About Medicare Remit Easy Print

Medicare Remit Easy Print enables you to print Medicare Part B and DME MAC HIPAA 835v5010 and 835v4010A1 files to a format that is similar to the Standard Paper Remittances (SPRs). You can use Medicare Remit Easy Print to:

- view MREP Remittance Advices (see page 56)
- search MREP Remittance Advices (see page 81)
- print MREP Remittance Advices (see page 78)
- print reports about MREP Remittance Advices (see page 204).

You can install Medicare Remit Easy Print on a PC or on a network (see *Pre-Installation Checklist for Installation on a PC*).

For general information about remittances, see

http://www.cms.hhs.gov/MLNProducts/downloads/RA_Guide_Full_03-22-06.pdf.

What's New

- This document reflects the newest incremental update. (Version 3.2.4) The page break logic was updated and the check date was added to the continued page heading when you print the Claim Detail and the Entire Remittance Report.
- This document reflects the change to the 5010 HIPAA-compliant format. (Version 3.2.2)
- The PD-NOS and SUB-NOS fields now accommodate values up to seven whole numbers and three decimal places. (Version 3.2)
- The ADJ-QTY field was added to display Adjustment Quantities (2110.CAS04, CAS07, CAS10, CAS13, CAS16, CAS19) on the service line, if applicable. (Version 3.2)
- The capacity of the SUB-PROC field was increased to better display NDC codes if present. (Version 3.2)
- To accommodate the changes listed above some fields were shifted and realigned. All monetary fields now accommodate values up to eight whole numbers and two decimal places. These changes apply to MREP RAs in the X12 835V5010 and 835V4010A1 formats. (Version 3.2)
- When present, the qualifier and reference data of the 2100.REF OTHER CLAIM RELATED IDENTIFICATION segment appears on the Electronic Remittance Advice (ERA). The HIC heading and the label from the Entire Remittance Report and the Remit Summary tab no longer appear when there are PLB details. Any HICN information present appears as part of the FCN/OTHER IDENTIFIER field. (Version 3.2)

Informational

- MREP accepts remittances in the X12 835V5010A1 and X12 835V4010A1 formats. MREP no longer accepts remittances in the X12 835V5010 format. However, since the X12 835V5010 format was only used during the transition period from X12 835V4010A1 and was never implemented for use in production, the User Guide refers to the X12 835V5010A1 format as X12 835V5010.
- MREP Version 3.2 includes the CARC/RARC list published 7/01/2011. Future lists will be made available individually and can be imported into MREP to keep the codes current. For more information, see *How to View the CARC and RARC Codes*.

Differences between MREP Remittance Advices and Shared System SPRs

It is important to understand that the Medicare Remit Easy Print Remittance Advice is a representation of the HIPAA 835v4010A1 transaction data. Although CMS has attempted to make the Medicare Remit Easy Print generated Remittance Advice very similar to the Shared System Maintainer generated SPR (received via mail), the printed information and data content at times may differ. So, the two can be compared as long as there is an understanding of why they differ.

For example, the HIPAA 835v5010 transaction data contains reversal (mother) claim information and, in turn, the Medicare Remit Easy Print Remittance Advice displays this information and uses it in the calculation of the entire remittance “totals”. The CMS systems that create the file for the SPR received via mail have the ability to “net” the claim information for adjustments prior to generating the SPR. The HIPAA 5010 transaction has no facility to convey the information to allow MREP to “net” the claim information for adjustments prior to generating the Medicare Remit Easy Print Remittance Advice and, therefore, must do a complete back-out of the original claim and “build” a new “adjusted” claim with the modified information.

Item	Medicare Remit Easy Print	Shared System
Adjustments	You must calculate the net. Claim Example #1 Original Claim 000000000001000 Provider Paid -\$100.00 Adjustment Claim 000000000001001 Provider Paid \$80.00 Provider Paid -\$20.00 (overpayment) Claim Example #2 Original Claim 000000000002000 Provider Paid -\$100.00 Adjustment Claim 000000000002001 Provider Paid \$150.00 Provider Paid \$50.00 (underpayment)	The net was calculated for you. Claim Example #1 Adjustment Claim 000000000001001 Provider Paid -\$20.00 Claim Example #2 Adjustment Claim 000000000002001 Provider Paid \$50.00
PREV PD	Always blank	Is calculated for you
General Messages for Suppliers/ Providers (Provider Bulletin Board)	Not displayed	Is displayed

About This Guide

All personal health information has been replaced with fictitious information.

To use this guide, you need to have a working knowledge of Microsoft Windows.

For example, you need to know how to:

- access your desktop,
- use the Start menu, and
- use Microsoft Windows Explorer.

You also need to know common Microsoft Windows terminology. For example, Start > Programs refers to the Programs option on the Start menu.

Phone	Your Medicare contractor

PC Requirements

Recommended Speed:	2.0 GHz or faster
-------------------------------	-------------------

Operating System Requirements

Recommended: Windows XP

Others: Windows 2000
Windows NT
Windows 7
Windows Vista

.NET Framework: 1.1.4322 (*On the Microsoft web site this is referenced as 1.1*)

This application uses Visual Basic.Net, a Microsoft compatible language, and like many applications that require a MS Windows platform, a .NET framework is required. More than likely you already have a version of the .NET framework on your PC. In order to use this application, you must have .NET framework version 1.1.4322 or a later version installed on each PC that is using this application. If you do not have this framework installed, you may receive a message stating that this version of the framework is required during the installation process and prompting you to install it.

By clicking yes—and if you have access to the internet—you are redirected to the Microsoft web site to download the .NET framework 1.1 (same as the 1.1.4322 version referenced in the message). It is not recommended that you download a beta version of the .NET framework if you are presented with this option on the Microsoft web site.

Outside of the application installation process, you may also visit the link to [Microsoft .NET Framework Version 1.1 Redistributable Package](#) at the Microsoft website to transport directly to the location on the Microsoft web site to download the 1.1 .NET framework version.

If you want to learn more about the 1.1 .NET Framework version and/or determine if you need to install this version, you may visit [.Net Framework Developer Center](#) at the Microsoft website.

Please follow the directions within the web site when using this link.

If you do not have access to the internet and you receive a message to update your .NET framework, you have to obtain a copy of the .NET framework from Microsoft. The Medicare Remit Easy Print application does not work without the appropriate .NET framework installed on each machine accessing the application.

Decompression Application:

To download the Medicare Remit Easy Print program from your Medicare contractor's web site, you must have the following:

- Access to the internet.
- WinZip or a compatible decompression application to extract files. If you do not have a decompression application then you can go to a number of web sites to acquire one (For example: <http://www.winzip.com/downwzeval.htm>.)

How Does Medicare Remit Easy Print Get Medicare Remittance Info?

You have to import Medicare remittance information into Medicare Remit Easy Print. For more information about importing, see *Importing HIPAA 835 files*.

The files that you import are the ANSI files. For more information about the format of these files, see *Appendix A: MREP RA/HIPAA 835v5010 Segment Field Crosswalk*.

When Medicare Remit Easy Print reformats and saves a copy of an HIPAA 835 file, it is called the Import file. For information about how EasyPrint names the Import files, see *Import File Name Format*.

Medicare Remit Easy Print keeps all of the Import files in the Import folder in the Medicare Remit EasyPrint directory.

Information for Administrators

Medicare Remit Easy Print can be installed on a PC or network.

To install MREP:

- on a PC, see *PC Installations*
- on a network, see *Installing Medicare Remit Easy Print on a Network*

Network Installations

Medicare Remit Easy Print Directory

There must be sufficient space on the network to save the Import file(s).

The Medicare Remit Easy Print software takes about 3000 KB.

Users must have Read/Write access to the directory where the software is installed because the software creates files and saves them using the user's security privileges to the directory.

Medicare Remit Easy Print Access

If you need to make Medicare Remit Easy Print available to all users who log on, you need to indicate this during the installation procedure.

Group Code MSI file

When installing the application on a network, each PC that accesses the application must have installed the Group Code MSI file.

Pre-Installation Checklist for Installation on a Network

Before you install Medicare Remit Easy Print, you need to complete these steps:

Step	Description	Completed ✓
1	Check that the network, all PCs, and printers meet all requirements.	
2	Check that you are using one of the supported operating systems.	
3	Find out where the Medicare Remit Easy Print installation software is located. The file name is: Medicare Remit Easy Print.msi Write the location here:	
4	Find out where the Medicare Remit Easy Print Group Code .msi file is: The file name is: GroupCode.msi Write the location here: Note: The GroupCode.msi must be installed on all PCs executing EasyPrint from a network location or any PCs that access network locations from within the application. When installed on a network drive, only the EasyPrint shortcut and the GroupCode.msi package need to be installed on PCs executing the application. There is no need to install the application on each individual PC. In order for each client PC to access the application: From the client PC, navigate to the network location where Medicare Remit Easy Print is installed, right click on the EasyPrint.exe file, and select "create shortcut". This shortcut can then be copied to the desktop of the client PC. This step is necessary in the event the network drive mapping is different on the client PC.	
5	Create a folder called HIPAA 835 files and make sure that all users know the location. This folder must have adequate security for PHI. Write the location for the HIPAA 835 files here:	
6	Create a directory on the server for the Medicare Remit Easy Print installation. This directory must have adequate security for PHI.	

Installing Medicare Remit Easy Print on a Network

When you install Medicare Remit Easy Print on a network:

- install Medicare Remit Easy Print on the network
- install the Medicare Remit Easy Print Group Code on *every* PC accessing the application.

Before You Install Medicare Remit Easy Print on a Network

Before you install Medicare Remit Easy Print:

- complete the Pre-Installation Checklist for installation on a network.

How to Install Medicare Remit Easy Print on the Network

Download Instructions

On your contractor's website:

1. Select the Medicare Remit Easy Print link.
2. Click the Medicare Remit Easy Print zip file. The File Download window opens.

Important!

If this download cannot get past your network firewall, please contact your Medicare contractor.

3. Click the Open button. The WinZip window opens.

4. To extract the file to the network, highlight GroupCode.msi and click the Extract button. The Extract window opens.

5. Select the directory on your network where you want the GroupCode.msi file to be stored. Click the Extract button. You return to the WinZip window.
6. On the following line, write the name of the folder where you saved the GroupCode.msi file:

7. Highlight the MedicareRemitEasyPrint.msi file and click Extract.
8. Select the same location on your network where you saved the GroupCode.msi file. Click the Extract button.

Installation Instructions

1. Make sure you know the location of the Medicare Remit Easy Print.msi file (Step 3 of the *Pre-Installation Checklist for Installation on a PC*).
2. Open Microsoft Windows Explorer and find the Medicare Remit Easy Print.msi file.
3. Double-click the Medicare Remit Easy Print.msi file:

The Medicare Remit Easy Print Setup Wizard opens.

4. Click the Next button.

The Select Installation Folder window opens.

5. Click Browse to find the network location for the install. The applications and associated files are located in the T:\Easy Print Files\ folder.
6. On the following line, write the location where you are saving the application and where all of the associated folders and files are to be saved:

Select Everyone and click the Next button.

The Confirm Installation window opens.

7. Click the Next button.

When the installation is finished, the Installation Complete window opens.

Best Practice:

Make the shortcut to the Medicare Remit Easy Print executable available to all users.

8. Click the Close button.

The Medicare Remit Easy Print shortcut is available in the Medicare Remit Easy Print directory. Copy this shortcut to your desktop.

9. Complete the Medicare Remit Easy Print Group Code installation on each PC.

Important!

You must install the Medicare Remit Easy Print Group Code on each PC.

What Happens During the Installation Process?

The following items are created and placed in the directory you designated under the Medicare Remit Easy Print folder in Step 8 of the Installation Instructions:

- EasyPrint.exe
- Easy Print icon - shortcut
- Import folder - where all active converted HIPAA 835 files are stored
- Archive folder - where all inactive converted HIPAA 835 files are stored. (Inactive files are files not currently viewed in the application.)
- Report Export folder - where all exported Report files are stored
- Resource folder - internal folder to application

Installing the Medicare Remit Easy Print Group Code on the PC

After you install the Medicare Remit Easy Print application on the network, you must install the GroupCode.msi file on *every* PC that needs to access the application.

How to Install the Medicare Remit Easy Print Group Code

1. Make sure you know the location of the Medicare Remit Easy Print Group Code file (Step 4 of the *Pre-Installation Checklist for Installation on a PC*).
2. Open Microsoft Windows Explorer and find the Medicare Remit Easy Print Group Code.msi file.
3. Double-click the Medicare Remit Easy Print Group Code.msi file.

The installation completes without opening any windows or displaying any messages.

How to Know that the Medicare Remit Easy Print Group Code Install Completed Successfully

If the installation DID complete successfully, the PC user can open Medicare Remit Easy Print.

If the installation DID NOT complete successfully, the PC user cannot open Medicare Remit Easy Print is presented with an unhandled exception dialog.

Hint:

If you see this error message on the PC, you need to install the Medicare Remit Easy Print Group Code.

You need a minimum screen resolution of 1024 X 768.

Click OK and install the Medicare Remit Easy Print Group Code again.

PC Installations

Medicare Remit Easy Print Setup Software

For users to load the software on their PCs, they must know the location of the Medicare Remit Easy Print Setup file.

Best Practice:

Create a folder called HIPAA 835 files to store your 835 files, and make sure that all users know the location.

The file name is:

Medicare Remit Easy Print.msi

HIPAA 835 File Location

Users must know the location from which to download the HIPAA 835 file they receive from their Medicare contractor.

Medicare Remit Easy Print Directory

There must be sufficient space on the PC for Medicare Remit Easy Print to save the Import file(s).

The Medicare Remit Easy Print software takes about 3000 KB. The size of the Import file(s) is dependent upon the number of claims found in the HIPAA 835 file.

Medicare Remit Easy Print Access

The default for installing Medicare Remit Easy Print is to have it be accessible only to a single user on a PC.

Getting Started

To get started:

1. Complete the *Pre-Installation Checklist for Installation on a PC*.
2. Install Medicare Remit Easy Print on your PC (see page 19).

Pre-Installation Checklist for Installation on a PC

Before you install Medicare Remit Easy Print, you need to complete these steps:

Step	Description	Completed ✓
1	Check to be sure that your PC and printer meet all requirements.	
2	Check to be sure that you are using one of the supported operating systems.	
3	Find out where the Medicare Remit Easy Print install file is located. The file name is: Medicare Remit Easy Print.msi Write the location here:	
4	Find out where the HIPAA 835 files are located. Write the location here: _____	

Installing Medicare Remit Easy Print

Before You Install Medicare Remit Easy Print

Before you install Medicare Remit Easy Print:

- Complete the *Pre-Installation Checklist for Installation on a PC*

How to Install Medicare Remit Easy Print on Your PC

Download Instructions

On your contractor's website:

1. Select the Medicare Remit Easy Print link.
2. Click the Medicare Remit Easy Print zip file.

The File Download window opens.

Important!

If this download cannot get past your PC security settings, please contact your Medicare carrier.

button.

3. Click the Open

The WinZip window opens.

4. To extract the file to the network, highlight MedicareRemitEasyPrint.msi and click the Extract button. The Extract window opens.

Best Practice:
Create a folder called HIPAA 835 files to store your 835 files, and make sure that all users know the location.

5. Select the directory on your network where you want the MedicareRemitEasyPrint.msi file to be stored.
6. Click the Extract button. You return to the WinZip window.
7. On the following line, write the name of the folder where you saved the MedicareRemitEasyPrint.msi file:

Because you are not installing the software on a network to be shared by other users, you do not need to copy the GroupCode.msi file.

Installation Instructions

1. Make sure you know the location of the Medicare Remit Easy Print.msi file (Step 3 of the *Pre-Installation Checklist for Installation on a PC*).
2. Open Microsoft Windows Explorer and find the Medicare Remit Easy Print.msi file.
3. Double-click the Medicare Remit Easy Print.msi file:

The Medicare Remit Easy Print Setup Wizard opens.

4. Click the Next button.

The Select Installation Folder window opens.

11. Click Browse to find the location of the Easy Print files on your PC. This is where the application and all the associated files are stored.
12. On the following line, write the location where you are saving the application and where all of the associated folders and files are to be saved:
13. Select Everyone and click the Next button.

The Confirm Installation window opens.

14. Click the Next button.

When the installation is finished, the Installation Complete window opens.

15. Click the Close button.

The Medicare Remit Easy Print shortcut is available in the Medicare Remit Easy Print directory. Copy this shortcut to your desktop.

What Happens During the Installation Process?

The following items are created and placed in the directory you designated under the Medicare Remit Easy Print folder in Step 8 of the Installation Instructions:

- EasyPrint.exe
- Easy Print icon (shortcut)
- Import folder (where all active converted x835 files are stored)
- Archive folder (where all inactive converted x835 files are stored. Inactive files are files not currently viewed in the application)
- Report Export folder (where all exported Report files are stored)
- Resource folder (internal folder to application)

Starting Medicare Remit Easy Print

You can find shortcuts to the Medicare Remit Easy Print program in 2 places:

- Your PC desktop: 
- The Start > Programs menu: 

Before You Start Medicare Remit Easy Print

Before you start Medicare Remit Easy Print, you must:

- Install Medicare Remit Easy Print (page 19).
- To determine the location of the HIPAA 835 folder or where your HIPAA 835 files are stored, complete Step 4 of the *Pre-Installation Checklist for Installation on a PC*.

How to Start Medicare Remit Easy Print

1. To start Medicare Remit Easy Print, double-click the Medicare Remit Easy Print shortcut.

The *first time* that you start Medicare Remit Easy Print, or when you don't have any Remittance files in the Import folder you see the "No Remittance Files Found" dialog. Click or select the OK button to close the dialog.

Click the OK button.

Hint:

You can find the Medicare Remit Easy Print shortcut  on the desktop and on the Start menu.

Medicare Remit Easy Print opens with the Import button ready:

2. Click the Import button.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information,
which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

A file dialog window opens permitting you to select the HIPAA 835 file to import.

3. Select the HIPAA 835 file that you want to import by double-clicking it.

Medicare Remit Easy Print starts the import to let you know that it is importing:

After the import is finished, the Remittance Advice List window appears.

Locating MREP and MREP File Locations on Your PC/Network

Locating the MREP Application on Your PC/Network – Icon Available

1. With your mouse, right click on the icon on your desktop.

2. Go to Properties, Shortcut, Start in and you see the directory where the Medicare Remit Easy Print directory is located.

Locating the MREP Application on Your PC/Network – Icon not Available

1. Click the Start menu.
2. Select the 'Search' function.
3. Select 'For Files or Folders'.

4. Select 'All files and folders'.

5. Type 'Medicare Remit Easy Print' or the name you saved your MREP software under in 'All files and folders'.
6. Select 'My Computer' from the 'Look In' drop-down box.

7. Click the Search button.

Identifying Easy Print File Locations

This tool contains the current path to folders containing the files that Medicare Remit Easy Print uses. In most cases, these paths never need updating. But, in certain situations, the user may want to override the default locations of these folders.

1. To identify the necessary files/resources that Medicare Remit Easy Print is using, select Path Name Editor from the Tools menu.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

2. The folder locations window appears showing the current folder location settings.

The **Imported files:** folder contains those files once the native 835 files have been imported into Medicare Remit Easy Print.

The **Archive files:** folder contains those files that have been archived from Medicare Remit Easy Print.

The **Exported reports:** folder contains those report files where the user chose to export the reports rather than printing them.

The **X835 native files:** folder contains the native 835 files that are imported into Medicare Remit Easy Print.

Note: When an issue is reported and the ViPS MREP Team requests that the file be sent for further investigation, this is the type of file that needs to be sent. The file has a “.txt” extension.

Identify the file/remittance advice that is in question or causing an issue.

For the provider/supplier community, send a copy of this file to your contractor and your contractor should send the same file to the ViPS MREP Team.

The **Resource files:** folder contains the necessary internal files (004010X091A1.FLD or 005010x221A1.FLD and loop.str) for Medicare Remit Easy Print to run. The Codes.ini file is also in this folder, but it is not required for Medicare Remit Easy Print to run. (**Note:** The Codes.ini file contains the descriptions of the Reason and Remark codes. If it is not present, the user receives a generic default message for each Reason and Remark code.)

Buttons

Save changes made to the folders

Reset the values for the files back to what they were when the Medicare Remit Easy Print application was initially installed

Exit the Medicare Remit Easy Print Folder Locations display box without saving changes

Uninstalling Medicare Remit EasyPrint

1. Navigate to the Windows Control Panel Add/Remove Programs.

- From the taskbar, click Start > Control Panel.
- The control panel window opens.

Windows 2000/XP control panel

2. Remove the Medicare Remit Easy Print Application.

- Double click the Add/Remove Programs icon in the Control Panel.
- Select Medicare Remit Easy Print from the resulting list.

- Click Remove, then click Yes on the confirmation dialog.

The Uninstall process is complete!

Online Help System

The Medicare Remit Easy Print (MREP) Help online system allows you to look up information about MREP from MREP itself instead of referring to the Medicare Remit Easy Print User Guide. The online Help system is geared to the day-to-day tasks in MREP. It does not include information regarding the technical aspects of installing or running MREP on a PC or network.

How to Access the Online Help System

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon

The Medicare Remit Easy Print Claim List tab opens.

2. Click Help.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

Medicare Remit Easy Print opens the Medicare Remit Easy Print Help window and displays the introduction.

Note: Be sure that the Medicare Easy Print Help dialog box is displaying the Contents tab in the left frame of the window.

How to Use the Contents Tab

1. To see what's inside a book, click the + sign.

- Click a topic to display the topic.

At this point, you can:

Print the topic

View Options

Return to the previous view

Hide the tab

- To close the book, click the minus (–) sign on the keyboard.

How to Use the Index Tab

1. Click the Index tab.

2. Type a keyword to find.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

3. Select a keyword by double clicking on it or click the display.

How to Use the Search Tab

1. Click the Search tab.

2. Type a keyword to find, then click the List Topics button  or type Alt + L.

3. Once the list of topics appears, double click the one you want.

How to Close the Medicare Remit Easy Print Help Window

Click the close window button  or type Alt + F4.

Importing HIPAA 835 files

The *first time* that you start Medicare Remit Easy Print, you must import an HIPAA 835 file.

For the procedure for the first import, see Step 1 of *How to Start Medicare Remit Easy Print*.

The *first time* you start Medicare Remit Easy Print, or when you don't have any Remittance files in the Import folder you see the "No Remittance Files Found" dialog. Click or select the OK button to close the dialog.

Before You Import the HIPAA 835 File

Before you import an HIPAA 835 file, you must:

- Install the Medicare Remit Easy Print program. (See *PC Installations* or *Network Installations*)
- To determine the location of the HIPAA 835 folder or where your HIPAA 835 files are stored, complete Step 4 of the *Pre-Installation Checklist for Installation on a PC*.

Import File Name Format

When you import the HIPAA 835 file, Medicare Remit Easy Print makes a copy of it, renames it, and stores it in the Import file folder.

The file-naming format is as follows:

PPPPPPPPPPPPPPPPPPPPPPPPPPPPPP	Payer Name – 30 bytes maximum
CCCCCCCCCCCCCCCC	Check/EFT # – 15 bytes maximum

If a file has been imported successfully and you attempt to import the same file, an error record is written to the *Import Exception Summary Window/Report* and the file is not imported into the MREP application. Importing a file format other than HIPAA 835v5010A1 or 835v4010A1, or a non-compliant version of a HIPAA 835-formatted file also writes a record to the Import Exception Summary window/report and the file is not imported into the MREP application.

NOTE: With the release of MREP v2.9 (April 2011), the only acceptable versions of the HIPAA 835 file that can be imported into MREP are 835v5010A1 and 835v4010A1.

How to Import the HIPAA 835 File

Hint:

For information about the **very first time** you import, see Step 1 on page 28.

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon .

The Medicare Remit Easy Print Claim List tab opens.

2. Click the Import button or go to the File menu option and select Import.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

Medicare Remit Easy Print opens a window for you to select the HIPAA 835 file to import:

3. Select the HIPAA 835 file that you want to import by double-clicking it
Medicare Remit Easy Print starts the import and lets you know that it is importing:

After the import finishes, the MREP Remittance Advice List window appears.

At this point, you can:

- | | |
|---------------------------------------|---|
| Work with the MREP Remittance Advices | See <i>Working with MREP Remittance Advices</i> |
| Work with Reports | See <i>Working with Reports</i> |

Note: Medicare Remit Easy Print reformats and saves a copy of the HIPAA 835 file. This copy is the Import file. If you import the same HIPAA 835 file more than once, Medicare Remit Easy Print bypasses the duplicate file and displays the Import Exception Summary Report indicating duplicate remittances were detected.

For information about making sense of the Import file name, see *Import File Name Format*.

How to Automatically Import the HIPAA 835 File

1. Close Medicare Remit Easy Print. Right click on the Easy Print icon and click Properties. The EasyPrint.exe Properties window appears.

Note: The values in the various fields vary for each MREP user.

2. The Target: value needs to be modified to indicate the location of the files that are to be imported. The user must enter a space after the last double quote, the value of -I or -i (not case sensitive), followed by another space and the pathname. The pathname must be in double quotes. For example, "I:\Easy Print\EasyPrint.exe" -i "C:\MREP\Files to be imported\no_phi.txt"

3. To save the changes you made to the Target: value, you must click the Apply button.

4. Once you click the Apply button, then you must click the OK button. The Properties window then disappears.

5. You can restart the MREP software.

Notes:

- If the user updates the Target field with a file path that does not exist, a message dialog appears stating the target file does not exist. Once the user chooses to close this window by clicking the OK button, the MREP software continues to run with the files that have already been imported.

- Each time that the MREP software is invoked, it always accesses the import pathname to attempt to import the data that is contained in the specified file.
- When a duplicate remit file or a file with an invalid data format (not 835v4010A1 or 835v5010) is encountered, the Import Exception Summary window appears. The user can choose to Print or Close this window. Once the user chooses to close this window, the MREP software continues to run with files that have already been imported.

What to Do with an Import Error Message

There are two error messages that you may see:

For this error message:

Invalid File Format

Path / File Access Error

You need to:

Select the correct HIPAA 835 file to import.

You have either selected an ERA not in a HIPAA 835 format or an ERA that is a HIPAA 835 with invalid delimiters. If you continue to receive this error, contact your contractor.

Check with your network/PC administrator.

You need to have read/write access rights to the Medicare Remit Easy Print directory.

Import Exception Summary Window/Report

The Import Exception Summary window/report helps to identify duplicate files, file formats other than 835v5010 or HIPAA 835v4010A, non-compliant HIPAA 835-formatted files, and prevents the posting of “junk” files to the import folder. If any of the scenarios that are described above are encountered while attempting to import files to the MREP application, an Import Exception Summary dialog displays a list of invalid files by Payee and Check/EFT #, in addition to a brief description of the issue encountered.

You have the option of closing the window or printing the Import Exception Summary. If you choose to print the Import Exception Summary report, the window does not close automatically once the report prints. You need to close the window using the close button or “X-ing” out (top right corner of the Import Exception Summary window). The printing functionality for the Import Exception Summary report follows the existing printing functionality within MREP. Please note that if the window is closed prior to printing the report, the list of import error(s) is lost. To eliminate the need for file space management, a decision was made to not save the MREP Import Exception errors. To recreate the Import Exception Summary window, the files need to be imported again.

The Import Exception Summary window and report contains three columns of information.

- The first column of information is entitled “Payee”. Depending on what type of error is encountered during the import process, this field could contain data or spaces. The maximum number of bytes of data that can appear is 40.
- The second column of information is entitled “Check/EFT #”. Depending on what type of error is encountered during the import process, this field could contain data or spaces. The maximum number of bytes of data that can appear is 15.
- The third column of information is entitled “Reason”. Depending on what type of error that is encountered during the import process, there is the possibility of three different messages appearing.

Prior to the three columns of data, the Import Exception Summary window and report contains a heading with the title “File:”. The information following the “File:” heading is the location and name of the file that the attempt is being made to import into the MREP application.

When the Import Exception Summary report prints, the printed version contains an additional heading prior the “File:” heading. It is the first heading on the report. On the left side of the page, the heading displays “Import Exception Summary”. In the center of the page, the heading displays the date and time stamp when the summary report was printed. The format of the date is MM/DD/CCYY. Please note that the leading zero in the month and day do not appear – for example: 2/15/2006. The format of the time is HH:MM:SS XX (XX represents AM or PM). On the right side of the page, the heading displays the version of the MREP application that is being used (for example: Easy Print v1.7).

Working with MREP Remittance Advices

How to View a List of Claims for an MREP Remittance Advice

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon

The Medicare Remit Easy Print Claim List tab opens.

2. Select the Remittance Advice by clicking on it.

Medicare Remit Easy Print highlights the Remittance Advice and lists the associated claims below.

This is the Remittance Advice for this claim. You clicked Payee 1.

These are the claims for Payee 1

Select the Data View tab  or go to the View menu option and select Data View.

For more info, see *Making Sense of the Data View Tab*.

Search

Select the Search tab  or go to the View menu option and select Search. For more info, see *How to Search Payment Information*.

View the CARCs and RARCs for the Remittance Advice

Click the Codes button  at the bottom of the tab or type Alt + B + C. For more information, see *How to View the CARC and RARC Codes*.

How to Look up a CARC/RARC Code

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon

The Medicare Remit Easy Print Claim List tab opens.

1. On the menu Select Tools > Code Descriptions.

The Code Descriptions window opens.

How to Update (Import) the CARC/RARC Codes

At a minimum, the ANSI Claim Adjustment Reason Code (CARC) and Remittance Advice Remark Code (RARC) file requires an update three times a year. When the list of codes is updated per Washington Publishing Company, VIPS provides an updated file on the VIPS Assist website for the contractors and CMS provides a link to the updated file on the CMS website for the provider/supplier community. When the user finds it necessary to import this updated file into MREP, follow these instructions:

1. Access the list of the latest codes from the VIPS Assist or CMS website.
2. Save the list of latest codes so that they are easily accessible.

Note: The file name *must* be saved as Codes.ini in order for MREP to successfully find the code file.

3. Select “Import Code Descriptions” from the Tools menu.

A dialog window appears asking to confirm the code import.

To replace the existing CARC/RARCs, click Yes.

If you don't want to replace the existing CARC/RARCs, click No.

If you select the NO button, the dialog box disappears and no updates are made to MREP. If you select the YES button, a file dialog box appears.

4. Navigate to the folder or area where you saved the file under step 2. Select the Codes.ini file and then click the Open button.

Click the Open button.

5. After you press the Open button, a dialog displays confirming the code import was successful. Click, or select the OK button to close the dialog.

Click OK.

6. The latest list of CARC/RARCs exists in the MREP application. To verify that the latest version exists, select "Code Descriptions" from the Tools menu.

7. The Easy Print – Reason/Remark/Group Codes dialog box appears.

Note: The Easy Print – Reason/Remark/Group Codes dialog box includes the date of the latest version of the code list.

How to Print a List of Claims

1. View the list of claims.

For the steps to follow, see *How to View a List of Claims for an MREP Remittance Advice*.

2. Click the print button  at the bottom of the tab or type Alt + B + P.
The Print remit listing window opens.

3. Print the detail listing in one of the following ways:
 - A. From the Print remit listing window, click Print to print the detail without previewing it.

The Print dialog opens.

If you need to change the properties, click Properties and make changes as necessary.
Click OK. Medicare Remit Easy Print prints the detail at your default printer.

- B. From the Print remit listing window, click Preview to view a preview of the printed page before printing.

The Print Preview window opens.

Click printer button  at the top of the window.

Medicare Remit Easy Print prints the detail at your default printer.

At this point, you can:

View claim details

Click the Claim Detail tab 
or go to the View menu option and select Claim Detail
For more info, see *How to View the Detail for a Claim*.

Search

Click the Search tab 
or go to the View menu option and select Search
For more info, see *How to Search Payment Information*.

View a Summary for the Remittance Advice

Click the Summary tab 
or go to the View menu option and select Remit Summary
For more info, see *How to View the Total Amounts for a Remittance Advice*.

View the data that feeds the Remittance Advice

Click the Data View tab 
or go to the View menu option and select Data View
For more info, see *Making Sense of the Data View Tab*.

View the CARCs and RARCs for the Remittance Advice

Click the Glossary tab 
or go to the View menu option and select Glossary
For more info, see *How to View the CARC and RARC Codes*.

How to Print the Detail for a Claim

1. View the detail for the claim.

For the steps to follow, see *How to View the Detail for a Claim*.

2. Click the print button  at the bottom of the tab, or type Alt + B + P. The Print remit listing window opens.

3. Print the detail listing in one of the following ways:
 - A. Click Print to print the detail without previewing it.

The Print dialog opens.

If you need to change the properties, click Properties and make changes as necessary. Click OK. Medicare Remit Easy Print prints the detail at your default printer.

- B. Click Preview to view a preview of the printed page before printing.

The Print Preview window opens.

Click printer button  at the top of the window.

Medicare Remit Easy Print prints the detail at your default printer.

How to Print the Remittance Advice Summary

1. View the Remittance Advice Summary.

For the steps to follow, see *How to View the Total Amounts for a Remittance Advice*.

2. Click the print button  Print at the bottom of the tab, or type Alt + B + P.

The Print remit listing window opens.

3. Print the detail listing in one of the following ways:
 - A. Click Print to print the detail without previewing it.

The Print dialog opens.

If you need to change the properties, click Properties and make changes as necessary. Click OK. Medicare Remit Easy Print prints the detail at your default printer.

- B. Click Preview to view a preview of the printed page before printing.

The Print Preview window opens.

Click the printer button  at the top of the window.

Medicare Remit Easy Print prints the detail at your default printer.

Searching Payment Information

You can search by:

- HICN
- Bene Last Name
- ICN
- Bene Account Number
- Procedure code
- Service date (range of dates in the format MM/DD/YY, MM/DD, MM/YY, DD/YY, MM, DD, or YY; forward slashes are not required when entering a value in the 'Value to Find' field)
- Rendering Provider Number
- Adjusted Lines
- COB Claims
- Non-COB Claims
- Deductible/Coins Lines
- Coinsurance Lines
- Deductible Lines
- Other Adjustments
- Denied Lines
- NDC
- MSP Claims
- Non-MSP Claims

How to Search Payment Information

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon.

The Medicare Remit Easy Print Claim List tab opens.

Print Check All UnCheck All Data

Segment count >>206

12/6/2011

2. Click the Search button or the Search tab.

The Search tab opens.

The screenshot shows the Medicare Remit EasyPrint v3.2 application window. The interface includes a menu bar (File, Tab, View, Report, Search, Tools, Help), a toolbar with icons for Import, Report, Archive, Restore, Delete, Search, and Print List, and a data table with columns for Payer Name, Payee Name, Payee ID, Check Date, Check/EFT amounts, Claims, Check/EFT Number, Version, and Filen. Below the table is a search section with tabs for Claim List, Claim Detail, Remit Summary, and Data View. The Search tab is active, showing a search field, a value to find field, and search type options (Exact Match, Begins With, Contains). Annotations with lines pointing to specific elements include:

- Search tab:** Points to the Search tab in the search section.
- Use the drop-down list to select the field you want to search on.** Points to the drop-down menu in the search field.
- When applicable, enter the value to find.** Points to the text input field for the value to find.
- If available, select the radio button that corresponds with your entry in the Value to find field.** Points to the radio buttons for search type.

The bottom of the window features a status bar with buttons for Print Results and Claim Detail, and a date stamp of 12/6/2011.

3. Use the drop-down list to select a search field.

Hint:

You cannot use a wild card character in the search.

If applicable, enter the value to find. The Search tab includes three radio buttons for how the field should be searched (Exact Match, Begins With, or Contains).

To display the “searched” data, you must select one of the radio buttons before clicking the Search button. The Exact Match, Begins With, and Contains radio buttons are only available for the HICN, ICN, Bene Account Number, Bene Last Name, NDC, Procedure Code, and Rendering Provider fields.

If the Search: field is not one of these fields, the Exact Match, Begins With, and Contains radio buttons are not available.

Hint:

You can use a calendar date picker to select a service date.

If you select one of the Service Date formats from the drop-down menu, you can:

- Enter the date in the Value to find field
- Use the drop-down list only to access the Calendar picker for the MM/DD/YY format only. Use the left and right arrows to select the month, and then click on the date you want.

- Click the Search type to start the search.

Medicare Remit Easy Print returns all of the claim lines/info that match the search.

For example, imagine you needed to view all of Sally Doe's claims. If the remit contains any claim lines with the name Doe, the Search Tab listview is updated with those claim lines matching the criteria.

The search was for Sally Doe's claims.

Hint:

You can change the sort order by clicking a column heading.

Hint:

If you cannot see all the columns, use the horizontal scroll bar at the bottom of the screen.

The screenshot shows the Medicare Remit EasyPrint v3.2 application window. The menu bar includes File, Tab, View, Report, Search, Tools, and Help. The toolbar contains buttons for Import, Report, Archive, Restore, Delete, Search, and Print List. Below the toolbar is a table with columns: Payer Name, Payee Name, Payee ID, Check Date, Check/EFT, Claims, Check/EFT Number, Version, and Filene. The first row shows AREA INSURANCE, ACME PHYSICIANS INC., 12345678, 04/23/05, 481.71, EFT, 7, 12345, 005010X221A1, and AREA.

Below this table is a tabbed interface with tabs for Claim List, Claim Detail, Remit Summary, Data View, Search, and Glossary. The Search tab is active, showing a search bar with 'Bene Last Name' and a value of 'DOE'. The search type is set to 'Exact Match'. A search button is also present.

The search results are displayed in a table with the following columns: Name, ACNT, HICN, ICN, Product/Service ID, Service Date(s), POS, and Billed. The results list multiple claim lines for Sally Doe, with various service dates and billed amounts.

At the bottom of the window, there are buttons for Print Results and Claim Detail, and a status bar showing the date 12/6/2011.

Click the print button or type Alt + B + P to print this list of claims

Click the Claim Detail Tab or type Alt + B + C to display the details for these claims

Making Sense of the Claim List Tab

For the procedure to view the claim list, see *How to View a List of Claims for an MREP Remittance Advice*.

The claim list tab displays a summary of all of the claims found within the selected remittance:

Claim List
tab

Hint:

Click on a column heading to change the sort order.

Hint:

Key F1 displays a dialog containing the listview field names and values. This enables screen reading programs to read all the listview fields for a highlighted claim.

INFORMATION FOR THE CLAIM:

Note: Some fields described below do not appear in the above image.

First Line of Claim Line

NAME	This is the name of the beneficiary for whom the claim was processed.
HIC	This is the Health Insurance Claim (HIC) number of the beneficiary for whom the claim was processed.
ACNT	This is any internal number assigned to the claim by the provider.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

ICN	This is the Internal Control Number (ICN), the unique number assigned to the claim when it is received by the contractor.
ASG	This indicates whether or not the provider has accepted assignment for the claim.
MOA	This contains remark codes at the claim level.
REND-PROV	This is the performing provider ID number.
SERV-DATE	This is the date(s) of service.
POS	This is the two-digit Place of Service (POS) code. A list of POS codes is available here: http://www.cms.gov/manuals/downloads/clm104c26.pdf
PD-PROC	This is the HCPCS procedure code. A list of these codes is available here: https://www.cms.gov/CLIA/downloads/Subject.to.CLIA.pdf
MODS	These are all the modifiers billed with the procedure.
PD-NOS	This is the number of services rendered.
BILLED	This is the amount the provider billed for the service.
ALLOWED	This is the allowed amount for the service.
DEDUCT	This the amount of any deductible applied to the claim. This is the amount that the beneficiary (or other insurer, if applicable) is responsible for paying the provider.
COINS	This is the amount that the beneficiary (or other insurer, if applicable) is responsible for paying the provider.
PROV-PD	This is the amount the provider was paid for the service.
Second Line of Claim Line	
RARC	These are the Remark Codes at the line level.
SUB-NOS	This is the submitted number of services.
SUB-PROC	This is the submitted HCPCS procedure code.
GRP/CARC	These are any Group Codes and Claim Adjustment Reason Codes for the service line.
CARC-AMT	This is the amount of any adjustment made based on the Group and Claims Adjustment Reason Code.
ADJ-QTY	This is the quantity of units of service being adjusted.
CNTL #	This is the line item control number.
HCPI	This is the Healthcare Policy Identification number.

Totals

PT RESP This is the total amount that the beneficiary owes the provider for this claim.

CLAIM TOTALS This includes the totals for all service-line level amounts:
 BILLED
 ALLOWED
 DEDUCT
 COINS
 PROV-PD

ADJ TO TOTALS:

PREV PD This field is blank in Medicare Remit Easy Print.

INTEREST This is the interest amount paid for claims processing time.

LATE FILING CHARGE This is the late filing charge.

NET This is the amount that Medicare owes the provider for this claim.

CLAIM INFORMATION FORWARDED TO: This appears when the claim is being forwarded to a beneficiary's supplemental insurer.

CORRECTED PRIORITY PAYER INFO: This is the corrected priority payer name and/or id number.

OTHER CLAIM REL IDENTIFICATION: This is additional information relevant to the adjudication of the claim and a qualifier identifying the type of reference information.

GLOSSARY These are the Reason and Remark codes that are also shown on the Glossary tab.

Buttons

Print the claim detail. (type Alt + B + P)

Zoom in to make the size of the type larger. (type Alt + B + I)

Zoom out to make the size of the type smaller. (type Alt + B + O)

Reset the type to the original size. (type Alt + B + R)

Appears CARCs/RARCs and descriptions for the selected claims when checked. (type Alt + B + S)

Making Sense of the Remit Summary Tab

For the procedure to view the Remittance Advice detail, see *How to View the Total Amounts for a Remittance Advice*.

The Remit Summary Tab displays total dollar amounts, claim counts, and provider adjustment information if present in the selected remittance.

Remit Summary tab

Zoom out to make the size of the type smaller. (type Alt + B + O)

Reset the type to the original size. (type Alt + B + R)

Making Sense of the Data View Tab

For the procedure to view the data, see *How to View the Data in the Import File*.

The Data View Tab displays the remittance fields as they are stored internally in MREP. The data are stored in what are referred to as Segments. Each segment contains a varying number of elements or fields.

The screenshot shows the Medicare Remit EasyPrint v3.2 application window. The top menu bar includes File, Tab, View, Report, Search, Tools, and Help. Below the menu is a toolbar with icons for Import, Report, Archive, Restore, Delete, Search, and Print List. The main window is divided into several sections. The top section displays a table with remittance data:

Payer Name	Payee Name	Payee ID	Check Date	Check/EFT ...	Check/EFT ...	Claims	Check/EFT Number	Version	File
AREA INSURANCE	ACME PHYSICIANS INC.	12345678	04/23/05	481.71	EFT	7	12345	005010X221A1	AREA

Below this table is a tabbed interface with the following tabs: Claim List, Claim Detail, Remit Summary, Data View (selected), Search, and Glossary. The Data View tab displays a table with the following columns: Loop & Segment, Field ID, Description, and Value.

Loop & Segment	Field ID	Description	Value
HDRB : ST	01	Transaction Set Identifier Code	835
HDRB : BPR	02	Transaction Set Control Number	0001
HDRB : TRN			
HDRB : REF			
HDRB : REF			
HDRB : DTM			
1000A : N1			
1000A : N3			
1000A : N4			
1000A : REF			
1000A : PER			
1000B : N1			
1000B : N3			
1000B : N4			
1000B : REF			
2000 : LX			
2100 : CLP			
2100 : NM1			
2100 : NM1			
2100 : MOA			
2100 : DTM			
2110 : SVC			
2110 : DTM			
2110 : CAS			
2110 : REF			
2110 : REF			
2110 : AMT			
2110 : SVC			
2110 : DTM			
2110 : CAS			
2110 : REF			
2110 : REF			

At the bottom of the window, the status bar shows "Segment count >> 206" on the left and "12/6/2011" on the right.

The HIPAA 835v4010A1 and 835v5010 formats separate data into segments and loops. To understand how to read segments and loops, refer to the X12 835 Implementation Guides.

Making Sense of the Search Tab

For the procedure to view the data, see *How to Search Payment Information*.

The Search Tab displays a summarized list of claim information that matches the criteria of the user's search. The Name field's format is the beneficiary's Last Name, followed by a comma and then the First Name.

Payer Name	Payee Name	Payee ID	Check Date	Check/EFT ...	Check/EFT ...	Claims	Check/EFT Number	Version	Filene
AREA INSURANCE	ACME PHYSICIANS INC.	12345678	04/23/05	481.71	EFT	7	12345	005010X221A1	AREA

Working with Reports

Medicare Remit Easy Print provides 11 different reports, including:

- Denied Service Lines
- Adjusted Service Lines
- Deductible Service Lines
- Coinsurance Service Lines
- Deductible/Coinsurance Service Lines
- COB Claims Report
- Non-COB Claims Report
- MSP Claims Report
- Non-MSP Claims Report
- Other Adjustment Report
- Entire Remittance

Making Sense of the Denied Service Lines Report

This report displays claim service lines that have an allowed amount equal to zero *and* are associated with a claim that does NOT have a claim status 22 (reversed claim). The report includes only the lines on the claim that meet these criteria.

Denied Service Line(s) Report											
Generated: 9/22/2009 9:26:34 AM

Making Sense of the COB Claims Report

This report shows those claims on the HIPAA 835v4010A1 or 835v5010 file that were crossed over. The requirement for crossover claims to print on the report is that the 2100 loop, CLP02 data field must contain one of the following values:

- 19 Processed as Primary, Forwarded to Additional Payer(s)
- 20 Processed as Secondary, Forwarded to Additional Payer(s)
- 21 Processed as Tertiary, Forward to Additional Payer(s)

2. Select COB/Non-COB Claims.

3. Select Non-COB Claims.

The Print and Export options appear.

4. Select Print.

The Print denied line report window opens.

5. Print the detail listing in one of the following ways:

- A. From the Print denied line report window, click Print to print the detail without previewing it.

The Print dialog opens, for example:

If you need to change the properties, click Properties and make changes as necessary. Click OK. Medicare Remit Easy Print prints the detail at your default printer.

- B. From the Print denied line report window, click Preview to view a preview of the printed page before printing.

The Print Preview window opens.

Click printer button  at the top of the window.

Medicare Remit Easy Print prints the detail at your default printer.

How to Export the Non-COB Claims Report

You export the report in .csv (comma separated values) format.

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon. 

The Medicare Remit Easy Print Claim List tab opens.

2. Click the down arrow on the Report button.

The Report List appears.

3. Select COB/Non-COB Claims.

4. Select Non-COB Claims.

The Print and Export options appear.

5. Select Export.

The Export folder window opens.

Hint:

When you export, the default folder is the ReportExport folder in the Medicare Remit Easy Print directory. You can select another location using the Save in drop-down list.

6. Enter the file name.
7. Click the Save button.

How to Print the MSP Claims Report

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon. 

The Medicare Remit Easy Print Claim List tab opens.

The Print Preview window opens.

Click printer button  at the top of the window.

Medicare Remit Easy Print prints the detail at your default printer.

Housekeeping for the Import Files

Housekeeping includes:

- Archiving files
- Restoring files
- Deleting files

Archiving Import Files

Medicare Remit Easy Print does NOT automatically archive any Import file, and Import files can slow down the processing time of the PC.

Therefore, Medicare Remit Easy Print lets you archive Import files. The location you choose for the archive must have adequate security to protect PHI.

How to Archive Import files

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon

The Medicare Remit Easy Print Claim List tab opens.

- On the top of the window, select the file that you want to archive and click the Archive button.

The Archive Imported Files window opens.

Pathname for the Archive folder

Hint:

You can use the Browse button to specify another location for the archived file.

3. Select the file(s) you want to archive by checking the box(es).

This activates the Archive button.

4. Click the Archive button.

Medicare Remit Easy Print moves the file to the Archive folder.

Hint:

When you need to archive all the payers in the list, you can place a checkmark in the Check All box to archive all the claim files.

When you check that option a checkmark is placed in front of all claims in the list.

Restoring Import files

You can restore an Import file after you have archived it.

For information about archiving Import files, see *Archiving Import Files*.

How to Restore Import files

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon

The Medicare Remit Easy Print Claim List tab opens.

2. On the top of the window, click the Restore button.

© 2005 ViPS®, a General Dynamics IT Company. All Rights Reserved.

This document contains GDIT confidential and proprietary information, which shall not be used, disclosed, or reproduced for any purpose other than the conduct of GDIT business affairs.

The Restore Imported Files window opens.

3. Select the file(s) you want to restore by checking the box(es).

This activates the Restore button.

4. Click the Restore button.

Medicare Remit Easy Print moves the file from the Archive folder to the Import folder.

The file is now available for viewing on your C drive at C:\Program Files\Medicare Remit EasyPrint\Import.

Deleting Import files

If you delete an Import file by mistake, you must re-import the HIPAA 835 file. You cannot restore the Import file.

How to Delete a Import file

1. Open Medicare Remit Easy Print by double-clicking the Medicare Remit Easy Print icon.

The Medicare Remit Easy Print Claim List tab opens.

2. On the top of the window, click the Delete button.

Hint:

To delete all the claim files on the list, place a checkmark in the Check All box. When you check that box checkmark is placed in front of all the claims in the list.

The Delete selected import file(s) window opens.

3. Select the file(s) you want to delete by checking the box(es).

This activates the Delete button.

4. Click the Delete button.

Medicare Remit Easy Print deletes the file(s).

Using Keystroke Shortcuts

You can use a series of keystrokes to complete a number of tasks.

To Do This...	Use This Combination...
Import a HIPAA 835 file	Alt + F + I
View a list of claims	Alt + V + L
View claim detail	Alt + V + D

Appendix B: Abbreviation and Acronym Glossary

The following two column table provides the abbreviations or acronym values in the first column, and the second column contains the descriptions.

Abbreviation or Acronym Value	Description
ACNT	Account
ADJ	Adjustment
ADJ-QTY	Adjustment Quantity
Adjst	Adjustment
AMT	Amount
ASG	Assignment of claim
Bene	Beneficiary
CARC	Claim Adjustment Reason Code
CARC-AMT	Claim Adjustment Reason Code Amount
CNTL#	Control Number
COB	Coordination of Benefits
COIN	Coinsurance
Coins	Coinsurance
Deduct	Deductible
DMERC	Durable Medical Equipment Resource Center
ERA	Electronic Remittance Advice
EFT	Electronic Funds Transfer
GRP/CARC	Group and Claim Adjustment Reason Codes
HCPCS	Health Care Procedure Codes
HCPI	Health Care Policy Information
HIC	Health Insurance Claim Number
HICN	Health Insurance Claim Number
HIPAA	Health Insurance Portability and Accountability Act
ID	Identifier
ICN	Internal Control Number

Abbreviation or Acronym Value	Description
MOA	Medicare Outpatient Adjudication
MODS	Modifiers
MREP	Medicare Remit Easy Print
MSP	Medicare Secondary Payer
NDC	National Drug Code
NPI	National Provider Identifier
NOS	Number of Services
Orig	Original
PD-NOS	Number of Services – Paid
PD-PROC	Procedure Code – Paid
PHI	Personal Health Information
POS	Place of Service
PREV PD	Previous Paid
PROC	Procedure Code
PROV	Provider
PROV-PD	Provider Paid
PT RESP	Patient Responsibility
RARC	Remittance Advice Remark Code
Remit	Remittance Advice
REND-PROV	Rendering Provider
SERV-DATE	Service Dates
SPR	Standard Paper Remittance advice
SUB-NOS	Submitted Number of Services
SUB-PROC	Submitted HCPCS Procedure Code
Zip	ZIP Code
