## Introduction

All Medicare Advantage-Prescription Drug (MA-PD) plan sponsor requirements in the Contract Year (CY) 2019 Medicare Communications and Marketing Guidelines (MCMG), posted at <http://www.cms.gov/Medicare/Health-Plans/ManagedCareMarketing/FinalPartCMarketingGuidelines.html>, apply to Medicare-Medicaid plans (MMPs) participating in the Ohio capitated financial alignment model demonstration, except as noted or modified in this guidance document.<sup>1</sup>

This guidance document provides information only about those sections of the MCMG that are not applicable or that are different for MMPs in Ohio; therefore, this guidance document should be considered an addendum to the CY 2019 MCMG. This MMP guidance is applicable to all marketing done for CY 2019 benefits.

## Use of Independent Agents and Brokers

We clarify that all requirements applicable to independent agents/brokers throughout the MCMG are inapplicable to MMPs in Ohio because the use of independent agents/brokers is not permitted and all MMP enrollment transactions must be processed by Ohio's enrollment broker.

## Compliance with Section 1557 of the Affordable Care Act of 2010

MMPs are subject to the disclosure requirements under Section 1557 of the Affordable Care Act. For more information, MMPs should refer to <https://www.hhs.gov/civil-rights/for-individuals/section-1557/>.

## Formulary and Formulary Change Notice Requirements

Ohio MMPs should refer to the November 1, 2018, HPMS guidance memorandum, "Part D Communication Materials," for guidance on formulary and formulary change notice requirements. As noted in that memorandum, additional updates to reflect changes related to 42 CFR § 423.120(b)(5) regarding notice of mid-year formulary changes and changes to the definition of an approved month's supply, will be incorporated into the Medicare Prescription Drug Benefit Manual in a future release. In addition, we note that Ohio MMPs are required to adhere to all new regulatory provisions and requirements.

The requirements of the November 1, 2018, HPMS guidance memorandum apply with the following modifications:

- Formulary change notices must be sent for any negative formulary change (as described in section 30.3.3, "Midyear Formulary Changes," and section 30.3.4, "Provision of Notice Regarding Formulary Changes," of Chapter 6 of the Prescription Drug Benefit Manual), regardless of whether or not the negative formulary change applies to an item covered under Medicare or Medicaid, or as an additional drug benefit under the plan.
- Formulary change notices applicable to all formulary changes (not just Part D drug changes) must be maintained on Ohio MMP websites.

---

<sup>1</sup> Note that any requirements for Special Needs Plans (SNPs), Private Fee-for-Service (PFFS) plans, Preferred Provider Organizations (PPOs), and Section 1876 Cost-Based Plans (cost plans) in the MCMG do not apply unless specifically noted in this guidance.

## **Additional Guidance for Ohio MMPs**

The following are additional Ohio MMP-specific modifications to the MCMG for CY 2019 beyond those that modify the MCMG:

- We clarify that organizations offering both MMPs and non-MMP Medicare health plan options in a service area may only market MMP offerings in their MMP materials.

## **Section 20 - Communications and Marketing Definitions**

MMPs are subject to marketing and beneficiary communications applicable to Medicare Advantage plans in 42 CFR Parts 422 and 423, as well as those applicable to Medicaid managed care organizations in 42 CFR Part 438. CMS has developed a joint review process for MMP beneficiary materials under each Financial Alignment Initiative capitated model demonstration that combines state and CMS review requirements and parameters. Given these differences, CMS will continue to consider all CY 2019 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F.<sup>2</sup> As a result, this section of the MCMG and its subsections do not apply to MMPs. We provide additional detail about materials subject to HPMS submission in the guidance related to section 90.1.1 of the MCMG in this document. In addition, for any other references to communications throughout the MCMG, the previous definition of marketing materials will apply.

## **Section 30.2 - Standardization of Plan Name Type**

As is the case for other Medicare health plans, MMPs are required to include the plan type in each plan's name using standard terminology consistent with the guidance provided in this section. CMS created the standardized plan type label "Medicare-Medicaid Plan" to refer generically to all plans participating in a capitated financial alignment model demonstration. MMPs must use the "Medicare-Medicaid Plan" plan type terminology following their plan name at least once on the front page or beginning of each marketing piece, excluding envelopes, consistent with the requirements of section 30.2 of the MCMG. Ohio also refers to MMPs as Medicare-Medicaid Plans and provides additional information about branding for the demonstration in the three-way contract. Thus, we clarify that MMPs must use the CMS standardized plan type – <plan name, including "MyCare Ohio"> (Medicare-Medicaid Plan) – once in their materials.

We also clarify that MMPs in Ohio that offer Medicare Advantage products in the same service area as their MMPs may not use the same plan marketing name for both those products. Thus, for example, an organization offering both a SNP and an MMP in the same service area could not use the same name – e.g., Acme Duals Care (HMO SNP) – for its SNP product as for its MMP product – e.g., Acme Duals Care (Medicare-Medicaid Plan).

<sup>2</sup>"Contract Year 2019 Policy and Technical Changes to the Medicare Advantage, Medicare Cost Plan, Medicare Fee-for-Service, the Medicare Prescription Drug Benefit Programs, and the PACE program," which may be found in the Federal Register published April 16, 2018 (see <https://www.federalregister.gov/documents/2018/04/16/2018-07179/medicare-program-contract-year-2019-policy-and-technical-changes-to-the-medicare-advantage-medicare>).

### **Section 30.3 - Non-English Speaking Population**

To the extent that Ohio's standard for translation of marketing materials into non-English languages is more stringent than the standard articulated in this section of the MCMG, the Ohio standard will supersede that standard. The Ohio translation standard – which requires translation of materials into “prevalent languages” (i.e., Spanish and any language that is the primary language of five (5) percent or more of households of Medicaid managed care enrollees in the plan's service area) – typically exceeds the Medicare standard for translation in Ohio MMP service areas. Guidance regarding translation requirements for all plans, including MMPs, is released annually via HPMS each fall. Required languages for translation for MMPs are also updated annually, as needed, in the HPMS Marketing Module.

We expect the Ohio standard for translation will likely be the more stringent (and, therefore, applicable) standard for Ohio MMPs for CY 2019. CMS and the state have designated materials that are vital and therefore must be translated into the non-English languages specified in this section.<sup>3</sup> This information is located in section 100.4 of this document.

MMPs must have a process for ensuring that enrollees can make a standing request to receive the materials identified in this section, in alternate formats and in all non-English languages identified in this section and in the HPMS Marketing Module, at the time of request and on an ongoing basis thereafter.

For additional information regarding notice and tagline requirements, please refer to Appendix A and Appendix B to Part 92 of Section 1557 of the Patient Protection and Affordable Care Act.

### **Section 30.4 - Hours of Operation Requirements for Materials**

In addition to the requirements of this section, MMPs must also provide the phone and TTY/TDD numbers and days and hours of operation information for Ohio's enrollment broker at least once in any marketing materials that are provided prior to the time of enrollment and where a customer service number is provided for current and prospective enrollees to call. The Ohio Medicaid Consumer Hotline (1-800-324-8680, [www.ohiomh.com](http://www.ohiomh.com)) operates from 7 a.m. to 8 p.m. ET Monday through Friday and 8 a.m. to 5 p.m. ET on Saturday.

### **Section 30.6 - Electronic Communication Policy**

We clarify that MMPs are permitted to initiate electronic communications with current enrollees **only**. MMPs that initiate electronic communications with current enrollees must follow the guidance in section 30.6 of the MCMG. In addition to the other requirements of this section, MMPs must include a disclaimer regarding messaging rates in electronic communications.

---

<sup>3</sup> CMS makes available Spanish translations of the Ohio MMP SB, formulary (List of Covered Drugs), Provider and Pharmacy Directory, and ANOC/EOC (Member Handbook). These are posted at <https://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/MMPInformationandGuidance/MMPMarketingInformationandResources.html>. CMS makes available a Spanish and Chinese translation of the Part D transition letter to all Medicare health plans at <https://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovContra/Part-D-Model-Marketing-Materials.html>.

## **Section 40.2 - Marketing Through Unsolicited Contacts**

Section 40.2 of the MCMG provides examples of unsolicited direct contact with current and prospective enrollees. We reiterate that marketing via conventional mail and other print media (e.g., advertisements, direct mail) is not considered unsolicited contact and, therefore, is permissible.

We also clarify, both here and in section 30.6 of this guidance, that MMPs may not make unsolicited direct contact with prospective enrollees using electronic communications (e.g., email). In addition to the requirements of section 40.2 of the MCMG, MMPs conducting permitted unsolicited marketing activities, such as conventional mail and other print media, are required to include the following disclaimer on all materials used for that purpose:

“For information on <plan name> and other options for your health care, call the Ohio Medicaid Hotline at 1-800-324-8680 (voice) or 1-800-292-3572 (TTY), or visit <http://www.ohiomh.com/>.”

For purposes of this section, enrollment materials sent to passively enrolled individuals are not considered marketing through unsolicited contact.

## **Section 40.3 - Marketing Through Telephonic Contact**

The requirements of section 40.3 of the MCMG apply with the following clarifications and modifications:

- MMPs may not call current MMP enrollees to promote other Medicare plan types. Information about other Medicare plan types can only be provided at the proactive request of a current MMP enrollee.
- Consistent with section 40.3 of the MCMG, calls made by MMPs to current members (including those enrolled in other product lines) are not considered unsolicited direct contact and, therefore, are permissible. Organizations offering non-MMP and MMP products may call their current non-MMP enrollees (e.g., those in Medicaid managed care products), including individuals who have previously opted out of passive enrollment into an MMP, to promote their MMP offerings.
- Plans may use reasonable efforts to contact current non-MMP enrollees who are eligible for MMP enrollment to provide information about their MMP products. Callers with questions about other Medicare program options should be warm transferred to 1-800-MEDICARE or to the State Health Insurance Assistance Program for information and assistance.

## **Section 40.6 - Marketing Star Ratings**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs will not be subject to the Star Ratings requirements in the MCMG. Therefore, this section does not apply to MMPs.

### **Section 40.6.1 - Marketing Plans/Part D Sponsors with an Overall 5-Star Rating**

Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs will not be subject to the Star Ratings requirements in the MCMG. Therefore, this section does not apply to MMPs.

### **Section 40.8 - Marketing of Rewards and Incentives Programs**

MMPs may market rewards and incentives to current enrollees, as provided in section 40.8 of the MCMG. Any rewards and incentives programs must be consistent with section 100 of Chapter 4 of the Medicare Managed Care Manual.

### **Section 50.1 - Educational Events**

In addition to the guidance in this section, we note that, as provided under the three-way contract, the state may request that Ohio MMPs provide current schedules of all educational events conducted for current or prospective enrollees.

### **Section 50.3 - Personal/Individual Marketing Appointments**

Since Ohio MMPs are not allowed to market directly to individual potential enrollees, the requirements of this section of the MCMG do not apply.

### **Section 60.1 - Provider-Initiated Activities**

We clarify that Ohio MMPs may not allow contracted providers to answer questions or discuss the merits of a plan or plans, including cost sharing and benefit information. In addition, we clarify that the guidance in this section about referring patients to other sources of information such as the “State Medicaid office” also applies to materials produced and/or distributed by Ohio’s enrollment broker. The remainder of section 60.1 of the MCMG applies to Ohio MMPs.

### **Section 60.4.1 - Special Guidance for Institutional Special Needs Plans (I-SNPs) Serving Long-Term Care Facility Residents**

The flexibility provided in the second paragraph of this section for Plans/Part D sponsors to provide contracted long-term care facilities with materials for inclusion with admission packets that announce the Plan/Part D sponsor’s contractual relationship is also applicable to MMPs. This flexibility is also applicable to staff in chronic and psychiatric hospitals for MMP-eligible individuals, post-stabilization.

### **Section 70.1.2 - Documents to be Posted on Website**

The requirements of this section apply with the following modifications:

- MMPs are not required to post the LIS Premium Summary Chart as this document is not applicable to MMPs.
- Because MMCO is in the process of developing a Star Ratings system for MMP performance, MMPs are not subject to the Star Ratings requirements in the MCMG.

Therefore, MMPs will not be required to post a CMS Star Ratings document on their websites.

### **Section 70.1.3 - Required Content**

In addition to the requirements outlined in this section, MMPs must also include on their websites a direct link to the following website: <http://www.ohiomh.com/>. MMPs must also include information on the potential for contract termination (as required under 42 CFR 422.111(f)(4)), and information that materials are published in alternate formats (e.g., large print, braille, audio).

### **Section 80.2 - Customer Service Call Center Hours of Operations**

We clarify that MMPs must operate a toll-free call center for both current and prospective enrollees seven (7) days a week, at least from 8:00 a.m. to 8:00 p.m. ET, except as provided below. Customer service call center hours and days must be the same for all individuals regardless of whether they speak English, a non-English language, or use assistive devices for communication. During this time period, current and prospective enrollees must be able to speak with a live customer service representative. MMPs may use alternative technologies on Saturdays, Sundays, and Federal holidays in lieu of having live customer service representatives. For example, an MMP may use an interactive voice response (IVR) system or similar technologies to provide the required information listed in section 80.1 of the MCMG, and/or allow a beneficiary to leave a message in a voice mail box. A customer service representative must then return the call in a timely manner, no more than one business day later. All other guidance in section 80.2 of the MCMG applies to MMPs.

### **Section 80.3 - Informational Scripts**

We clarify that informational calls to plan call centers that become enrollment calls at the proactive request of the beneficiary must be transferred to Ohio's enrollment broker. Plan customer service staff must remain on the telephone with the beneficiary until the transfer is complete. We also clarify that MMPs may not ask callers if they would like to receive information about other Medicare lines of business they offer. Such information may only be provided at the proactive request of a member.

MMPs should refer to section 80.7 of this guidance, as well as section 80.7 of the MCMG, for clarification of the types of activities conducted by a plan customer service representative that do not require the use of State-licensed marketing representatives. MMPs must use a State-licensed (and, when required, appointed) marketing agent for any activity that meets the definition of marketing in section 20 of this guidance.

### **Section 80.4 - Telesales and Enrollment Scripts**

This section does not apply to MMPs because all enrollments into MMPs will be submitted by Ohio's enrollment broker. Therefore, all enrollment requests must be transferred to Ohio's enrollment broker.

## **Section 80.7 - Activities That Do Not Require the Use of State-Licensed Marketing Representatives**

Consistent with section 80.7 of the MCMG, we clarify that in order to provide more than factual information, MMP outbound callers must be State-licensed (and, when required, appointed) marketing agents. The MMP must use State-licensed (and, when required, appointed) marketing agents for any activity that meets the definition of marketing in section 20 of this guidance.

## **Section 90 - Tracking, Submission, and Review Process**

Any references in this section of the MCMG, and in all subsections thereunder, to CMS in its role in reviewing marketing materials are also references to the State for purposes of MMP marketing material review.

### **Section 90.1 - Material Identification**

The second paragraph of this section of the MCMG is modified as follows for MMPs:

The material ID is made up of two parts: (1) MMP contract number, (i.e., H number) followed by an underscore; and (2) any series of alpha numeric characters chosen at the discretion of the MMP. Use of the material ID on marketing materials must be immediately followed by the status of either approved or accepted (e.g., H1234\_drugx38 Approved). Please note that MMPs should include an approved status only after the material is approved and not when submitting the material for review.

The remainder of section 90.1 of the MCMG applies to MMPs, including the requirement that non-English and alternate format materials based on previously created materials may have the same material ID as the material on which they are based.

#### **Section 90.1.1 - Materials Subject to Submission**

CMS has developed a joint review process for MMP beneficiary materials under each Financial Alignment Initiative capitated model demonstration that combines state and CMS review requirements and parameters. Given these differences, CMS will continue to consider all CY 2019 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F in CY 2019.<sup>4</sup>

### **Section 90.3 - Submission of Non-English and Alternate Format Materials**

The requirements of this section apply without modification. We note, however, that MMPs should use state-specific MMP errata codes. For more information about errata codes, MMPs should consult the Marketing Code Look-up functionality in the HPMS marketing module.

<sup>4</sup> “Contract Year 2019 Policy and Technical Changes to the Medicare Advantage, Medicare Cost Plan, Medicare Fee-for-Service, the Medicare Prescription Drug Benefit Programs, and the PACE program,” which may be found in the Federal Register published April 16, 2018 (see <https://www.federalregister.gov/documents/2018/04/16/2018-07179/medicare-program-contract-year-2019-policy-and-technical-changes-to-the-medicare-advantage-medicare>).

## **Section 90.4 - Submission of Websites and Webpages for Review**

The requirements of this section apply without modification. We note, however, that MMPs should use state-specific MMP website codes. For more information about website codes, MMPs should consult the Marketing Code Look up functionality in the HPMS marketing module.

## **Section 90.5 - Submission of Multi-Plan Materials**

This section does not apply to MMPs.

## **Section 90.6 - Status of HPMS Material**

We clarify that, for purposes of MMP materials, there is no “deeming” of materials requiring either a dual review by CMS and the State or a one-sided State review, and materials remain in a “pending” status until the State and CMS reviewer dispositions match. Materials that require a CMS-only review deem after the respective 10- or 45-day review period. MMPs may obtain more information about the specific review parameters and timeframes for marketing materials under the Ohio capitated financial alignment model demonstration in the Marketing Code Look-up functionality in the HPMS marketing module. In addition, we note that the “non-marketing” status is not available for joint review process (JRP) marketing codes in HPMS for CY 2019. All other guidance in this section of the MCMG applies.

## **Section 90.8 - File & Use Process**

We clarify that the File & Use certification process for MMPs is included in the three-way contract. All other guidance in section 90.8 of the MCMG applies.

## **Section 100 - Required Materials**

We clarify that CMS will continue to consider all CY 2019 MMP materials to be marketing materials as defined prior to the implementation of CMS-4182-F.<sup>5</sup> As a result all marketing materials must be submitted in HPMS. All other portions of this section apply to MMPs.

## **Section 100.4 - List of Required Materials**

This section is replaced with the following revised guidance:

### **Section 100.4 - List of Required Materials**

42 CFR Parts 417, 422, 423, 438

### **Model Materials**

We note that materials MMPs create should take into account the reading level requirements established in the three-way contract. Available model materials reflect acceptable reading levels. Current Part D models are acceptable for use as currently

provided, and MMPs must add required disclaimers in Appendix 2 of this guidance and Appendix 2 of the MCMG, as appropriate. Adding required MMP disclaimers to Part D models does not render the documents non-model when submitted for review or accepted as File & Use materials.

We refer MMPs to the following available model materials:

- MMP-specific model materials tailored to MMPs in Ohio, including an Annual Notice of Change (ANOC), Summary of Benefits (SB), Evidence of Coverage (EOC) (Member Handbook), comprehensive integrated formulary (List of Covered Drugs), combined provider/pharmacy directory (Provider and Pharmacy Directory), single Member ID Card, integrated denial notice, notice of appeals decision, and welcome letters and other plan-delegated enrollment notices: <https://www.cms.gov/Medicare-Medicaid-Coordination/Medicare-and-Medicaid-Coordination/Medicare-Medicaid-Coordination-Office/FinancialAlignmentInitiative/MMPInformationandGuidance/MMPMarketingInformationandResources.html>.

## Required Materials and Instructions for MMPs

Below is a list of required materials for Ohio MMPs. In addition, we provide high-level information for each material. Guidance (as noted) should be reviewed as applicable. Additionally, MMPs should consult the HPMS Marketing Code Look-up functionality for specific codes and instructions for uploading required materials.

## Section 110 - Agent/Broker Activities, Oversight, and Compensation Requirements

The provisions in this section of the MCMG and all its subsections applicable to independent agents/brokers do not apply to MMPs since the use of independent agents/brokers is not permitted. All MMP enrollments will be processed by Ohio's enrollment broker. We clarify that CMS does not regulate compensation of employed agents.

We also clarify that MMP staff conducting marketing activity of any kind – as defined in section 20 of this guidance – must be licensed in the State (and, when required, appointed) as an insurance broker/agent.

<sup>6</sup> We clarify that this group of enrollees who opt in includes individuals who are eligible for passive enrollment but select a different MMP or initiate an earlier enrollment date than their passive enrollment effective date. MMPs should refer to the date of the Daily Transaction Reply Report (DTRR) that has the notification to identify the start of the ten (10) calendar-day timeframe.
