NOTES: Percents may not add to 100 because of rounding. The methodology to compute the penetration rate was changed beginning with 2005 data and may yield results that are not exactly comparable to earlier years. The Medicare Advantage enrollment data includes all plan types except for Prescription Drug Plans, pilot Chronic Care plans, and Regional PPOs (RPPO). Special Needs Plans (SNP), Medicare Savings Accounts (MSAs), employer only plans, and employer/union direct contract PFFS plans are included in the analysis.
