**Subject:** Model of Care Technical Assistance Call

On April 16, 2018, CMS expects to release deficiency notices to Special Needs Plans (SNPs) that failed to achieve a passing(?) score of 70% or above on their contract year (CY) 2019 Model of Care (MOC).

**SNPs that received a deficiency notice, must submit a revised MOC, curing their deficiencies by April 26, 2018.**

To assist SNPs in this process, CMS will hold a technical assistance call on Thursday, April 19, 2018, to answer questions about the MOC elements and provide guidance in improving MOC scores.
