Subject: Redesigned "Information and Guidance for Plans" Web Page for Medicare-Medicaid Plans

In an effort to make information easily and readily accessible, the Medicare-Medicaid Coordination Office (MMCO) recently redesigned the "Information and Guidance for Plans" web page for Medicare-Medicaid Plans (MMPs) participating in the Financial Alignment Initiative capitated model demonstrations. During this refresh, several of the URL addresses were changed. Users with bookmarks to the old URL will find instructions directing them to the new web page. The redesigned web page remains comprehensive but is now much more user-friendly with new sub-pages for the following areas:

- Application & Annual Requirements
- Reporting Requirements
- Audit Programs
- Enrollment
- Encounter Data Reporting
- Marketing Information & Resources
- Quality Withhold Methodology & Technical Notes
- Chronic Care Improvement Programs & Quality Improvement Projects
