

Medicare Advantage and Prescription Drug Plans Enrollment and Payment Conference

Enrollment and Payment Process/Systems

Mary Sincavage

Director

*Division of Medicare Advantage and
Payment Systems*

Medicare Advantage Prescription Drug Plans
August 30 – September 1, 2005

Introduction

CMS Systems that support enrollment & payment processing:

- Medicare Beneficiary Database (MBD)
 - CMS central beneficiary database
 - Eligibility verification
- Medicare Advantage Prescription Drug System (MARx)
 - Processes Beneficiary Enrollment in MA, MA-PD, PDP, Cost, HCPP, PACE, various Demonstrations, etc.
 - Calculates late enrollment penalty, and low-income subsidy
 - Calculates beneficiary-level payments to Plans

Introduction (continued)

- Premium Withhold System (PWS)
 - Provides enrollment and premium data to SSA for beneficiaries that elect to withhold their premium
 - Provides collected beneficiary withheld premiums to the payment system
- Additional CMS Systems that support enrollment & payment processing:
 - Risk Adjustment System (RAS)
 - Calculates and provides beneficiary-level risk adjustment factors to support payment calculations in MARx

Introduction (continued)

- Health Plan Management System (HPMS)
 - Provides the approved Plan-level data to MARx used in enrollment and payment decisions
- Retiree Drug Subsidy System (RDS)
 - Contains beneficiaries that are enrolled in an employer plan that is receiving a subsidy for their retirees
- Automated Plan Payment System (APPS)
 - Calculates Plan-level payments to the Plans

Plan Inputs to CMS

MBD inputs:

- Eligibility Query
- Primary Payer Data (4 Rx fields)

MARx inputs:

- Connect:Direct Users -
[User_ID].@BGD5050.TRANSFER.DATA
- GENTRAN Mailbox Users –
[GUID].[RACFID].MARX.D.[5-character Contract #].FUTURE.P
- Enrollment (code 60 & 61)

Plan Inputs to CMS (continued)

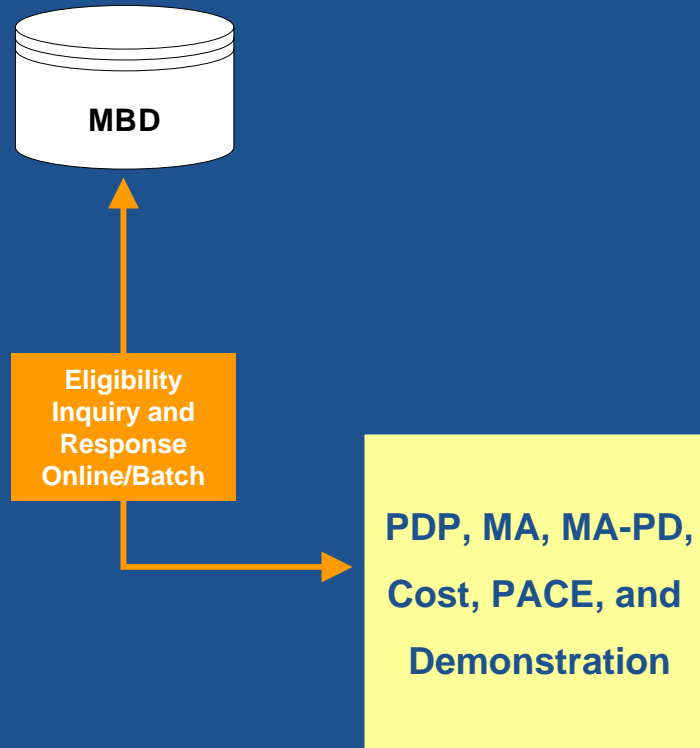

- Disenrollment (code 51)
- Correction (code 01)
- PBP Change (code 71)
- Plan Change (code 72)

Enrollment Process

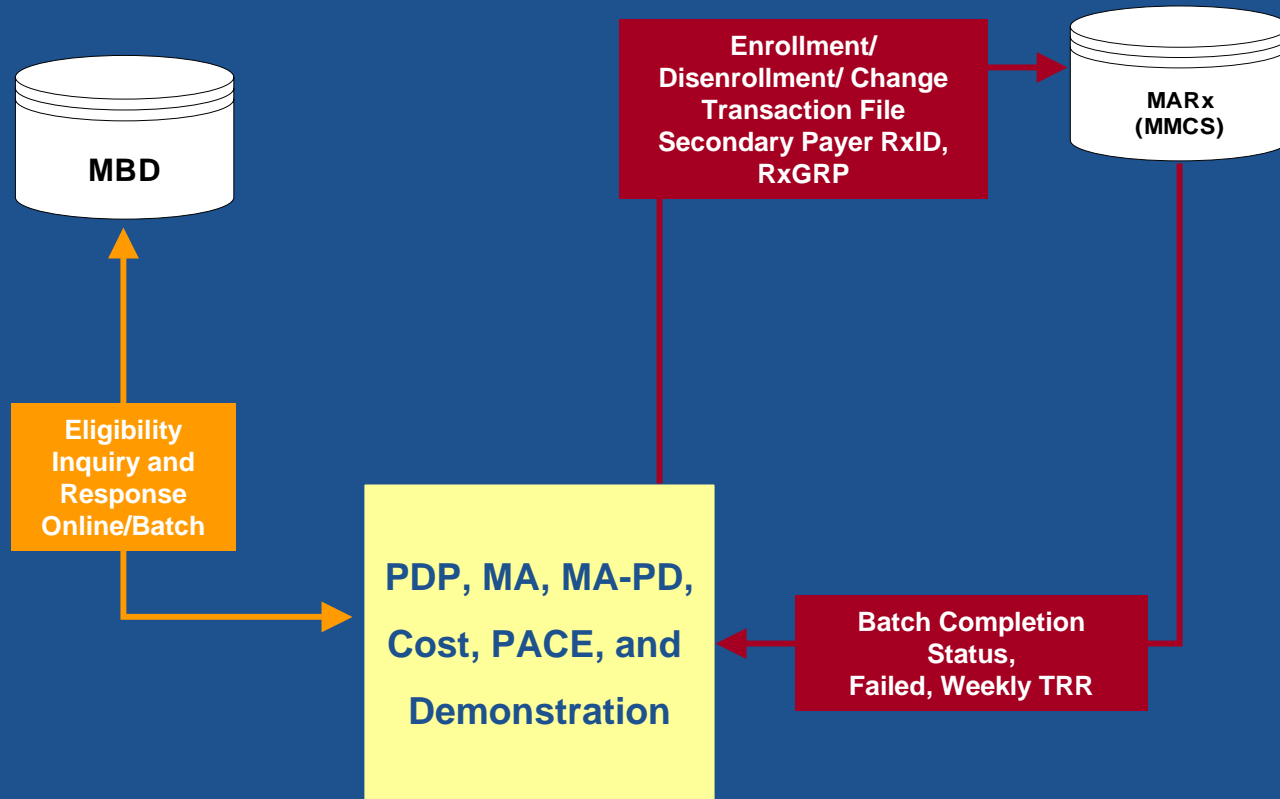

Send Enrollment data EARLY & OFTEN!

- Check Eligibility & Receive Response
- Submit Enrollment Transaction with premium data, and secondary insurance data for Part D
- Receive Batch Completion Summary, Failed file, & Weekly Transaction Reply
- Weekly TRR contains details on premium data, low income subsidy
- Upon accepted Enrollment, submit Primary Payer data
- Receive Monthly Reports after payment approval

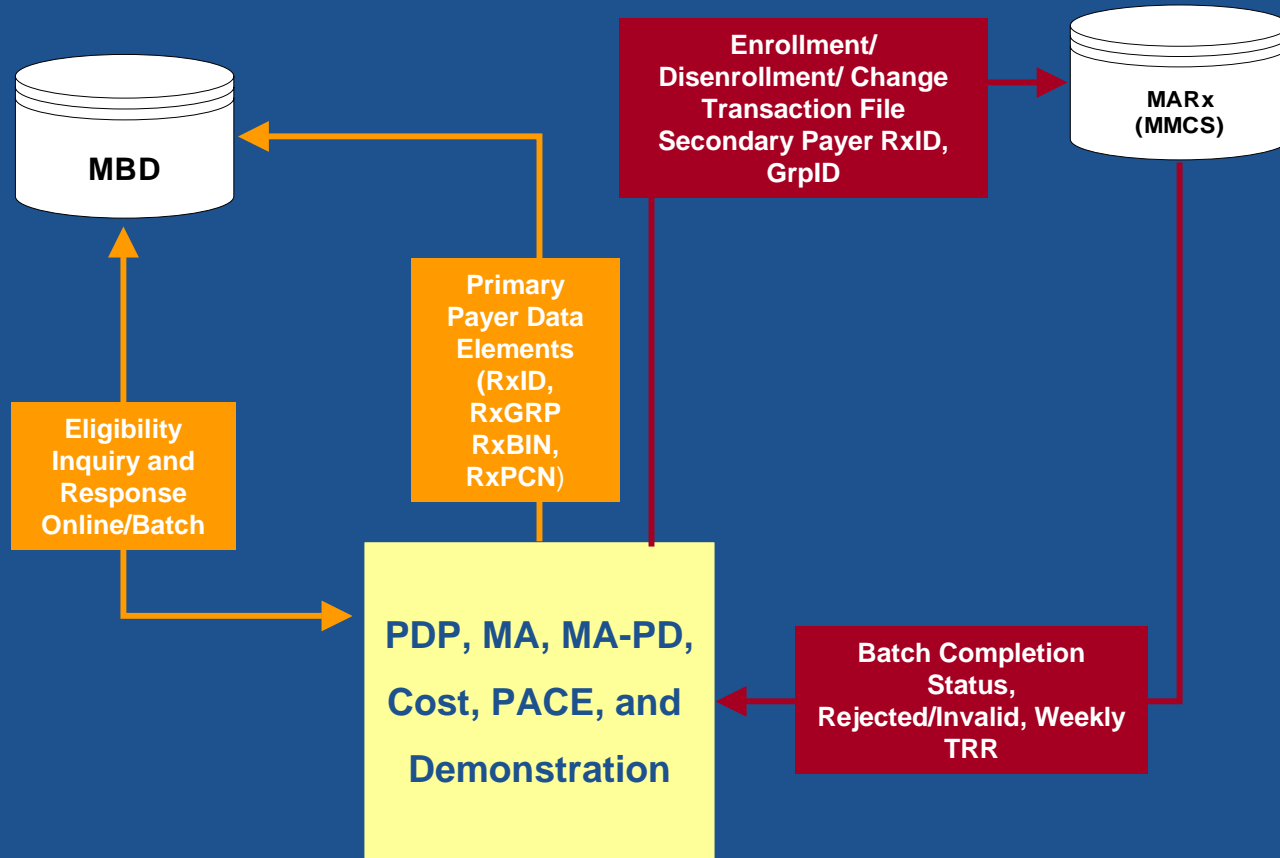

Step 1: Check Eligibility

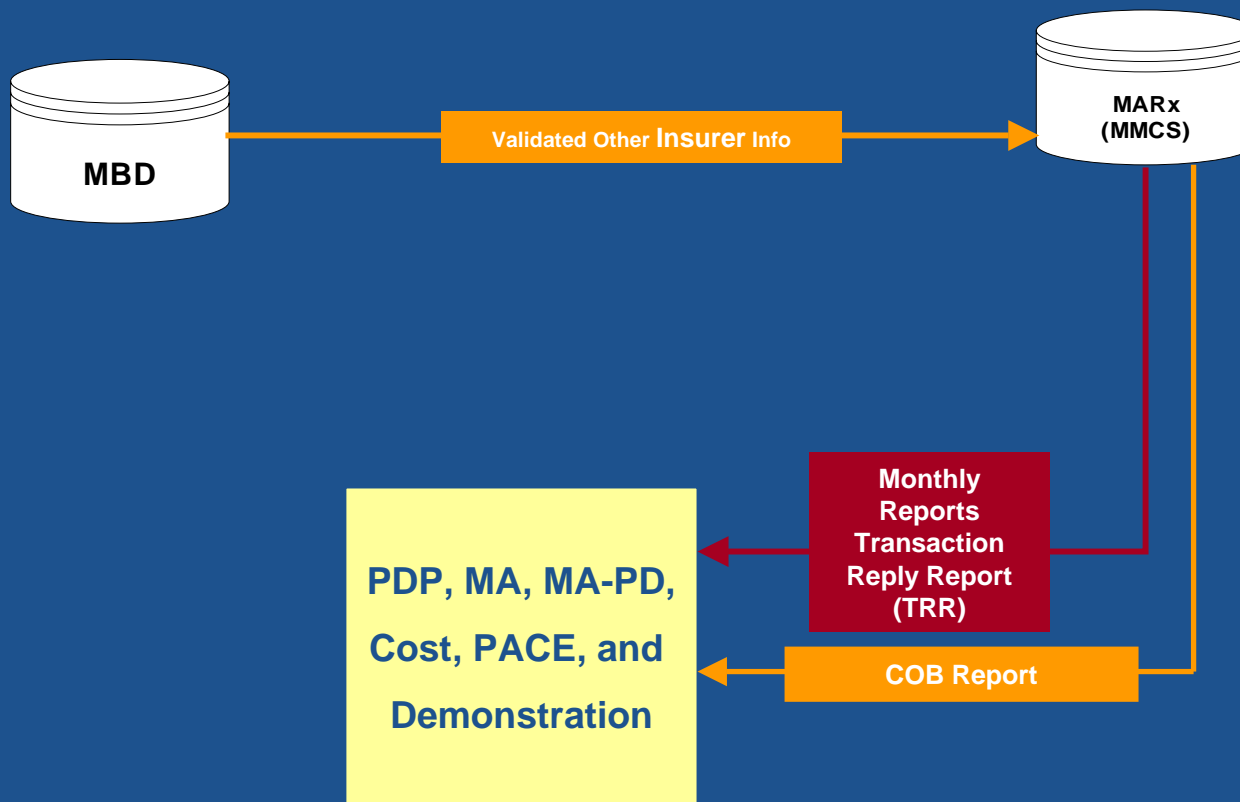

Step 2: Submit Enrollment Transaction

Step 3: Submit Primary Payer Data

Step 4: Receive COB Report & Monthly Reports

Payments

- MARx calculates beneficiary-level payments for:
 - Part A & Part B for MA, MA-PD, Cost, HCPP, PACE, and Demonstration plans
 - Part D for PDP, MA-PD, PACE & where applicable, Cost and Demonstration plans
 - Low-income premium subsidies are included in Part D payments
- Provides summarized contract-level, PBP-level and segment-level payments to APPS

Payments (continued)

- Calculates late enrollment penalty
- MARx provides Enrollment and Premium Data to PWS to send to SSA
- PWS obtains actual premium amounts withheld by SSA to send to APPS
