Subject: CY 2019 Formulary Training Video

As noted in the March 27, 2018 Health Plan Management System (HPMS) memorandum titled CY 2019 Formulary Submission Information, CMS has created a video training tool that demonstrates the HPMS formulary submission process for plan users. The training video is now available on the CMS YouTube channel at the following link: <https://youtu.be/bao3QZ9UtHQ>. We encourage staff that will be responsible for submitting plan formularies to view this video prior to the Part C & D User Call scheduled for 3:30 p.m. EDT on Wednesday, April 18, 2018. For questions regarding this training video, please contact PartDFormularies@cms.hhs.gov.
