

SUPPORTING STATEMENT FOR FORM CMS-1728-94 HOME HEALTH AGENCY COST REPORT

A. BACKGROUND

CMS is requesting the Office of Management and Budget (OMB) review and approve the revisions made to the Form CMS-1728-94, Home Health Agency (HHA) Cost Report.

The revisions made to the HHA cost report are for hospice facilities that file as part of a HHA healthcare complex. The revisions incorporate §3132 of the Patient Protection and Affordable Care Act (ACA) which requires that CMS collect appropriate data and information to facilitate hospice payment reform. Additionally, the forms are revised to incorporate data previously reported on the Provider Cost Report Reimbursement Questionnaire, Form CMS-339; and to remove obsolete J series worksheets previously used for HHA-based comprehensive outpatient rehab facilities, obsolete RH series worksheets previously used for HHA-based rural health clinics, and the obsolete FQ series worksheets previously used for HHA-based federally qualified health centers.

B. JUSTIFICATION

1. Need and Legal Basis

Providers of services participating in the Medicare program are required under sections 1815(a), 1833(e) and 1861(v)(1)(A) of the Social Security Act (42 USC 1395g) to submit annual information to achieve settlement of costs for health care services rendered to Medicare beneficiaries. In addition, regulations at 42 CFR 413.20 and 413.24 require adequate cost data and cost reports from providers on an annual basis.

The form CMS-1728-94 cost report is needed to determine a provider's reasonable cost incurred in furnishing medical services to Medicare beneficiaries and reimbursement due to or from a provider.

2. Information Users

The cost reports are required to be filed with the provider's Medicare Administrative Contractor (MAC). The functions of the MAC are described in section 1816 of the Social Security Act.

The collection of data is a secondary function of the cost report. The data is used by CMS to support program operations, payment refinement activities and to make Medicare Trust Fund projections.

3. Use of Information Technology

HHAs are required to submit cost reports electronically.

4. Duplication of Efforts

The information collection does not duplicate any other effort and the information cannot be obtained from any other source.

5. Small Business

This cost report has been designed with a view towards minimizing the reporting burden for small HHAs. The form is collected as infrequently as possible (annually) and only those data items necessary to determine the appropriate reimbursement rates are required.

6. Less Frequent Collection

If the annual cost report is not filed, CMS will be unable to determine whether proper payments are being made under Medicare. A provider who fails to file a cost report by the statutory due date is notified that interim payments will be reduced, suspended or deemed overpayments.

7. Special Circumstances

This information collection complies with all general information collection guidelines in 5 CFR 1320.6 without the existence of special circumstances.

8. Federal Register Notice

The 60 day Federal Register notice was published on September 4, 2015.

9. Payment/Gift to Respondent

There is no payment or gift to respondents.

10. Confidentiality

Confidentiality is not assured. Medicare cost reports are subject to disclosure under the Freedom of Information Act.

11. Sensitive Questions

There are no questions of a sensitive nature.

12. Estimate of Burden (Hours and Cost)

Number of HHA facilities	10,717
Hours burden per facility	227
Total hours burden (10,717 facilities x 227 hours)	2,432,759
Standard rate	<u>\$30.00</u>
Total respondent cost estimate	<u><u>\$ 72,982,770</u></u>

13. Capital Cost

There are no capital costs.

14. Cost to Federal Government

<u>Annual cost to Medicare Contractors:</u>	
Annual costs incurred are related to processing information contained on the forms, particularly associated with achieving settlements. Medicare contractors' processing costs are based on estimates provided by the Office of Financial Management (OFM).	
	\$ 6,811,200
<u>Annual cost to CMS:</u>	
Total CMS processing cost is from the HCRIS Budget:	\$44,000
<u>Total Federal Cost</u>	<u><u>\$ 6,855,200</u></u>

15. Changes To Burden

The change in burden from 11,352 in 2014 to 10,717 in 2015 is due to a decrease in the number of respondents.

Incorporating the Form CMS-339 into the HHA cost report resulted in an increase in burden of 1 hour for this information collection.

The cost per response was changed from \$ 20.00 to \$ 30.00 to accurately reflect increases in cost of living.

16. Publication and Tabulation Dates

The data submitted on the cost report is not published or tabulated.

17. Expiration Date

CMS would like an exemption from displaying the expiration date as these forms are used on a continuing basis and change infrequently.

18. Certification Statement

There are no exceptions to the certification statement.

C. STATISTICAL METHODS

There are no statistical methods involved in this collection.
