<sup>1</sup>Includes Part B balance billing beneficiary liability.

NOTES: Total Medicare expenditures represent the sum of Medicare Program payments and the potential beneficiary liability for cost sharing for fee-for-service care. Payments and cost sharing for managed care are excluded. Estimates of cost-sharing liability beginning in 1999 are significantly higher than those reported for prior years due to improvements in the methodology used to calculate Part B cost sharing. A small amount of deductible payments can not be accounted for because of missing bills and truncating of cents. Data for earlier years have not been revised. Data are currently only available through calendar year 2000. Numbers may not add to totals because of rounding.
