Date: April 30, 2018

Subject: CGDP Preliminary Labeler Code Changes for Calendar Year 2019

This is to inform Part D Sponsors of the anticipated labeler code changes covered under the Coverage Gap Discount Program (CGDP) for the 2019 calendar year (CY). For CY 2018, plan sponsors should continue to rely on the monthly labeler code files that can be found here: <https://www.cms.gov/Medicare/Prescription-Drug-Coverage/PrescriptionDrugCovGenIn/Pharma.html>

The following labeler code changes are currently scheduled to be in effect on January 1, 2019:

Deletions:

Additions:

25208 Medicure International
57841 RedHill Biopharma, Inc.
65628 CutisPharma inc
70709 Cycle Pharma
71045 Achaogen
71526 Versartis, Inc.
71565 Clearside Biomedical, Inc.
71571 Kala Pharmaceutical Inc.
71699 SK Life Science, Inc.
72028 Harmony Biosciences, LLC
72093 Ablynx, Inc.

Please note the anticipated changes listed above are dynamic and can change prior to the beginning of CY 2019. Currently there are no labeler codes pending deletion, and additional labeler codes may be added prior to the beginning of the calendar year. In addition, these preliminary changes should be considered when Part D Sponsors are preparing to submit their proposed formularies to CMS.

CMS will update this list again in August 2018. If there are any questions about this memo please contact CGDP&manufacturers@cms.hhs.gov.
