finding a network specialist, call to file a grievance with [\[insert plan contact information\]](#). You can also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

**Section 1.2 We must ensure you get timely access to covered services**

You have the right to choose a [\[insert as appropriate: primary care provider \(PCP\) OR provider\]](#) in our plan's network to provide and arrange for your covered services. [\[Plans may edit this sentence to add other types of providers that members may see without a referral\]](#) You also have the right to go to a women's health specialist (such as a gynecologist) without a referral. [\[If applicable, replace previous sentence with: We don't require you to get referrals \[insert if applicable: to go to network providers\].\]](#)

You have the right to get appointments and covered services from our plan's network of providers *within a reasonable amount of time*. This includes the right to get timely services from specialists when you need that care.

If you think you aren't getting your medical care within a reasonable amount of time, Chapter 7 tells what you can do.

**Section 1.3 We must protect the privacy of your personal health information**

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your personal health information includes the personal information you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a *Notice of Privacy Practice*, that tells about these rights and explains how we protect the privacy of your health information. [\[Plans are permitted to include the Notice of Privacy Practices as required under the HIPAA Privacy Rule \(45 C.F.R. § 164.520\).\]](#)

**How do we protect the privacy of your health information?**

- We make sure that unauthorized people don't see or change your records.

**Chapter 6 Your rights and responsibilities**

---

- Except for the circumstances noted below, if we intend to give your health information to anyone who isn't providing your care or paying for your care, *we are required to get written permission from you or someone you've given legal power to make decisions for you first.*
- There are certain exceptions that don't require us to get your written permission first. These exceptions are allowed or required by law.
  - We're required to release health information to government agencies that are checking on quality of care.
  - Because you're a member of our plan through Medicare, we're required to give Medicare your health information. If Medicare releases your information for research or other uses, this will be done according to federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.

**You can see the information in your records and know how it's been shared with others**

You have the right to look at your medical records held by our plan, and to get a copy of your records. We're allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we'll work with your healthcare provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that aren't routine.

If you have questions or concerns about the privacy of your personal health information, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*).

*[Note: Plans may insert custom privacy practices.]*

**Section 1.4 We must give you information about our plan, our network of providers, and your covered services**

*[Plans may edit the section to reflect the types of alternate format materials available to plan members and/or language primarily spoken in our plan service area.]*

As a member of *[insert 2027 plan name]*, you have the right to get several kinds of information from us.

If you want any of the following kinds of information, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*):

**Chapter 6 Your rights and responsibilities**

---

- **Information about our plan.** This includes, for example, information about our plan's financial condition.
- **Information about our network providers.** You have the right to get information about the qualifications of the providers in our network and how we pay the providers in our network.
- **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information regarding medical services.
- **Information about why something is not covered and what you can do about it.** Chapter 7 provides information on asking for a written explanation on why a medical service isn't covered or if your coverage is restricted. Chapter 7 also provides information on asking us to change a decision, also called an appeal.

**Section 1.5 You have the right to know your treatment options and participate in decisions about your care**

You have the right to get full information from your doctors and other health care providers. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all your choices.** You have the right to be told about all treatment options recommended for your condition, no matter what they cost or whether they're covered by our plan.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say "no."** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. If you refuse treatment, you accept full responsibility for what happens to your body as a result.

**Chapter 6 Your rights and responsibilities**

---

**You have the right to give instructions about what's to be done if you can't make medical decisions for yourself**

*[Note: Plans that would like to provide members with state-specific information about advanced directives, including contact information for the appropriate state agency, may do so.]*

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you're in this situation. This means, *if you want to*, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

Legal documents you can use to give directions in advance in these situations are called **advance directives**. Documents like a **living will** and **power of attorney for health care** are examples of advance directives.

**How to set up an advance directive to give instructions:**

- **Get a form.** You can get an advance directive form from your lawyer, a social worker, or some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. *[Insert if applicable: You can also call Member Services at [insert Member Services number] (TTY users call [insert TTY number]) to ask for the forms.]*
- **Fill out the form and sign it.** No matter where you get this form, it's a legal document. Consider having a lawyer help you prepare it.
- **Give copies of the form to the right people.** Give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you're going to be hospitalized, and you signed an advance directive, **take a copy with you to the hospital.**

- The hospital will ask whether you signed an advance directive form and whether you have it with you.
- If you didn't sign an advance directive form, the hospital has forms available and will ask if you want to sign one.

**Chapter 6 Your rights and responsibilities**

---

**Filling out an advance directive is your choice** (including whether you want to sign one if you're in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you signed an advance directive.

**If your instructions aren't followed**

If you sign an advance directive and you believe that a doctor or hospital didn't follow the instructions in it, you can file a complaint with *[insert appropriate state-specific agency (such as the State Department of Health)]*. *[Plans also have the option to include a separate exhibit to list the state-specific agency in all states, or in all states in which our plan is filed and then should revise the previous sentence to refer to that exhibit.]*

**Section 1.6 You have the right to make complaints and ask us to reconsider decisions we made**

If you have any problems, concerns, or complaints and need to ask for coverage, or make an appeal, Chapter 7 of this document tells what you can do. Whatever you do — ask for a coverage decision, make an appeal, or make a complaint — **we're required to treat you fairly**.

**Section 1.7 If you believe you're being treated unfairly, or your rights aren't being respected**

If you believe you've been treated unfairly or your rights haven't been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, or national origin, call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 (TTY users call 1-800-537-7697), or call your local Office for Civil Rights.

If you believe you've been treated unfairly or your rights haven't been respected *and it's not* about discrimination, you can get help dealing with the problem you're having from these places:

**SECTION 2 Your responsibilities as a member of our plan**

---

Things you need to do as a member of our plan are listed below. For questions, call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*).

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this *Evidence of Coverage* document to learn what's covered and the rules you need to follow to get covered services.
  - Chapters 3 and 4 give details about medical services.
- **If you have any other health coverage in addition to our plan, or separate prescription drug coverage, you're required to tell us.** Chapter 1 tells you about coordinating these benefits.
- **Tell your doctor and other health care providers that you're enrolled in our plan.** Show our plan membership card whenever you get medical care.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
  - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions you and your doctors agree on.
  - Make sure your doctors know all the drugs you're taking, including over-the-counter drugs, vitamins, and supplements.
  - If you have questions, be sure to ask and get an answer you can understand.
- **Be considerate.** We expect our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.

**Chapter 6 Your rights and responsibilities**

---

- **Pay what you owe.** As a plan member, you're responsible for these payments:
  - *[Insert if applicable: You must pay our plan premiums.]*
  - You must continue to pay your premium for your Medicare Part B to stay a member of our plan.
  - For some of your medical services covered by our plan, you must pay your share of the cost when you get the service.
- **If you move *within* our plan service area, we need to know** so we can keep your membership record up to date and know how to contact you.
- **If you move *outside* our plan service area, you** *[if a continuation area is offered, insert: **generally** here and then explain the continuation area]* **can't stay a member of our plan.**
- **If you move, tell Social Security (or the Railroad Retirement Board).**

# CHAPTER 7:

## If you have a problem or complaint (coverage decisions, appeals, complaints)

*[Plans should ensure that the text or section heading immediately preceding each Legal Terms box is kept on the same page as the box.]*

### **SECTION 1      What to do if you have a problem or concern**

---

This chapter explains 2 types of processes for handling problems and concerns:

- For some problems, you need to use the **process for coverage decisions and appeals**.
- For other problems, you need to use the **process for making complaints** (also called grievances).

Both processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The information in this chapter will help you identify the right process to use and what to do.

#### **Section 1.1      Legal terms**

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people. To make things easier, this chapter uses more familiar words in place of some legal terms.

However, it's sometimes important to know the correct legal terms. To help you know which terms to use to get the right help or information, we include these legal terms when we give details for handling specific situations.

### **SECTION 2      Where to get more information and personalized help**

---

We're always available to help you. Even if you have a complaint about our treatment of you, we're obligated to honor your right to complain. You should always call Member Services at *[insert Member Services number]* (TTY users call *[insert TTY number]*) for help. In some situations, you may also want help or guidance from someone who isn't connected with us. Two organizations that can help you are:

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**State Health Insurance Assistance Program (SHIP)**

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you're having. They can also answer questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. *[Insert SHIP name and contact information. Plans providing SHIP contact information in an exhibit should direct members to that exhibit.]*

**Medicare**

You can also contact Medicare for help.

**SECTION 3 Which process to use for your problem**

---

**Is your problem or concern about your benefits or coverage?**

This includes problems about whether medical care (medical items, services and/or Part B drugs) are covered or not, the way they're covered, and problems related to payment for medical care.

**Yes.**

Go to **Section 4, A guide to coverage decisions and appeals.**

**No.**

Go to **Section 9, How to make a complaint about quality of care, waiting times, customer service or other concerns.**

---

**Coverage decisions and appeals**

---

---

**SECTION 4 A guide to coverage decisions and appeals**

---

Coverage decisions and appeals deal with problems about your benefits and coverage for your medical care (services, items, and Part B drugs, including payment). To keep things simple, we generally refer to medical items, services, and Medicare Part B drugs as **medical**

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**care.** You use the coverage decision and appeals process for issues such as whether something is covered or not and the way in which something is covered.

**Asking for coverage decisions before you get services**

If you want to know if we'll cover medical care before you get it, you can ask us to make a coverage decision for you. A coverage decision is a decision we make about your benefits and coverage or about the amount we'll pay for your medical care. For example, if our plan network doctor refers you to a medical specialist not inside the network, this referral is considered a favorable coverage decision unless either you or your network doctor can show that you got a standard denial notice for this medical specialist, or the *Evidence of Coverage* makes it clear that the referred service is never covered under any condition. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we'll cover a particular medical service or refuses to provide medical care you think you need.

In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We make a coverage decision whenever we decide what's covered for you and how much we pay. In some cases, we might decide medical care isn't covered or is no longer covered for you. If you disagree with this coverage decision, you can make an appeal.

**Making an appeal**

If we make a coverage decision, whether before or after you get a benefit, and you aren't satisfied, you can **appeal** the decision. An appeal is a formal way of asking us to review and change a coverage decision we made. Under certain circumstances, you can ask for an expedited or **fast appeal** of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we properly followed the rules. When we complete the review, we give you our decision.

In limited circumstances a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so, or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal,

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

we'll send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we say no to all or part of your Level 1 appeal for medical care, your appeal will automatically go on to a Level 2 appeal conducted by an independent review organization not connected to us.

- You don't need to do anything to start a Level 2 appeal. Medicare rules require we automatically send your appeal for medical care to Level 2 if we don't fully agree with your Level 1 appeal.
- Go to **Section 5.4** for more information about Level 2 appeals for medical care.

If you aren't satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal (this chapter explains the Level 3, 4, and 5 appeals processes).

**Section 4.1 Get help asking for a coverage decision or making an appeal**

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **Call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#))**
- **Get free help** from your State Health Insurance Program.
- **Your doctor can make a request for you.** If your doctor helps with an appeal past Level 2, they need to be appointed as your representative. Call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) and ask for the *Appointment of Representative* form. (The form is also available at [www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) *[plans can also insert: or on our website at [\[insert website or link to form\]](#)]*.)
  - For medical care or Part B drugs, your doctor can ask for a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2.
- **You can ask someone to act on your behalf.** You can name another person to act for you as your *representative* to ask for a coverage decision or make an appeal.
  - If you want a friend, relative, or another person to be your representative, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) and ask for the *Appointment of Representative* form. (The form is also available at [www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.CMS.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) *[plans can also insert: or on our website at [\[insert website or link to form\]](#)]*.) This form gives that person permission to act

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

on your behalf. It must be signed by you and by the person you want to act on your behalf. You must give us a copy of the signed form.

- We can accept an appeal request from a representative without the form, but we can't complete our review until we get it. If we don't get the form before our deadline for making a decision on your appeal, your appeal request will be dismissed. If this happens, we'll send you a written notice explaining your right to ask the independent review organization to review our decision to dismiss your appeal.
- **You also have the right to hire a lawyer.** You can contact your own lawyer or get the name of a lawyer from your local bar association or other referral service. There are groups that will give you free legal services if you qualify. However, **you aren't required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

**Section 4.2 Rules and deadlines for different situations**

There are 3 different situations that involve coverage decisions and appeals. Each situation has different rules and deadlines. We give the details for each of these situations:

- **Section 5:** Medical care: How to ask for a coverage decision or make an appeal
- **Section 6:** How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon
- **Section 7:** How to ask us to keep covering certain medical services if you think your coverage is ending too soon (*Applies to only these services: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services*)

If you're not sure information applies to you, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)). You can also get help or information from your SHIP.

**SECTION 5 Medical care: How to ask for a coverage decision or make an appeal**

---

**Section 5.1 What to do if you have problems getting coverage for medical care or want us to pay you back for our share of the cost of your care**

Your benefits for medical care are described in Chapter 4 in the Medical Benefits Chart. In some cases, different rules apply to a request for a Part B drug. In those cases, we'll explain how the rules for Part B drugs are different from the rules for medical items and services.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

This section tells what you can do if you're in any of the 5 following situations:

1. You aren't getting certain medical care you want, and you believe this is covered by our plan. **Ask for a coverage decision. Section 5.2.**
2. Our plan won't approve the medical care your doctor or other medical provider wants to give you, and you believe this care is covered by our plan. **Ask for a coverage decision. Section 5.2.**
3. You got medical care that you believe should be covered by our plan, but we said we won't pay for this care. **Make an Appeal. Section 5.3.**
4. You got and paid for medical care that you believe should be covered by our plan, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 5.5**
5. You're being told that coverage for certain medical care you've been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an Appeal. Section 5.3**

**Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, go to Sections 6 and 7 of this chapter. Special rules apply to these types of care.**

**Section 5.2 How to ask for a coverage decision****Legal Terms:**

A coverage decision that involves your medical care is called an **organization determination**.

A fast coverage decision is called an **expedited determination**.

**Step 1: Decide if you need a standard coverage decision or a fast coverage decision.**

**A standard coverage decision is usually made within 7 calendar days when the medical item or service is subject to our prior authorization rules, 14 calendar days for all other medical items and services, or 72 hours for Part B drugs. A fast coverage decision is generally made within 72 hours, for medical services, or 24 hours for Part B drugs. To get a fast coverage decision, you must meet 2 requirements:**

- You may *only ask* for coverage for medical care items and/or services (not requests for payment for items and/or services you already got).
- You can get a fast coverage decision *only* if using the standard deadlines could cause serious harm to your health or hurt your ability to regain function.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**If your doctor tells us that your health requires a fast coverage decision, we'll automatically agree to give you a fast coverage decision.**

**If you ask for a fast coverage decision on your own, without your doctor's support, we'll decide whether your health requires that we give you a fast coverage decision.** If we don't approve a fast coverage decision, we'll send you a letter that:

- Explains that we'll use the standard deadlines.
- Explains if your doctor asks for the fast coverage decision, we'll automatically give you a fast coverage decision.
- Explains that you can file a *fast complaint* about our decision to give you a standard coverage decision instead of the fast coverage decision you asked for.

**Step 2: Ask our plan to make a coverage decision or fast coverage decision.**

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

**Step 3: We consider your request for medical care coverage and give you our answer.**

***For standard coverage decisions, we use the standard deadlines.***

**This means we'll give you an answer within 7 calendar days after we get your request for a medical item or service that is subject to our prior authorization rules. If your requested medical item or service is not subject to our prior authorization rules, we'll give you an answer within 14 calendar days after we get your request. If your request is for a Part B drug, we'll give you an answer within 72 hours after we get your request.**

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
- If you believe we *shouldn't* take extra days, you can file a *fast complaint*. We'll give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. Go to Section 9 for information on complaints.)

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

***For fast Coverage decisions, we use an expedited timeframe.***

**A fast coverage decision means we'll answer within 72 hours if your request is for a medical item or service. If your request is for a Part B drug, we'll answer within 24 hours.**

- **However**, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days**. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
- If you believe we *shouldn't* take extra days, you can file a *fast complaint*. (Go to Section 9 of this chapter for information on complaints.) We'll call you as soon as we make the decision.
- If our answer is no to part or all of what you asked for, we'll send you a written statement that explains why we said no.

**Step 4: If we say no to your request for coverage for medical care, you can appeal.**

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you're going on to Level 1 of the appeals process.

### **Section 5.3      How to make a Level 1 appeal**

#### **Legal Terms:**

An appeal to our plan about a medical care coverage decision is called a plan **reconsideration**.

A fast appeal is also called an **expedited reconsideration**.

**Step 1: Decide if you need a standard appeal or a fast appeal.**

**A standard appeal is usually made within 30 calendar days or 7 calendar days for Part B drugs. A fast appeal is generally made within 72 hours.**

- If you're appealing a decision we made about coverage for care, you and/or your doctor need to decide if you need a fast appeal. If your doctor tells us that your health requires a fast appeal, we'll give you a fast appeal.
- The requirements for getting a *fast appeal* are the same as those for getting a fast coverage decision in Section 5.2 of this chapter.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**Step 2: Ask our plan for an Appeal or a Fast Appeal**

- **If you're asking for a standard appeal, submit your standard appeal in writing.** *[If our plan accepts oral requests for standard appeals, insert: You may also ask for an appeal by calling us.]* Chapter 2 has contact information.
- **If you're asking for a fast appeal, make your appeal in writing or call us.** Chapter 2 has contact information.
- **You must make your appeal request within 65 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for asking for an appeal.
- **You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.** *[If a fee is charged, insert: We're allowed to charge a fee for copying and sending this information to you.]*

**Step 3: We consider your appeal, and we give you our answer.**

- When our plan is reviewing your appeal, we take a careful look at all the information. We check to see if we were following all the rules when we said no to your request.
- We'll gather more information if needed and may contact you or your doctor.

***Deadlines for a fast appeal***

- For fast appeals, we must give you our answer **within 72 hours after we get your appeal**. We'll give you our answer sooner if your health requires us to.
  - If you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time if your request is for a Part B drug.
  - If we don't give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we're required to automatically send your request to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 5.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must authorize or provide the coverage we agreed to within 72 hours after we get your appeal.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- **If our answer is no to part or all of what you asked for**, we'll send you our decision in writing and automatically forward your appeal to the independent review organization for a Level 2 appeal. The independent review organization will notify you in writing when it gets your appeal.

***Deadlines for a standard appeal***

- For standard appeals, we must give you our answer **within 30 calendar days** after we get your appeal. If your request is for a Part B drug you didn't get yet, we'll give you our answer **within 7 calendar days** after we get your appeal. We'll give you our decision sooner if your health condition requires us to.
  - However, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we'll tell you in writing. We can't take extra time to make a decision if your request is for a Part B drug.
  - If you believe we shouldn't take extra days, you can file a *fast complaint*. When you file a fast complaint, we'll give you an answer to your complaint within 24 hours. (Go to Section 9 for information on complaints.)
  - If we don't give you an answer by the deadline (or by the end of the extended time period), we'll send your request to a Level 2 appeal, where an independent review organization will review the appeal. Section 5.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you asked for**, we must authorize or provide the coverage within **30 calendar days** if your request is for a medical item or service, or **within 7 calendar days** if your request is for a Part B drug.
- **If our plan says no to part or all of your appeal**, we'll automatically send your appeal to the independent review organization for a Level 2 appeal.

**Section 5.4 The Level 2 appeal process****Legal Term:**

The formal name for the independent review organization is the **Independent Review Entity**. It's sometimes called the **IRE**.

The **independent review organization is an independent organization hired by Medicare**. It isn't connected with us and isn't a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**Step 1: The independent review organization reviews your appeal.**

- We'll send the information about your appeal to this organization. This information is called your **case file**. **You have the right to ask us for a copy of your case file.** *[If a fee is charged, insert: We're allowed to charge you a fee for copying and sending this information to you.]*
- You have a right to give the independent review organization additional information to support your appeal.
- Reviewers at the independent review organization will take a careful look at all the information related to your appeal.

***If you had a fast appeal at Level 1, you'll also have a fast appeal at Level 2.***

- For the fast appeal, the independent review organization must give you an answer to your Level 2 appeal **within 72 hours** of when it gets your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Part B drug.

***If you had a standard appeal at Level 1, you'll also have a standard appeal at Level 2.***

- For the standard appeal, if your request is for a medical item or service, the independent review organization must give you an answer to your Level 2 appeal **within 30 calendar days** of when it gets your appeal. If your request is for a Part B drug, the independent review organization must give you an answer to your Level 2 appeal **within 7 calendar days** of when it gets your appeal.
- If your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Part B drug.

**Step 2: The independent review organization gives you its answer.**

The independent review organization will tell you its decision in writing and explain the reasons for it.

- **If the independent review organization says yes to part or all of a request for a medical item or service**, we must authorize the medical care coverage within **72 hours** or provide the service within 14 calendar days after we get the decision from the independent review organization for **standard requests**. For **expedited requests**, we

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

have **72 hours** from the date we get the decision from the independent review organization.

- **If the independent review organization says yes to part or all of a request for a Part B drug**, we must authorize or provide the Part B drug within **72 hours** after we get the decision from the independent review organization for **standard requests**. For **expedited requests**, we have **24 hours** from the date we get the decision from the independent review organization.
- **If this organization says no to part or all of your appeal**, it means they agree with us that your request (or part of your request) for coverage for medical care shouldn't be approved. (This is called **upholding the decision or turning down your appeal**.) In this case, the independent review organization will send you a letter that:
  - Explains the decision.
  - Lets you know about your right to a Level 3 appeal if the dollar value of the medical care coverage meets a certain minimum. The written notice you get from the independent review organization will tell you the dollar amount you must meet to continue the appeals process.
  - Tells you how to file a Level 3 appeal.

**Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.**

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 explains the Level 3, 4, and 5 appeals processes.

**Section 5.5 If you're asking us to pay for our share of a bill you got for medical care**

Chapter 5 describes when you may need to ask for reimbursement or to pay a bill you have got from a provider. It also tells how to send us the paperwork that asks us for payment.

**Asking for reimbursement is asking for a coverage decision from us**

If you send us the paperwork asking for reimbursement, you're asking for a coverage decision. To make this decision, we'll check to see if the medical care you paid for is covered. We'll also check to see if you followed the rules for using your coverage for medical care.

- **If we say yes to your request:** If the medical care is covered and you followed the rules, we'll send you the payment the cost typically within 30 calendar days, but no

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

later than 60 calendar days after we get your request. If you haven't paid for the medical care, we'll send the payment directly to the provider.

- **If we say no to your request:** If the medical care is *not* covered, or you did *not* follow all the rules, we won't send payment. Instead, we'll send you a letter that says we won't pay for the medical care and the reasons why.

If you don't agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you're asking us to change the coverage decision we made when we turned down your request for payment.

**To make this appeal, follow the process for appeals in Section 5.3.** For appeals concerning reimbursement, note:

- We must give you our answer within 60 calendar days after we get your appeal. If you're asking us to pay you back for medical care you already got and paid for, you aren't allowed to ask for a fast appeal.
- If the independent review organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you asked for to you or the provider within 60 calendar days.

**SECTION 6      How to ask us to cover a longer inpatient hospital stay if you think you're being discharged too soon**

---

When you're admitted to a hospital, you have the right to get all covered hospital services necessary to diagnose and treat your illness or injury.

During your covered hospital stay, your doctor and the hospital staff will work with you to prepare for the day you leave the hospital. They'll help arrange for care you may need after you leave.

- The day you leave the hospital is called your **discharge date**.
- When your discharge date is decided, your doctor or the hospital staff will tell you.
- If you think you're being asked to leave the hospital too soon, you can ask for a longer hospital stay, and your request will be considered.

## **Section 6.1 During your inpatient hospital stay, you'll get a written notice from Medicare that tells you about your rights**

Within 2 calendar days of being admitted to the hospital, you'll be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice. If you don't get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) or 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048).

### **1. Read this notice carefully and ask questions if you don't understand it.** It tells you:

- Your right to get Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
- Your right to be involved in any decisions about your hospital stay.
- Where to report any concerns you have about quality of your hospital care.
- Your right to **request an immediate review** of the decision to discharge you if you think you're being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date, so we'll cover your hospital care for a longer time.

### **2. You'll be asked to sign the written notice to show that you got it and understand your rights.**

- You or someone who is acting on your behalf will be asked to sign the notice.
- Signing the notice shows *only* that you got the information about your rights. The notice doesn't give your discharge date. Signing the notice **doesn't mean** you're agreeing on a discharge date.

### **3. Keep your copy** of the notice so you have the information about making an appeal (or reporting a concern about quality of care) if you need it.

- If you sign the notice more than 2 calendar days before your discharge date, you'll get another copy before you're scheduled to be discharged.
- To look at a copy of this notice in advance, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) or 1-800 MEDICARE (1-800-633-4227). TTY users call 1-877-486-2048. You can also get the notice online at [www.CMS.gov/Medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im](http://www.CMS.gov/Medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im).

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**Section 6.2 How to make a Level 1 appeal to change your hospital discharge date**

To ask us to cover your inpatient hospital services for a longer time, use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are:

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)). Or call your State Health Insurance Program (SHIP) for personalized help. [\[Insert SHIP name and contact information. Plans providing SHIP contact information in an exhibit should direct members to that exhibit.\]](#) SHIP contact information is available in Chapter 2, Section 3.

**During a Level 1 appeal, the Quality Improvement Organization reviews your appeal.** It checks to see if your planned discharge date is medically appropriate for you. The **Quality Improvement Organization** is a group of doctors and other health care professionals paid by the federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare. These experts aren't part of our plan.

**Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.**

***How can you contact this organization?***

- The written notice you got (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

***Act quickly:***

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and **no later than midnight the day of your discharge**.
  - **If you meet this deadline**, you can stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision from the Quality Improvement Organization.
  - **If you don't meet this deadline, contact us.** If you decide to stay in the hospital after your planned discharge date, *you may have to pay all the costs* for hospital care you get after your planned discharge date.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- Once you ask for an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we're contacted, we'll give you a **Detailed Notice of Discharge**. This notice gives your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it's right (medically appropriate) for you to be discharged on that date.
- You can get a sample of the **Detailed Notice of Discharge** by calling Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) or 1-800-MEDICARE (1-800-633-4227) (TTY users call 1-877-486-2048.) Or you can get a sample notice online at [www.CMS.gov/Medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im](http://www.CMS.gov/Medicare/forms-notices/beneficiary-notices-initiative/ffs-ma-im).

**Step 2: The Quality Improvement Organization conducts an independent review of your case.**

- Health professionals at the Quality Improvement Organization (the *reviewers*) will ask you (or your representative) why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you can if you want.
- The reviewers will also look at your medical information, talk with your doctor, and review information that we and the hospital gave them.
- By noon of the day after the reviewers told us of your appeal, you'll get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your doctor, the hospital, and we think it's right (medically appropriate) for you to be discharged on that date.

**Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.*****What happens if the answer is yes?***

- If the independent review organization says yes, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary**.
- You'll have to keep paying your share of the costs (such as deductibles or copayments if these apply). In addition, there may be limitations on your covered hospital services.

***What happens if the answer is no?***

- If the independent review organization says *no*, they're saying that your planned discharge date is medically appropriate. If this happens, **our coverage for your inpatient hospital services will end** at noon on the day *after* the Quality Improvement Organization gives you its answer to your appeal.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- If the independent review organization says *no* to your appeal and you decide to stay in the hospital, **you may have to pay the full cost** of hospital care you get after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

**Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal**

- If the Quality Improvement Organization said no to your appeal, *and* you stay in the hospital after your planned discharge date, you can make another appeal. Making another appeal means you're going to *Level 2* of the appeals process.

**Section 6.3      How to make a Level 2 appeal to change your hospital discharge date**

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at its decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

**Step 1: Contact the Quality Improvement Organization again and ask for another review.**

- You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date your coverage for the care ended.

**Step 2: The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all the information related to your appeal.

**Step 3: Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you it's decision.*****If the independent review organization says yes:***

- **We must reimburse you** for our share of the costs of hospital care you got since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. **We must continue providing coverage for your inpatient hospital care for as long as it's medically necessary.**
- You must continue to pay your share of the costs and coverage limitations may apply.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

***If the independent review organization says no:***

- It means they agree with the decision they made on your Level 1 appeal. This is called upholding the decision.
- The notice you get will tell you in writing what you can do if you want to continue with the review process.

**Step 4: If the answer is no, you need to decide whether you want to take your appeal further by going to Level 3**

- There are 3 additional levels in the appeals process after Level 2 (for a total of 5 levels of appeal). If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

**SECTION 7      How to ask us to keep covering certain medical services if you think your coverage is ending too soon**

---

When you're getting covered **home health services, skilled nursing care, or rehabilitation care (Comprehensive Outpatient Rehabilitation Facility)**, you have the right to keep getting your services for that type of care for as long as the care is needed to diagnose and treat your illness or injury.

When we decide it's time to stop covering any of these 3 types of care for you, we're required to tell you in advance. When your coverage for that care ends, *we'll stop paying our share of the cost for your care.*

If you think we're ending the coverage of your care too soon, you can appeal our decision. This section tells you how to ask for an appeal.

**Section 7.1      We'll tell you in advance when your coverage will be ending****Legal Term:**

**Notice of Medicare Non-Coverage.** It tells you how you can ask for a **fast-track appeal**. Asking for a fast-track appeal is a formal, legal way to ask for a change to our coverage decision about when to stop your care.

1. **You get a notice in writing** at least 2 calendar days before our plan is going to stop covering your care. The notice tells you:
  - The date when we'll stop covering the care for you.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- How to request a fast track appeal to ask us to keep covering your care for a longer period of time.

**2. You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you got it.** Signing the notice shows *only* that you got the information about when your coverage will stop. **Signing it doesn't mean you agree** with our plan's decision to stop care.

**Section 7.2      How to make a Level 1 appeal to have our plan cover your care for a longer time**

If you want to ask us to cover your care for a longer period of time, you'll need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help, call Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)). Or call your State Health Insurance Program (SHIP) for personalized help. [\[Insert SHIP name and contact information. Plans providing SHIP contact information in an exhibit should direct members to that exhibit.\]](#) SHIP contact information is available in Chapter 2, Section 3.

**During a Level 1 appeal, the Quality Improvement Organization reviews your appeal.** It decides if the end date for your care is medically appropriate. The **Quality Improvement Organization** is a group of doctors and other health care experts paid by the federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing plan decisions about when it's time to stop covering certain kinds of medical care. These experts aren't part of our plan.

**Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a *fast-track appeal*. You must act quickly.**

***How can you contact this organization?***

- The written notice you got (*Notice of Medicare Non-Coverage*) tells you how to reach this organization. Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**Act quickly:**

- You must contact the Quality Improvement Organization to start your appeal **by noon of the day before the effective date** on the *Notice of Medicare Non-Coverage*.
- If you miss the deadline, and you want to file an appeal, you still have appeal rights. Contact the Quality Improvement Organization using the contact information on the Notice of Medicare Non-coverage. The name, address, and phone number of the Quality Improvement Organization for your state may also be found in Chapter 2.

**Step 2: The Quality Improvement Organization conducts an independent review of your case.****Legal Term:**

**Detailed Explanation of Non-Coverage.** Notice that gives details on reasons for ending coverage.

***What happens during this review?***

- Health professionals at the Quality Improvement Organization (the *reviewers*) will ask you, or your representative, why you believe coverage for the services should continue. You don't have to prepare anything in writing, but you can if you want.
- The independent review organization will also look at your medical information, talk with your doctor, and review information our plan gives them.
- By the end of the day the reviewers tell us of your appeal, you'll get the *Detailed Explanation of Non-Coverage*, from us that explains in detail our reasons for ending our coverage for your services.

**Step 3: Within one full day after they have all the information they need; the reviewers will tell you it's decision.*****What happens if the reviewers say yes?***

- If the reviewers say yes to your appeal, then **we must keep providing your covered services for as long as it's medically necessary.**
- You'll have to keep paying your share of the costs (such as deductibles or copayments, if these apply). There may be limitations on your covered services.

***What happens if the reviewers say no?***

- If the reviewers say *no*, then **your coverage will end on the date we told you.**

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* this date when your coverage ends, **you'll have to pay the full cost** of this care yourself.

**Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.**

- If reviewers say *no* to your Level 1 appeal – and you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

**Section 7.3      How to make a Level 2 appeal to have our plan cover your care for a longer time**

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end.

**Step 1: Contact the Quality Improvement Organization again and ask for another review.**

- You must ask for this review **within 60 calendar days** after the day when the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you continued getting care after the date your coverage for the care ended.

**Step 2: The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all the information related to your appeal.

**Step 3: Within 14 calendar days of receipt of your appeal request, reviewers will decide on your appeal and tell you it's decision.*****What happens if the independent review organization says yes?***

- **We must reimburse you** for our share of the costs of care you got since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it's medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

***What happens if the independent review organization says no?***

- It means they agree with the decision made to your Level 1 appeal.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- The notice you get will tell you in writing what you can do if you want to continue with the review process. It will give you details about how to go to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

**Step 4: If the answer is no, you need to decide whether you want to take your appeal further.**

- There are 3 additional levels of appeal after Level 2, (for a total of 5 levels of appeal). If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

---

**SECTION 8 Taking your appeal to Levels 3, 4 and 5**

---

**Section 8.1 Appeal Levels 3, 4 and 5 for Medical Service Requests**

This section may be right for you if you made a Level 1 appeal and a Level 2 appeal, and both of your appeals were turned down.

If the dollar value of the item or medical service you appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you can't appeal any further. The written response you get to your Level 2 appeal will explain how to make a Level 3 appeal.

For most situations that involve appeals, the last 3 levels of appeal work in much the same way as the first two levels. Here's who handles the review of your appeal at each of these levels.

**Level 3 appeal**

An **Administrative Law Judge** or an attorney adjudicator who works for the federal government will review your appeal and give you an answer.

- **If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process may or may not be over.** Unlike a decision at a Level 2 appeal, we have the right to appeal a Level 3 decision that's favorable to you. If we decide to appeal, it will go to a Level 4 appeal.
  - If we decide *not* to appeal, we must authorize or provide you with the medical care within 60 calendar days after we get the Administrative Law Judge's or attorney adjudicator's decision.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- If we decide to appeal the decision, we'll send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the medical care in dispute.
- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may or may not* be over.**
  - If you decide to accept the decision that turns down your appeal, the appeals process is over.
  - If you don't want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

**Level 4 appeal**

The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process *may or may not* be over.** Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that is favorable to you. We'll decide whether to appeal this decision to Level 5.
  - If we decide *not* to appeal the decision, we must authorize or provide you with the medical care within 60 calendar days after getting the Council's decision.
  - If we decide to appeal the decision, we'll let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process *may or may not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you don't want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go to a Level 5 appeal and how to continue with a Level 5 appeal.

**Level 5 appeal**

A judge at the **Federal District Court** will review your appeal.

- A judge will review all the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

## Making complaints

### SECTION 9      How to make a complaint about quality of care, waiting times, customer service, or other concerns

#### Section 9.1      What kinds of problems are handled by the complaint process?

The complaint process is *only* used for certain types of problems. This includes problems related to quality of care, waiting times, and customer service. Here are examples of the kinds of problems handled by the complaint process.

Complaint	Example
<b>Quality of your medical care</b>	<ul style="list-style-type: none"> <li>Are you unhappy with the quality of the care you got (including care in the hospital)?</li> </ul>

Here are examples:</p> <ul style="list-style-type: none"> <li>You asked us for a <i>fast coverage decision</i> or a <i>fast appeal</i>, and we said no; you can make a complaint.</li> </ul>

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

Complaint	Example
	<ul style="list-style-type: none"> <li>You believe we aren't meeting the deadlines for coverage decisions or appeals; you can make a complaint.</li> <li>You believe we aren't meeting deadlines for covering or reimbursing you for certain medical items or services or drugs that were approved; you can make a complaint.</li> <li>You believe we failed to meet required deadlines for forwarding your case to the independent review organization; you can make a complaint.</li> </ul>

**Section 9.2 How to make a complaint****Legal Terms:**

A **complaint** is also called a **grievance**.

**Making a complaint** is called **filing a grievance**.

**Using the process for complaints** is called **using the process for filing a grievance**.

A **fast complaint** is called an **expedited grievance**.

**Step 1: Contact us promptly – either by phone or in writing.**

- **Calling Member Services at [\[insert Member Services number\]](#) (TTY users call [\[insert TTY number\]](#)) is usually the first step.** If there's anything else you need to do, Member Services will let you know.
- **If you don't want to call (or you called and weren't satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we'll respond to your complaint in writing.
- *[\[Insert description of the procedures \(including time frames\) and instructions about what members need to do if they want to use the process for making a complaint. Describe expedited grievance time frames for grievances about decisions to not conduct expedited organization/coverage determinations or reconsiderations/redeterminations.\]](#)*
- The **deadline** for making a complaint is **60 calendar days** from the time you had the problem you want to complain about.

**Step 2: We look into your complaint and give you our answer.**

- **If possible, we'll answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.

**Chapter 7 If you have a problem or complaint (coverage decisions, appeals, complaints)**

---

- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, **we can take up to 14 more calendar days** (44 calendar days total) to answer your complaint. If we decide to take extra days, we'll tell you in writing.
- **If you're making a complaint because we denied your request for a fast coverage decision or a fast appeal, we'll automatically give you a fast complaint.** If you have a fast complaint, it means we'll give you **an answer within 24 hours**.
- **If we don't agree** with some or all of your complaint or don't take responsibility for the problem you're complaining about, we'll include our reasons in our response to you.

**Section 9.3 You can also make complaints about quality of care to the Quality Improvement Organization**

When your complaint is about *quality of care*, you have 2 extra options:

- **You can make your complaint directly to the Quality Improvement Organization.** The Quality Improvement Organization is a group of practicing doctors and other health care experts paid by the federal government to check and improve the care given to Medicare patients. Chapter 2 has contact information.

*Or*

- **You can make your complaint to both the Quality Improvement Organization and us at the same time.**

**Section 9.4 You can also tell Medicare about your complaint**

You can submit a complaint about [\[insert 2027 plan name\]](#) directly to Medicare. To submit a complaint to Medicare, go to [www.Medicare.gov/my/medicare-complaint](https://www.Medicare.gov/my/medicare-complaint). You can also call 1-800-MEDICARE (1-800-633-4227). # CHAPTER 8:

## Ending membership in our plan

### SECTION 1 Ending your membership in our plan

---

Ending your membership in [\[insert 2027 plan name\]](#) may be **voluntary** (your own choice) or **involuntary** (not your own choice):

- You might leave our plan because you decide you *want* to leave. Sections 2 and 3 give information on ending your membership voluntarily.
- There are also limited situations where we're required to end your membership. Section 5 tells you about situations when we must end your membership.

If you're leaving our plan, our plan must continue to provide your medical care, and you'll continue to pay your cost share until your membership ends.

### SECTION 2 When can you end your membership in our plan?

---

#### Section 2.1 You can end your membership during the Open Enrollment Period

You can end your membership in our plan during the **Open Enrollment Period** each year. During this time, review your health and drug coverage and decide about coverage for the upcoming year.

- The **Open Enrollment Period** is from **October 15 to December 7**.

*[If you use any of the following terms in your EOC, you must add a definition of the term to the first section where you use it and here in Chapter 10 with a reference from the section where you use it: IPA, network, PHO, plan medical group, Point of Service.]*

*[Plans with a POS option: Provide definitions of allowed, coinsurance and maximum charge, and prescription drug benefit manager.]*

**Ambulatory Surgical Center** – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center doesn't exceed 24 hours.

**Balance Billing** – When a provider (such as a doctor or hospital) bills a patient more than our plan's allowed cost-sharing amount. As a member of *[insert 2027 plan name]*, you only have to pay our plan's cost-sharing amounts when you get services covered by our plan. We don't allow providers to **balance bill** or otherwise charge you more than the amount of cost sharing our plan says you must pay.

**Benefit Period** – *[Modify definition as needed if plan uses benefit periods for SNF stays but not for inpatient hospital stays.]* The way that *[insert if applicable: both our plan and]* Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. *[Plans that offer a more generous benefit period, revise the following sentences to reflect our plan's benefit period.]* A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't gotten any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. *[Insert if applicable: You must pay the*

**Complaint** – The formal name for making a complaint is **filing a grievance**. The complaint process is used *only* for certain types of problems. **Custodial Care** – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you don't need skilled medical care or skilled nursing care. Custodial care, provided by people who don't have professional skills or training, includes help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. **Hospice** – A benefit that provides special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of 6 months or less. You can still get all medically necessary services as well as the supplemental benefits we offer.

## **Operational Guidance**

### **Health Plan Management System (HPMS) Submission Instructions:**

1. EOCs must be submitted in HPMS.
2. Unpopulated materials may not be submitted into HPMS. The organization must submit an EOC for each Contract/Plan Benefit Package (PBP) offered and must include all applicable premiums, cost-sharing, and benefit information in the material.

**Note:** Non-English language versions of previously submitted English language versions of the EOC should not be submitted in HPMS. Please refer to the Submission, Review, and Distribution of Materials (42 C.F.R. §§ 422.2261 and 423.2261) section of the MCMG for additional information regarding non-English language and alternate format materials.

3. If MAOs, PDPs or Cost Plans split the EOC into two or more files (e.g., different files for different sections), all sections must be submitted as one document/file.
4. MAOs, PDPs or Cost Plans that have consolidated plans should include, in one “zipped” file, the ANOCs for both plans being consolidated. The zipped file should be uploaded under the remaining PBP. For example, H0001 is consolidating PBP 001 into PBP 002 for CY2026. One zipped file should be uploaded into HPMS under H0001 PBP 002. This zipped file should have the ANOC for PBP 001 and the ANOC for PBP 002. For consolidated plans, the EOC should be submitted for the remaining consolidated plan. Using the example above, the EOC should be submitted for PBP 002. To help identify the zipped ANOCs, organizations must use the following naming convention for all zipped ANOC files: the Plan’s/Part D sponsor’s contract or MCE number, (i.e., “H” for MA or Section 1876 Cost Plans, “R” for Regional PPO plans (RPPOs), “S” for PDPs, or “Y” for Multi-Contract Entity (MCE) identifier) followed by an underscore; the PBP number followed by an underscore, any series of alpha numeric characters (Plan/Part D sponsor discretion) followed by an underscore; and an uppercase “M” for marketing materials (for example: H0001\_001\_efg456\_M or H0001\_002\_abc123\_M).
5. The “No Longer in Use” button should not be selected for EOC submissions. Plans/Part D sponsors must submit updated EOCs via the material replacement function in HPMS.

### **Multiple EOC Material Versions:**

MAOs, PDPs, and Cost Plans are permitted to upload different versions (not corrections) of EOC materials with the original submission in one “zipped” file. For example, if a plan covers two states, the standalone EOC for both states would be submitted in one “zipped” file as the original submission.

### **Material Replacements:**

MAOs, PDPs, and Cost Plans that change their current year EOCs (e.g., error corrections, Medicare FFS rate updates, policy updates) must submit updated materials via the material replacement function in HPMS. Refer to the MCMG, under “§§ 422.2261(d), 423.2261(d) – Standards for CMS Review,” and the HPMS Marketing Module User’s Guide for additional information regarding the material replacement function.

**Note:** MAOs, PDPs, and Cost Plans that submit updated EOCs via the material replacement function to correct errors must also submit erratas for those errors in HPMS. Refer to the HPMS Memo, “Contract Year 2024 Annual Notice of Change and Evidence of Coverage Submission Requirements and Yearly Assessment,” to determine when erratas should be submitted.

**Note:** Do not submit errata sheets for updating Medicare fee-for-service (FFS) rates.]
