Office of Information Services

Medicare Advantage Prescription Drug Plans

August 30 – September 1, 2005

Testing – What?

- Initial Phase – Ensure Connectivity
- Phase 1 Test Checklist for
  - SFTP
  - HTTPS
  - Connect:Direct
- Subsequent Phase
  - Priority is Enrollment
  - 4Rx
  - COB
  - Payment
  - TrOOP Facilitator Testing (discussed later)

Testing MARx Enrollment

- Email your organization's key testing contact information to mmahelp@cms.hhs.gov by September 12th, include
    - Name(s)
    - Phone #s
    - Email

- If using contracted entity to perform enrollment function, email mmahelp@cms.hhs.gov and indicate the entity your organization is using to conduct enrollments with MARx. Also include all Contract/Plan numbers (H, S, R…)

Testing – How?

- Define scope of testing activities with select group of test candidates to validate test methodology, test cases, and test data
  - Almost complete
- Move to a larger pool of external testing partners with a set of controlled test data, test cases, and structured process
  - Selection process underway
- Conduct ETE test with every plan
  - Schedule TBD
- More specific testing activities information will be forthcoming via User Group Calls and ListServ
