Date: October 01, 2019

Subject: Correction to the August 22, 2019 HPMS memo titled, “Re-Determination of Part D Low-Income Subsidy Eligibility for 2020

This email is to correct the August 22, 2019 HPMS memo, titled “Re-Determination of Part D Low-Income Subsidy Eligibility for 2020,” which instructed plans offering Part D to submit outbound scripts and model notices under codes 6017 (Other Scripts) and 10001 (LIS Letters).

Please note that these codes have been retired (see August 5, 2019 HPMS memo, titled “HPMS Marketing Module Updates”). Plans should not submit outbound scripts and model notices related to loss of LIS status in HPMS.
