SUBJECT: Second Round of HPMS Crosswalk Exceptions for Contract Year (CY) 2019

CMS announces that organizations have an additional opportunity to request an HPMS crosswalk exception for CY 2019. Organizations are strongly encouraged to carefully review all of their CY 2018 to CY 2019 crosswalks and make additional submissions or modify previously submitted exceptions. This is the final opportunity for organizations to add to or modify crosswalk exceptions.

Organizations may submit additional crosswalks and modify existing exception requests in HPMS from **Monday, July 9, 2018 through Wednesday, July 11, 2018 at 5:00 p.m. ET.** Requests may only be submitted via HPMS.

Organizations may make requests for the following reasons only:

- 1) The organization did not submit a crosswalk exception during the first crosswalk exception window. The permitted crosswalk exceptions are outlined the May 9, 2018 HPMS crosswalk exceptions memorandum, entitled "Process for Requesting an HPMS Crosswalk Exception for Contract Year (CY) 2019." Additional information may be found in Chapters 4, 16a and 16b of the Medicare Managed Care Manual.
- 2) The organization needs to modify its crosswalk or consolidate plans, as a result of bid review and subsequent negotiations. (NOTE: Organizations should select "Other" as the Crosswalk Exception Request Type in HPMS.)

- 3) The organization has a CY 2018 plan marked as “terminated” in the HPMS plan crosswalk that should be consolidated with a CY 2019 plan. (NOTE: Users should select “Other” as the Crosswalk Exception Request Type in HPMS.)

To access the crosswalk exception functionality, organizations should use the following navigation path: HPMS > Plan Bids > Bid Submission > Contract Year 2019 > Upload > Plan Crosswalk Exceptions.

Note: Organizations that are further consolidating plans for CY 2019 must contact their CMS desk reviewer to open the bid submission gates. Organizations should then delete the plan that will not exist for CY 2019 in HPMS. To delete the plan, organizations should use the following HPMS navigation: HPMS > Plan Bids > Bid Submission > Contract Year 2019 > Manage Plans > Set-up Plans > Select Contract Number > Select Plan > Select the Action “Delete a Plan.”

After the second crosswalk exception request deadline has passed, CMS will review all submitted requests and determine if the crosswalk exception requests are permissible. Organizations will be notified when the crosswalks have been reviewed and processed in HPMS. Organizations may then view the HPMS Plan Crosswalk Report located at: HPMS > Contract Management > Contract Reports > 2019 > Plan Crosswalk Report.

If the requested crosswalk exception requests are approved, CMS will either:

- 1) Complete the crosswalk on behalf of the organization. Once the crosswalk is completed by CMS, the requested crosswalk exception will be noted in the organization’s crosswalk report, including the date that the crosswalk was processed by CMS; or
- 2) Notify the organization that it is permitted to submit the MARx enrollment transactions to move the impacted enrollees to the appropriate plan. Once permission has been granted, a new table will be visible at the end of the plan crosswalk report noting that the organizations may submit the MARx transactions to move the enrollees.

For questions regarding this memo, please submit your inquiry to the DMAO portal at: <https://dmao.lmi.org>. Please select the Medicare Advantage tab and submit your inquiry under the “Crosswalks” category.
