Variable	Col	Len	Format	Frequency	ComQues#	FacQues#	Variable Type & Label
----------	-----	-----	--------	-----------	----------	----------	-----------------------

This file provides general characteristics of the institutions, most of the information coming from the facility screener. Sometimes, more than one sample person resided in the same facility. In these cases the RIC 7 records are redundant (containing all of the same information), and differ only in the BASEID. There is one record for each sample person interviewed in a facility.
